PART B - ESSENTIAL INFORMATION

New Process for raising IT issues

1. Members should raise IT issues by contacting Member Contact via email at MemberContact@eppingforestdc.gov.uk. Minimum information required; a full detailed explanation of the symptoms, preference for contact details, an appropriate time for IT to contact, and any screenshots of the issues experienced (if appropriate).
2. Member Contact will raise the incident on behalf of the member with the ICT service desk by telephoning the ICT service desk on internal extension 4888 or external 01992564888.
3. The Service Desk member will create an incident on behalf of the Member, with the full details. Please note that there may be occasions when further information is required in order for the service desk to progress the ticket, In this instance the service desk will advise and support Member Contact and postpone the progress of the ticket until the appropriate information is provided.
4. IT will then accept ownership of the issue and create a ticket. During the lifecycle of the ticket there may be occasions where further information and collaboration is needed with the members directly, ICT will contact the member directly at the stipulated time on the appropriate number provided in the ticket. Updates on the Tickets will be emailed directly to the member reporting the issue.
5. In the event that IT have attempted to reach the member on 2 separate occasions and are unable to make contact the ticket will be resolved and escalated to MemberContact@eppingforestdc.gov.uk. Member Contact or the Member will then have 10 days to reach out to the service desk in order to re-open the ticket and resolve the issue.
6. Members are still able to raise tickets directly via the service desk by telephoning the ICT service desk on internal extension 4888 or external 01992564888.
