Properties subject to Empty Homes Premium

MANOR ROAD

The Laurels

In addition, over 2 years empty ...

- 19 Probate properties
- 20 Owner is in a care home or carer has moved out to look after someone
- 363 Second homes (guesstimate)

EMPTY PROPERTY STRATEGY

Aim:

To bring empty properties back into use and tackle those that are long term or are problematic.

We propose

- To offer advice, information and financial incentives to owners of properties at least 6 months empty.
- To reduce the time limit for eligibility for the Empty Homes Repayable Assistance to 6 months (from 1 year) via the Private Sector Financial Assistance Policy
- To promote financial assistance.

- To risk-assess all properties at least 2 years empty against criteria based on length of time empty; whether problematic and its location
- To risk-assess probate properties more than 2 years empty
- To actively pursue those properties with the highest risk score using enforcement if appropriate

- To pursue all empties causing issues to local residents or the environment
- To seek member approval for Compulsory Purchase or Empty Dwelling Management Orders or other enforcement action incurring cost to the council.
- To consider the possibility of the Council purchasing empty properties as part of it's requirement to replace each home sold under the Right to Buy.
