Report Item No: 2

APPLICATION No:	EPF/2284/14
SITE ADDRESS:	2 Churchfields Loughton Essex IG10 1AG
PARISH:	Loughton
WARD:	Loughton St Marys
DESCRIPTION OF PROPOSAL:	Rear extensions to 2 houses being erected at site at 2 Churchfields, Loughton.
DECISION:	Grant Permission (with conditions)

http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=568712

CONDITIONS

- 1 Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 1995 as amended (or any other Order revoking, further amending or re-enacting that Order) no development generally permitted by virtue of Classes A & B of Part 1 of Schedule 2 to the Order shall be undertaken without the prior written permission of the Local Planning Authority.

Report Item No: 3

APPLICATION No:	EPF/2345/14
SITE ADDRESS:	71 - 73 Queens Road Buckhurst Hill Essex IG9 5BW
PARISH:	Buckhurst Hill
WARD:	Buckhurst Hill West
DESCRIPTION OF PROPOSAL:	Extension of existing building involving retention of existing A1 units at ground floor level together with the creation of 6 flats on upper floors and at rear.
DECISION:	Refuse Permission

Click on the link below to view related plans and documents for this case:

http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=569077

REASONS FOR REFUSAL

- 1 By reason of its bulk, design and rearward projection at first floor the proposed building would appear excessively over dominant in relation to the existing and neighbouring buildings. As a consequence the proposal would detract from the character and appearance of the locality, contrary to Local Plan and Alterations policies CP2(ix), CP7 and DBE1, which are consistent with the National Planning Policy Framework.
- 2 By reason of the rearward projection at first floor, and proximity to neighbouring gardens, the proposal would result in excessive overlooking of private gardens to the detriment of their privacy. As a consequence, the proposals would cause excessive harm to the living conditions of 2, 2A and 4 Kings Avenue, contrary to Local Plan and Alterations policy DB£9, which is consistent with the National Planning Policy Framework.

WAY FORWARD

Members found the proposal to be a poor design that would be harmful to the living conditions of neighbouring dwellings. They considered a way forward for the Applicant to be the development of a more sensitive proposal that better respected the character and appearance of the locality and the living conditions of neighbours.

Report Item No: 4

APPLICATION No:	EPF/2429/14
SITE ADDRESS:	20 Albion Hill Loughton Essex IG10 4RA
PARISH:	Loughton
WARD:	Loughton Forest
DESCRIPTION OF PROPOSAL:	Three new detached dwellings, part single, part two storey with green roofs and including new private access road off Albion Hill. Re-submission following withdrawal of EPF/0250/14
DECISION:	Refuse Permission

Click on the link below to view related plans and documents for this case:

http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=569551

REASONS FOR REFUSAL

- 1 By reason of its siting unrelated to the highway and amounting to backland development resulting in a loss of private garden, together with its design that is in sharp contrast to neighbouring dwellings, the proposal would fail to respect its setting and result in an unsympathetic change in the pattern of development. As a consequence it would cause excessive harm to the character and appearance of the locality, contrary to Local Plan and Alterations policies CP2(iv), CP7, DBE1 (i and ii) and DBE3 (v) which are consistent with the National Planning Policy Framework.
- 2 The proposed access arrangements for the development would be likely to result in excessive disturbance to the house at 20 Albion Hill from vehicle movements, contrary to Local Plan and Alterations policy DBE9, which is consistent with the National Planning Policy Framework.

Members considered the principle of the proposed development unacceptable in policy terms and consequently could not offer any way forward for the applicant.

The development shall be carried out only in accordance with the approved documents unless the Local Planning Authority gives its written consent to any variation.
- 8 All material excavated from the below ground works hereby approved shall be removed from the site unless otherwise agreed in writing by the Local Planning Authority.
- 9 No development shall take place until details of levels have been submitted to and approved by the Local Planning Authority showing cross-sections and elevations of the levels of the site prior to development and the proposed levels of all ground floor slabs of buildings, roadways and accessways and landscaped areas. The development shall be carried out in accordance with those approved details.
- 10 Prior to the commencement of works the developer shall provide details of the proposed floodlighting for the manège, namely the manufacturer's specification of the lighting to be used, the height and location of fixing, number of lights to be used, direction of lighting and amount/direction of overspill lighting. The details shall be approved in writing by the Local Planning Authority and the lighting shall be carried out in accordance with the approved details and maintained thereafter.
- 11 The floodlighting for the manège hereby approved shall be in use only until 21:00 daily unless otherwise agreed in writing by the Local Planning Authority.

- 12 Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 1995 as amended (or any other Order revoking, further amending or re-enacting that Order) no development generally permitted by virtue of Class A-E of Part 1 of Schedule 2 to the Order shall be undertaken without the prior written permission of the Local Planning Authority.
- 13 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 14 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:
1. The parking of vehicles of site operatives and visitors
 2. Loading and unloading of plant and materials
 3. Storage of plant and materials used in constructing the development
 4. The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate
 5. Measures to control the emission of dust and dirt during construction, including wheel washing.
 6. A scheme for recycling/disposing of waste resulting from demolition and construction works.
- 15 No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition that follows]
- 16 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be

conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]

- 17 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]
- 18 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.
- 19 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.

Design & Access Statement
- 3 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing. The development shall be implemented in accordance with such approved details.
- 4 Prior to first occupation of the development hereby approved, the proposed window opening in the north-eastern flank elevation shall be entirely fitted with obscured glass and have fixed frames to a height of 1.7 metres above the floor of the room in which the window is installed and shall be permanently retained in that condition.
- 5 No development, including works of demolition or site clearance, shall take place until a Tree Protection Plan Arboricultural Method Statement and site monitoring schedule in accordance with BS:5837:2012 (Trees in relation to design, demolition and construction - recommendations) has been submitted to the Local Planning Authority and approved in writing. The development shall be carried out only in accordance with the approved documents unless the Local Planning Authority gives its written consent to any variation.

- 6 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to an approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 7 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 8 A flood risk assessment and management and maintenance plan shall be submitted to and approved by the Local Planning Authority prior to commencement of development. The assessment shall include calculations of increased run-off and associated volume of storm detention using WinDes or other similar best practice tools. The approved measures shall be carried out prior to the substantial completion of the development and shall be adequately maintained in accordance with the management and maintenance plan.
- 9 An assessment of flood risk, focussing on surface water drainage, shall be submitted to and approved by the Local Planning Authority prior to commencement of the development. The assessment shall demonstrate compliance with the principles of Sustainable Drainage Systems (SuDS). The development shall be carried out and maintained in accordance with the approved details.
- 10 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
- 11 Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 1995 as amended (or any other Order revoking, further amending or re-enacting that Order) no development generally permitted by virtue of Classes A or B of Part 1 of Schedule 2 to the Order shall be undertaken without the prior written permission of the Local Planning Authority.

- 12 All material excavated from the below ground works hereby approved shall be removed from the site unless otherwise agreed in writing by the Local Planning Authority.
- 13 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed. The cleaning facilities shall be used to clean vehicles immediately before leaving the site.

REASONS FOR REFUSAL

- 1 By reason of its scale and cramped layout the proposal would appear as an uncharacteristically dense form of development in the locality to the detriment of its character and appearance. Accordingly the proposal is contrary to Local Plan and Alterations policies CP2(iv), CP7 and DBE(i), which are consistent with the National Planning Policy Framework.
- 2 The proposal fails to adhere to the adopted Parking Standards 2009, providing significantly less off-street parking than required, The lack of parking provision would be likely to lead to an excessive demand for on-street parking to the detriment of the amenities of the occupants of the development and existing houses at Monkchester Close. Accordingly, the proposal is contrary to local Plan and Alterations Policies CP7 and ST6, which are consistent with the National Planning Policy Framework.

WAY FORWARD

Members found the principle of redevelopment acceptable but considered the proposal to be an overdevelopment of the site. They considered a way forward for the Applicant to be a much reduced scheme of 6 dwellings served by at least 12 parking spaces.
