**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
  
- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
  
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos: FLV\_: 100A, 101, 300A, 301A, 310 Rev B and 311 Rev B, FLV\_350
  
- 3 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing. The development shall be implemented in accordance with such approved details.
  
- 4 No development shall take place until details of foul and surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
  
- 5 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed in accordance with details which shall be submitted to and agreed in writing by the

Local Planning Authority. The approved installed cleaning facilities shall be used to clean vehicles immediately before leaving the site.

- 6 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended (or any other Order revoking, further amending or re-enacting that Order) no development generally permitted by virtue of Classes A and E of Part 1 of Schedule 2 to the Order shall be undertaken without the prior written permission of the Local Planning Authority.
- 7 The hard and soft landscaping scheme as agreed in writing by EPF/2731/16 of the original consent (EPF/2066/15) shall be carried out in accordance with these approved details.
- 8 The Tree protection scheme as agreed in writing by EPF/2731/16 of the original consent (EPF/2066/15) shall be carried out in accordance with these approved details.
- 9 The hard and soft landscaping scheme as agreed in writing by EPF/2275/16 of the original consent (EPF/2066/15) shall be carried out in accordance with these approved details.
- 10 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]
- 11 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme

must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]

- 12 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.
- 13 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
- 14 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 15 The public's rights and ease of passage over public bridleway no.6 High Ongar shall be maintained free and unobstructed at all times.
- 16 A flood risk assessment and management and maintenance plan shall be submitted to and approved by the Local Planning Authority prior to commencement of development. The assessment shall include calculations of increased run-off and associated volume of storm detention using WinDes or other similar best practice tools. The approved measures shall be carried out prior to the substantial completion of the development and shall be adequately maintained in accordance with the management and maintenance plan.
- 17 The habitat scheme as agreed in writing by EPF/2731/16 of the original consent (EPF/2066/15) shall be carried out in accordance with these approved details.
- 18 The buildings shown to be removed on drawing FLV\_350 shall be demolished and removed from the site within three months of the first occupation of any of the new dwellings on plots 1, 2 or 3.

**REASONS FOR REFUSAL**

- 1 The proposed development results in the loss of 18 garages and the introduction of 2 new dwellings with the provision of only 10 new parking spaces, and will significantly exacerbate the level of parking stress in an area where there is already excessive on street parking. As such the development is likely to be detrimental to highway safety and the character and amenity of the area contrary to policies ST4, ST6 and CP2 of the Adopted Local Plan and Alterations.

The presenting officer explained that a revised petition had been received, withdrawing the earlier petition and signed by 34 local residents which specifically does not support the provision of any additional houses and would welcome proposals to address parking and road problems.

Way Forward

The applicants were advised to seek ways of improving off street parking provision in the locality.

Members voted on the recommendation to Grant planning Permission and this was lost 2 votes to 3.

Members then considered possible reasons for refusal and it was proposed and seconded that the application be refused due to the scale and massing of the development and its adverse impact on the amenity of surrounding neighbours, and due to the excessive shortfall in proposed parking provision.

A vote was then taken on this and the result was 3 votes to 3.

4 members of the Committee then stood to exercise their right to refer the application to District Development Management Committee
