<b>APPLICATION No:</b>	EPF/0513/14
<b>SITE ADDRESS:</b>	Buckhurst Hill Baptist Church Palmerston Road Buckhurst Hill Essex IG9 5LW
<b>PARISH:</b>	Buckhurst Hill
<b>WARD:</b>	Buckhurst Hill West
<b>DESCRIPTION OF PROPOSAL:</b>	TPO/EPF/60/10; Oak - Fell.
<b>DECISION:</b>	Refused Permission

[http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=560793](http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=560793)

**REASONS FOR REFUSAL**

- 1 The information submitted to support the proposal demonstrates neither that the oak's removal is necessary nor that it is justified. Therefore the application fails to satisfy the relevant policy LL9 of the adopted Local Plan and Alterations.
- 2 The submitted evidence fails to establish either a clear benefit from the proposed felling to the structural integrity of the church, nor that the damage is incapable of being adequately managed or resolved with the oak present. The lack of evidence is particularly unsatisfactory having consideration to the oak's excellent form, condition and growth potential; its important location in the street scene, contribution to the setting of the church buildings, including the prominent new extension and the difficulty of establishing adequate replacement on the Palmerston Road frontage within any reasonable timescale.

**WAY FORWARD**

Members identified that a possible way forward was that the applicant should provide more complete information to establish either that there is a substantive engineering need to fell the oak tree, including discounting other potential causes and that proper consideration has been given to ways in which movement to the building may be managed while retaining the tree's considerable public amenity.

<b>APPLICANT:</b>	Constable Homes
<b>DESCRIPTION OF PROPOSAL:</b>	The redevelopment of a disused car park to provide 350sqm of A1 retail space with six C3 residential apartments above with car parking and associated landscaping
<b>DECISION:</b>	Refused Permission

**REASONS FOR REFUSAL**

- 1 The proposed development, by reason of its poor layout, fails to make adequate off-street parking provision for customers of the proposed store and fails to provide sufficient space for the safe manoeuvring of heavy goods vehicles making deliveries to the store. As a consequence the parking area would not be convenient to use for its intended users. Accordingly, it is contrary to policies DBE6(i) and ST6 of the adopted Local Plan and Alterations and the policies of the National Planning Policy Framework, particularly paragraph 40 of the Framework.
- 2 The proposed development, by reason of its excessive height bulk and massing, would be harmful to the appearance of the street scene and, as a consequence, be harmful to the character and appearance of the locality. Accordingly, it is contrary to policies CP2(iv), CP7 and DBE1 of the adopted local Plan and Alterations and the policies of the National Planning Policy Framework, particularly paragraph 64 of the Framework.

**WAY FORWARD**

revised plans with a lower form of built form, more parking and better delivery vehicle servicing arrangements.

<b>SITE ADDRESS:</b>	126 High Road Loughton Essex IG10 4BE
<b>PARISH:</b>	Loughton
<b>WARD:</b>	Loughton Forest
<b>DESCRIPTION OF PROPOSAL:</b>	Retrospective application for continued use of premises as a night club - from former use as public house.
<b>DECISION:</b>	Refused Permission

[http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=561751](http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=561751)

**REASON FOR REFUSAL**

- 1 This night club premises is located close to a large number of residential properties. The use gives rise to persistent noise and disturbance from the activities of patrons leaving the club late at night and early in the morning, and it therefore significantly detracts from the amenity of residents in the locality. The proposal is thereby contrary to policy DBE9 of the adopted Local Plan and Alterations, and contrary to the National Planning Policy Framework.

**WAY FORWARD**

Members suggested that a possible way forward would be to enter into a Section 106 Agreement and Management Plan.

**REASONS FOR REFUSAL**

- 1 The proposed scheme, by reason of its location, design and bulk has an adverse impact on the character and appearance of the street scene in this area and is contrary to Policies DBE1 and 2 of the adopted local Plan and Alterations and the policies of the National Planning Policy Framework, particularly paragraph 64 of the Framework.
- 2 The scheme has seriously inadequate private amenity space for both the new dwelling and the existing dwelling and is contrary to Policies DBE8 of the adopted local Plan and Alterations and the policies of the National Planning Policy Framework, particularly paragraph 53 of the Framework.

**WAY FORWARD**

Members considered that there was no way forward as the site was too small and cramped for a new dwelling to be erected.

- 4 No development shall take place, including any ground works or demolition, until a Highway Construction Method Statement has been submitted to and approved in writing by the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for the following all clear of the highway:

- safe access into the site
  - the parking of vehicles of site operatives and visitors
  - loading and unloading of plant and materials
  - storage of plant and materials used in constructing the development
  - wheel and underbody washing facilities
- 5 Prior to first occupation of the development the width of the existing access at its junction with the highway shall not be less than 6 metres and shall be provided with an appropriate dropped kerb vehicular crossing of the footway.
- 6 Prior to first occupation of the proposed development a Service Management Plan shall be submitted to and approved in writing by the Local Planning Authority, to include, but not limited to: delivery times, the size of delivery vehicles and the procedure for safe deliveries within the site. All deliveries for the site will then be undertaken in accordance with the approved plan unless otherwise agreed in writing by the Local Planning Authority.
- 7 Prior to first occupation of the proposed development details shall be submitted to and approved in writing by the Local Planning Authority for the upgrading of the two existing bus stops outside of Homebase, to Essex County Council specification, for the implementation of integral Real Time Passenger Information within each shelter.
- The approved details shall be implemented prior to first occupation.
- 8 Prior to commencement of the development details showing the means to prevent the discharge of surface water from the development onto the highway shall be submitted to and approved in writing by the Local Planning Authority. The approved scheme shall be carried out in its entirety prior to the access becoming operational and shall be retained at all times.
- 9 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 10 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:
1. The parking of vehicles of site operatives and visitors
  2. Loading and unloading of plant and materials
  3. Storage of plant and materials used in constructing the development
  4. The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate
  5. Measures to control the emission of dust and dirt during construction, including wheel washing.
  6. A scheme for recycling/disposing of waste resulting from demolition and construction works.
- 11 The retail use hereby permitted shall not be open to customers outside the hours of 0700 to 2300.

- 12 The parking area shown on the approved plan shall be provided prior to the first opening of the approved supermarket and shall be retained free of obstruction for the parking of customers and deliveries.
- 13 Prior to the first occupation of the retail use hereby approved, a Car Parking Management Plan shall be submitted to the Local Planning Authority for approval in writing. This shall include a 30 minute restriction on the time permitted for customers to park at the store. The car park shall operate in accordance with the approved details thereafter.
- 14 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to an approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 15 Prior to the first use of the building, the developer shall submit details of refuse storage and collection on site for approval in writing by the Local Planning Authority. The development shall be carried out and maintained thereafter in accordance with the approved particulars unless otherwise approved in writing by the Local Planning Authority.
- 16 A flood risk assessment and management and maintenance plan shall be submitted to and approved by the Local Planning Authority prior to commencement of development. The assessment shall include calculations of increased run-off and associated volume of storm detention using WinDes or other similar best practice tools. The approved measures shall be carried out prior to the substantial completion of the development and shall be adequately maintained in accordance with the management and maintenance plan.
- 17 No bonfires shall be permitted on site throughout the demolition and construction phase of the development.
- 18 The rating level of noise (as defined by BS4142:1997) emitted from the air conditioning and refrigeration plant shall not exceed 5dB(A) above the prevailing background noise level. The measurement position and assessment shall be made according to BS4142:1997.
- 19 No deliveries shall be taken at or despatched from the site outside the hours of

07.00-20.00 hours Monday - Saturday

08.00-20.00 hours Sunday/ Bank or other Public Holidays

- 20 The proposed use of this site has been identified as being particularly vulnerable if land contamination is present, despite no specific former potentially contaminating uses having been identified for this site.

Should any discoloured or odorous soils be encountered during development works or should any hazardous materials or significant quantities of non-soil forming materials be found, then all development works should be stopped, the Local Planning Authority contacted and a scheme to investigate the risks and / or the adoption of any required remedial measures be submitted to, agreed and approved in writing by the Local Planning Authority prior to the recommencement of development works.

Following the completion of development works and prior to the first occupation of the site, sufficient information must be submitted to demonstrate that any required remedial measures were satisfactorily implemented or confirmation provided that no unexpected contamination was encountered.

- 21 Signage shall not be erected without the written consent of the Local Planning Authority (who must consult the Essex County Council Listed Building Officer).
