

Report Item No: 1

APPLICATION No:	EPF/0206/16
SITE ADDRESS:	10 Bridge Hill Epping Essex CM16 4ER
PARISH:	Epping
WARD:	Epping Hemnall
DESCRIPTION OF PROPOSAL:	Retrospective planning for a single storey and part second storey rear extension, loft conversion with rear dormer and internal alterations.
DECISION:	Refused Permission

http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=582155

Reasons

- 1 The proposed development due to the overall scale bulk and massing of the combined elements of the extensions will have a significantly adverse impact on the outlook and living conditions enjoyed by the occupants of number 8 Bridge Hill, contrary to the policy DBE9 of the adopted Local Plan and Alterations.

Way Forward

Members discussed the proposal including the elements that could be built under previous consents and or under permitted development, but considered that the overall impact of the proposal, including the depth and height of the single storey element and the two storey element, was excessive with regard to the living conditions of the attached neighbouring property.

Members discussed whether there was a way forward but considered that the only way forward would be to amend the scheme to match what had previously been approved.

Members requested that the matter be referred to Enforcement for action.

http://planpub.eppingforestdc.gov.uk/NIM_websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=583739

CONDITIONS

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing. The development shall be implemented in accordance with such approved details.
- 3 The development hereby permitted will be completed strictly in accordance with the approved drawings nos: Site Location Plan, DD2273-1 rev E, DD2273-0 rev B, DD2273-0 sht1 of 3 revB, dd2273-1 sht 3 of 4 rev E, DD2273-1 SHT 2 of 4 rev E, DD2273-1 1 of 4 rev E
- 4 Prior to first occupation of the development hereby approved, the proposed first floor window openings in the flank elevations shall be entirely fitted with obscured glass and have fixed frames to a height of 1.7 metres above the floor of the room in which the window is installed and shall be permanently retained in that condition.
- 5 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed in accordance with details which shall be submitted to and agreed in writing by the Local Planning Authority. The approved installed cleaning facilities shall be used to clean vehicles immediately before leaving the site.

- 6 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 7 No development shall take place until details of levels have been submitted to and approved by the Local Planning Authority showing cross-sections and elevations of the levels of the site prior to development and the proposed levels of all ground floor slabs of buildings, roadways and access ways and landscaped areas. The development shall be carried out in accordance with those approved details.
- 8 No development shall take place until details of surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
- 9 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to and approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 10 No development shall take place until details of the proposed surface materials for the driveway have been submitted to and approved in writing by the Local Planning Authority. The agreed surfacing shall be made of porous materials and retained thereafter or provision shall be made and retained thereafter to direct run-off water from the hard surface to a permeable or porous area or surface within the curtilage of the property. The agreed surface treatment shall be completed prior to the first occupation of the development or within 1 year of the substantial completion of the development hereby approved, whichever occurs first.
- 11 The proposed use of this site has been identified as being particularly vulnerable if land contamination is present, despite no specific former potentially contaminating uses having been identified for this site.

Should any discoloured or odorous soils be encountered during development works or should any hazardous materials or significant quantities of non-soil forming materials be found, then all development works should be stopped, the Local

Planning Authority contacted and a scheme to investigate the risks and / or the adoption of any required remedial measures be submitted to, agreed and approved in writing by the Local Planning Authority prior to the recommencement of development works.

Following the completion of development works and prior to the first occupation of the site, sufficient information must be submitted to demonstrate that any required remedial measures were satisfactorily implemented or confirmation provided that no unexpected contamination was encountered.

Report Item No: 4

APPLICATION No:	EPF/0983/16
SITE ADDRESS:	Saint Clements Vicarage Lane North Weald Bassett Epping Essex CM16 6AL
PARISH:	North Weald Bassett
WARD:	North Weald Bassett
DESCRIPTION OF PROPOSAL:	Timber framed office and store. (Revision to planning permission EPF/0269/14)
DECISION:	Refused

Reasons

- 1 The building is of excessive size and is inappropriate development in the Green Belt. No very special circumstances exist sufficient to outweigh the harm to the Green Belt and the development is therefore contrary to policy GB2A of the Adopted Local Plan and Alterations.
- 2 The building, due to it's size and design, is out of keeping and has an adverse impact on the setting of the Grade II listed building contrary to Policy HC12 of the Adopted Local Plan and Alteration.

Way Forward

Members discussed the proposal and were very concerned about the size and design of the building and its impact on the openness of the Green belt and the setting of the listed building.

They considered whether there was a way forward and concluded that if there was to be a building in this location it should be restricted to the approved cartlodge style building and that anything else was unlikely to be acceptable.

Members also requested that the matter be referred to Enforcement for Enforcement for action.

- 3 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing. The development shall be implemented in accordance with such approved details.

- 4 Prior to first occupation of the development hereby approved, the proposed window openings in the flank elevations shall be entirely fitted with obscured glass and have fixed frames to a height of 1.7 metres above the floor of the room in which the window is installed and shall be permanently retained in that condition.
- 5 No development shall take place until details of surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
- 6 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed in accordance with details which shall be submitted to and agreed in writing by the Local Planning Authority. The approved installed cleaning facilities shall be used to clean vehicles immediately before leaving the site.
- 7 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended (or any other Order revoking, further amending or re-enacting that Order) no development generally permitted by virtue of Class A or B of Part 1 of Schedule 2 to the Order shall be undertaken without the prior written permission of the Local Planning Authority.
- 8 The parking area shown on the approved plan shall be provided prior to the first occupation of the development and shall be retained free of obstruction for the parking of residents and visitors vehicles.
- 9 No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition that follows]
- 10 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The

report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]

- 11 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]
- 12 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.
- 13 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
- 14 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.

http://planpub.eppingforestdc.gov.uk/NIM_websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=584775

Reasons

- 1 The site is within the rural area and remote from any shops schools, services, and public transport facilities such that any occupants of the new dwelling will be heavily reliant on vehicular transport for their everyday trips. As such the development is not sustainable and is contrary to policies CP1, CP3, CP6 and ST1 of the Adopted Local Plan and Alterations.
- 2 The development due to the introduction of additional of gates and fences will have an adverse impact on the openness of the Green Belt contrary to policy GB2A of the adopted Local Plan and the NPPF.

Way Forward

Members considered that due to the unsustainable location of the development there was no way forward.
