

## **Report to Area Plans Sub-Committee**

**Date of meeting: South – 31 May 2017**

**Epping Forest  
District Council**

**Subject: Probity in Planning – Appeal Decisions, 1 October 2016 to 31 March 2017**

**Officer contact for further information: Nigel Richardson (01992 564110).**

**Democratic Services Officer: Rebecca Perrin (01992 564243)**

### **Recommendation:**

**That the Planning Appeal Decisions be noted.**

### **Report Detail:**

#### **Background**

1. (Director of Governance) In compliance with the recommendation of the District Auditor, this report advises the decision-making committees of the results of all successful allowed appeals (i.e. particularly those refused by committee contrary to officer recommendation).
2. The purpose is to inform the committee of the consequences of their decisions in this respect and, in cases where the refusal is found to be unsupportable on planning grounds, an award of costs may be made against the Council.
3. Since 2011/12, there have been two local key performance indicators (KPI's) , one of which measures all planning application type appeals as a result of committee reversals of officer recommendations (GOV08) and the other which measures the performance of officer recommendations, which are in the main delegated decisions (GOV07).

#### **Performance**

4. Over the six-month period between 1 October 2016 and 31 March 2017, the Council received 54 decisions on appeals (51 of which were planning related appeals, the other 3 were enforcement related).
5. GOV07 and 08 measure planning application decisions taken at appeal and out of a combined total of 51, 16 were allowed (31%). Broken down further, GOV07 officer performance was 8 out of 40 allowed (20%) and GOV08 committee reversal performance was 8 out of 11 (73%) for the 6 month period.

#### **Planning Appeals**

6. Out of the planning appeals that arose from decisions of the committees to refuse contrary to the recommendation put to them by officers during the 6-month period, the Council was not successful in sustaining the committee's objection in the following 8 cases:

#### **COMMITTEE REVERSALS - APPEALS ALLOWED:**

**Costs**

9. During this period, there were three cases where costs have been paid by the Council regarding planning appeals.

10. Bridge House, Roding Road, Loughton - The appeal was against the refusal of planning permission made by Area Plan South (in this case, supporting the officers recommendation to refuse planning permission) for the demolition of existing house and erection of 3 two bedroom and 3 one bedroom flats in three storey block (EPF/1997/15). The Inspector concluded that the Council has acted unreasonably in that it had failed to provide evidence to substantiate their reasons for refusal at appeal in relation to identifying alternative sites less prone to flooding than this one, which is located in Flood Zone 2, and that they failed to follow the approach required in assessing the sequential test having regard to the National Planning Policy Framework, the PPG and the associated Environment Agency guidance in that it was not sufficient to compare this small site against much larger sites that were at least risk from flooding. Furthermore, the Inspector considered that the Council could have addressed a requirement for a Flood Risk Assessment through suitably worded planning conditions as recommended by the Council's Engineering, Drainage and Water Team and finally, the Council did not balance the issues against the Council's position in relation to lacking having a five year housing land supply. The Council paid the appellant £2,400.00, which given the issues, was a very reasonable sum in this case.

11. Field adjacent to Horse Shoe Farm, London Road, North Weald Bassett - Appeal was

against the refusal of planning permission for a steel portal framed agricultural sprayer cover and chemical store lean-to off one end (EPF/2716/15). Area Plans East refused planning permission because of the lack of agricultural justification for the need for the building in the Green Belt, following a late representation from Natural England and secondly, because of its excessive size and visual impact. The Planning Inspector considered that this was not substantiated because the applicant had provided sufficient evidence for its need and the late representation was not objecting to the necessity of the building. There were also other features and developments in the landscape that help merge the development into its surroundings. A cost settlement of £4,629.41 has been agreed.

12. 10 Bridge Hill, Epping - Appeal against the refusal of planning permission for single storey and part two storey rear extension, loft conversion with a rear dormer (EPF/0206/16). Having regard to the planning committee minutes, the Planning Inspector considered there was little evidence within them that expanded on the reasons for refusal set out within the Council's decision notice to allow a full understanding of the matters that resulted in the planning application being refused. Consequently, the Council has not demonstrated with any clear evidence why it considers that the combined elements of the proposal, in light of what has previously been consented, would be harmful to the living conditions of an immediate neighbour, contrary to the views of the Planning Officer. A cost was settled on £2,000.00 to the appellant.

## **Conclusions**

13. Performance in defending appeals at 31% appears high, but there is no national comparison of authority performance. Members and Officers are reminded that in refusing planning permission there needs to be justified reasons that in each case must be not only relevant and necessary, but also sound and defensible so as to avoid paying costs.

14. Whilst there is clearly pressure on Members to refuse in cases where there are objections from local residents, these views (and only when they are related to the planning issues of the case) are one of a number of relevant issues to balance out in order to understand the merits of the particular development being applied for and as can be seen in paras. 10 -12 above, there can be costs against the Council where they are considered to have behaved unreasonably.

15. Finally, appended to this report are the appeal decision letters, which are the result of Members reversing the planning officer's recommendation (and therefore refusing planning permission) at planning committees, 8 of which were allowed and 3 which were dismissed and therefore refused planning permission. Only those appeals relevant to the relevant Area Plans Sub-Committee are attached.

16. A full list of appeal decisions over this six month period appears below.
