REASON FOR REFUSAL

- 1 It has not been demonstrated that the need to fell the tree is justified for arboricultural reasons and although it is recognised that the issues associated with the tree are inconvenient these alone are not sufficient to justify the significant loss of its visual and other amenity. The proposal is therefore contrary to policy LL9 of the Council's Adopted Local Plan and Alterations.

http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=563590

REASONS FOR REFUSAL

- 1 The proposed dwellings due to their excessive bulk and height in relation to adjacent properties, would be over prominent and out of keeping with the existing street scene and would detract from the character and amenity of the area contrary to policies CP2, CP7 and DBE1 of the Adopted Local Plan and Alterations.
- 2 The Proposed dwellings due to their excessive bulk and height and relationship with adjacent properties would have an overbearing impact on neighbouring residents causing excessive harm to residential amenity contrary to policies DBE2 and DBE9 of the Adopted Local Plan and Alterations.

PROPOSED WAY FORWARD

Members considered that the principle of the development of 2 pairs of semi detached houses was acceptable but that the height and bulk of the houses proposed was excessive and overbearing. It was therefore suggested that the way forward would be to reduce the height and bulk of the buildings to be more in keeping with the existing railway cottages.

http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=563850

REASONS FOR REFUSAL

The presenting officer referred to two additional letters that had been received, one from 2A Kings Avenue raising objection and a further letter from 2 Kings Avenue reiterating the existing objection and raising concern that the amended proposal is larger and more overbearing and has a greater visual impact.

- 1 The extract flue, due to its size, position in relation to adjacent residential properties and its external finish, is excessively prominent and visually intrusive resulting in excessive harm to the residential amenity of neighbours contrary to Policy DBE9 of the adopted Local Plan and Alterations.

PROPOSED WAY FORWARD

Members considered that the way forward would be to make the proposed flue less visually imposing and unattractive , by for instance altering its size, configuration and external finish.

Report Item No: 13

APPLICATION No:	EPF/1248/14
SITE ADDRESS:	18 Stradbroke Grove Buckhurst Hill Essex IG9 7LL
PARISH:	Buckhurst Hill
WARD:	Buckhurst Hill West
DESCRIPTION OF PROPOSAL:	Part one and part two storey rear extension, first floor side extension, and enlargement of roof with rear second floor dormer window.
DECISION:	Refuse Permission

http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=563851

Members considered the proposal but felt that the bulk scale and massing of the proposed rear extension at both ground and first floor was unacceptable particularly with regard to the impact on the amenity of neighbours. They were also concerned about the proposed side doorway which would cause some loss of privacy to the kitchen area of number 16 Stradbroke Grove.

REASONS FOR REFUSAL

- 1 The proposed rear extension due to its bulk and massing would be overbearing when viewed from neighbouring properties and cause excessive harm to residential amenity contrary to policy DBE9 of the adopted Local Plan and Alterations.

PROPOSED WAY FORWARD

Members considered whether there was a way forward and advised that a reduction in the depth of the rear extension at ground and first floor would be more likely to be acceptable and also suggested that the issue of overlooking from the proposed ground floor doorway should be addressed.
