<b>APPLICATION No:</b>	EPF/2086/15
<b>SITE ADDRESS:</b>	Land adjacent to 2 Sparelease Hill Loughton Essex IG10 1BT
<b>PARISH:</b>	Loughton
<b>WARD:</b>	Loughton St Marys
<b>DESCRIPTION OF PROPOSAL:</b>	Proposed 4 bedroom detached house.
<b>DECISION:</b>	Refused Permission

[http://planpub.eppingforestdc.gov.uk/NIM\\_websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=578501](http://planpub.eppingforestdc.gov.uk/NIM_websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=578501)

### **Reasons for Refusal**

1. By reason of the relatively narrow width of the site and by reason of the proximity of the proposed house to the site boundaries the proposed development would appear uncharacteristically small scale within the street scene and cramped within the site. It would therefore appear as an unsympathetic contrast to the established pattern of development in the locality and consequently would be harmful to its character and appearance. Accordingly, the proposed development is contrary to Local Plan and Alterations policies CP2 (iv), CP7 and DBE1, which are consistent with the National Planning Policy Framework.
2. By reason of a cramped layout and extensive hard surfacing of the front garden area with substandard parking spaces, together with an unusual window design in the front elevation comprising of a window breaking the eaves, first floor patio windows and ground floor slit window with strong horizontal emphasis, the proposed house would have a poor detailed design that would appear incongruous. The poor design of the house would emphasise an unsympathetic contrast between the proposed development and neighbouring development causing further harm to the character and appearance of the locality. Accordingly, the proposed development is contrary to Local Plan and Alterations policies CP2 (iv), CP7, DBE1 and LL11, which are consistent with the National Planning Policy Framework.

### **Way forward:**

Members expect any development in Sparelease Hill to respect the character and appearance of the locality and were unclear as to how this could be achieved within the constraints of the application site.

- 3 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing. The development shall be implemented in accordance with such approved details.

- 4 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to an approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 5 No development, including works of demolition or site clearance, shall take place until a Tree Protection Plan Arboricultural Method Statement and site monitoring schedule in accordance with BS:5837:2012 (Trees in relation to design, demolition and construction - recommendations) has been submitted to the Local Planning Authority and approved in writing. The development shall be carried out only in accordance with the approved documents unless the Local Planning Authority gives its written consent to any variation.
- 6 Prior to first occupation of the development the vehicular access shall be constructed at right angles to the highway boundary and to the existing carriageway. The width of the access at its junction with the highway shall be not less than 5 metres and shall be provided with an appropriate dropped kerb vehicular crossing of the footway.
- 7 The parking area shown on the approved plan shall be provided prior to the first occupation of the development and shall be retained free of obstruction for the parking of residents (staff) and visitors vehicles.
- 8 Any gate provided at the vehicular access shall be inward opening only and shall be set back a minimum of 6 metres from the back edge of the carriageway.
- 9 Prior to first occupation of the proposed development, the developer shall be responsible for the provision and implementation of a Residential Travel Information Pack for sustainable transport, approved by Essex County Council.
- 10 The refuse storage facility shown on the approved plans shall be completed prior to the first occupation of the development and shall thereafter be retained free of obstruction and used for the storage of refuse and recycling only and for no other purpose, unless otherwise agreed in writing by the Local Planning Authority.

- 11 No bonfire shall be permitted on site throughout the demolition and construction phase of the development.
- 12 A flood risk assessment and management and maintenance plan shall be submitted to and approved by the Local Planning Authority prior to commencement of development. The assessment shall include calculations of increased run-off and associated volume of storm detention using WinDes or other similar best practice tools. The approved measures shall be carried out prior to the substantial completion of the development and shall be adequately maintained in accordance with the management and maintenance plan.
- 13 No development, including works of demolition or site clearance, shall take place until a Tree Protection Plan Arboricultural Method Statement and site monitoring schedule in accordance with BS:5837:2012 (Trees in relation to design, demolition and construction - recommendations) has been submitted to the Local Planning Authority and approved in writing. The development shall be carried out only in accordance with the approved documents unless the Local Planning Authority gives its written consent to any variation.
- 14 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to an approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 15 No development, including works of demolition or site clearance, shall take place until driveway details have been submitted to the Local Planning Authority and approved in writing. These shall consist of an above ground, no dig construction with a porous finish and included an Arboricultural supervision timetable. The development shall be carried out only in accordance with the approved documents unless the Local Planning Authority gives its written consent to any variation.
- 16 No trenches or pipe runs for services and drains required to service the development hereby approved shall be cut or laid otherwise than in accordance with BS5837:2012 (Trees in relation to design, demolition and construction (Recommendations)), except with the approval of the local planning authority.

- 17 No development shall take place until details of surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
  
- 18 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.

**Reason for Refusal**

- 1 By reason of its width within the site, proximity to the site boundary with 23 Priory Road and simple detailed design in contrast with the interest and variety of neighbouring dwellings, the proposed houses would appear somewhat cramped and as an unsympathetic contrast to the established pattern of development in the locality. As a consequence they would cause harm to the character and appearance of the locality contrary to Local Plan and Alterations policies CP2 (iv), CP7 and DBE1, which are consistent with the National Planning Policy Framework.

*Way forward:*

Members considered a development of reduced bulk that better complemented the detailed design of neighbouring dwellings is more likely to be acceptable. They considered that would be more likely to be achieved in the form of a single house but were open to the possibility of a two house scheme being designed to address their concerns.

- 2 Materials to be used for the external finishes of the proposed development shall match those of the existing house, unless otherwise agreed in writing by the Local Planning Authority.
- 3 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended (or any other Order revoking, further amending or re-enacting that Order) no window or other opening shall be created in the northern or the southern flank elevations of the house without the prior written permission of the Local Planning Authority.
- 4 No development, including site clearance, shall take place until a scheme of soft landscaping and a statement of the methods, including a timetable, for its Implementation (linked to the development schedule), have been submitted to the Local Planning Authority and approved in writing. The landscape scheme shall be carried out in accordance with the approved details and the agreed timetable. If any plant dies, becomes diseased or fails to thrive within a period of 5 years from the date of planting, or is removed, uprooted or destroyed, it must be replaced by another plant of the same kind and size and at the same place, unless the Local Planning Authority agrees to a variation beforehand in writing.

- 5 Concurrently with the creation of the terrace as shown on approved drawing 6069-05 a screen to visibility 1.7m in height as measured from the surface of the terrace shall be erected on the southern edge of the terrace as shown on approved drawing 6069-07. 6 No services shall be installed within the calculated root protection area of the oak (T1 of Tree Preservation Order TPO/EPF/14/89) unless the Local Planning Authority gives its prior written approval.

7 The proposed use of this site has been identified as being particularly vulnerable if land contamination is present, despite no specific former potentially contaminating uses having been identified for this site.

Should any discoloured or odorous soils be encountered during development works or should any hazardous materials or significant quantities of non-soil forming materials be found, then all development works should be stopped, the Local Planning Authority contacted and a scheme to investigate the risks and / or the adoption of any required remedial measures be submitted to, agreed and approved in writing by the Local Planning Authority prior to the recommencement of development works.

Following the completion of development works and prior to the first occupation of the site, sufficient information must be submitted to demonstrate that any required remedial measures were satisfactorily implemented or confirmation provided that no unexpected contamination was encountered.

8 No development shall have taken place until samples of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority in writing prior to the commencement of the development. The development shall be implemented in accordance with such approved details. For the purposes of this condition, the samples shall only be made available for inspection by the Local Planning Authority at the planning application site itself.

- 9 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended (or any other Order revoking, further amending or re-enacting that Order) no extensions, roof enlargements, rooflights and outbuildings larger than 10 cubic metres generally permitted by virtue of Classes A, B, C or E of Part 1 of Schedule 2 to the Order shall be undertaken without the prior written permission of the Local Planning Authority.
  
- 10 No development shall take place until details of surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
