- 3 The provision and prioritisation of alternative garage provision within the Harveyfields garage site shall be offered to the current occupants of the garage on the Woollard Street garage site as outlined within the letter dated 16 October 2017 from Mrs R Smith, Area Housing Manager (North), shall be undertaken prior to commencement of the development, unless otherwise agreed in writing by the Local Planning Authority.
- 4 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing. The development shall be implemented in accordance with such approved details.
- 5 No development shall take place until details of surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
- 6 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to an approved in writing by the Local Planning Authority. These works

shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.

- 7 A flood risk assessment and management and maintenance plan shall be submitted to and approved by the Local Planning Authority prior to commencement of development. The assessment shall include calculations of increased run-off and associated volume of storm detention using WinDes or other similar best practice tools. The approved measures shall be carried out prior to the substantial completion of the development and shall be adequately maintained in accordance with the management and maintenance plan.

- 8 No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition that follows]

- 9 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any

subsequent version or additional regulatory guidance.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]

- 10 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]
- 11 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.
- 12 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
- 13 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed in accordance with details which shall be submitted to and agreed in writing by the Local Planning Authority. The approved installed cleaning facilities shall be used to clean vehicles immediately before leaving the site.
- 14 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank

Holidays unless otherwise agreed in writing by the Local Planning Authority.

- 15 Prior to the first occupation of the development , the vehicle parking and turning areas as indicated on the approved plans shall be provided, hard surfaced, sealed and marked out. The parking and turning areas shall be retained in perpetuity for their intended purpose.
- 16 There shall be no discharge of surface water onto the highway.
- 17 No unbound material shall be used in the surface treatment of the vehicular access within 6 metres of the highway boundary.

APPLICATION No:	EPF/2569/17
SITE ADDRESS:	Netherkidders Laundry Lane Nazeing Essex EN9 2DY
PARISH:	Nazeing
WARD:	Lower Nazeing
DESCRIPTION OF PROPOSAL:	Outline application for agricultural workers dwelling, with all matters reserved.

http://planpub.eppingforestdc.gov.uk/NIM_websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=600142

REASON FOR REFUSAL

- 1 The proposal constitutes inappropriate development in the Green Belt which is, by definition harmful to the Green Belt and for which there are no very special circumstances to clearly outweigh the harm caused. In addition to the harm caused by reason of inappropriate development, it will also cause significant harm to its openness, in conflict with its fundamental purpose of keeping land permanently open. The proposal is therefore contrary to policies GB2A, GB7A and GB17A of the Adopted Local Plan and with paragraph 87 of the National Planning Policy Framework.
- 2 The site is at a high risk of flooding and no Flood Risk Assessment has been submitted by the applicant. The proposal has therefore failed to demonstrate that it could be implemented without being at substantial risk of flooding or causing an increased risk of flooding elsewhere in the floodplain. The proposal is therefore contrary to policies U2A and U2B of the Adopted Local Plan and with the objectives of the National Planning Policy Framework.
