(Interim Transformation Manager) To consider the attached report.

8. ANY OTHER BUSINESS

Section 100B(4)(b) of the Local Government Act 1972, requires that the permission of

the Chairman be obtained, after prior notice to the Chief Executive, before urgent business not specified in the agenda (including a supplementary agenda of which the statutory period of notice has been given) may be transacted.

9. EXCLUSION OF PUBLIC AND PRESS

Exclusion: To consider whether, under Section 100(A)(4) of the Local Government Act 1972, the public and press should be excluded from the meeting for the items of business set out below on grounds that they will involve the likely disclosure of exempt information as defined in the following paragraph(s) of Part 1 of Schedule 12A of the Act (as amended) or are confidential under Section 100(A)(2):

Agenda Item No	Subject	Exempt Information Paragraph Number
Nil	Nil	Nil

The Local Government (Access to Information) (Variation) Order 2006, which came into effect on 1 March 2006, requires the Council to consider whether maintaining the exemption listed above outweighs the potential public interest in disclosing the information. Any member who considers that this test should be applied to any currently exempted matter on this agenda should contact the proper officer at least 24 hours prior to the meeting.

Background Papers: Article 17 - Access to Information, Procedure Rules of the Constitution define background papers as being documents relating to the subject matter of the report which in the Proper Officer's opinion:

- (a) disclose any facts or matters on which the report or an important part of the report is based; and
- (b) have been relied on to a material extent in preparing the report and does not include published works or those which disclose exempt or confidential information and in respect of executive reports, the advice of any political advisor.

The Council will make available for public inspection for four years after the date of the meeting one copy of each of the documents on the list of background papers.

Report to Finance and Performance Management Cabinet Committee

**Epping Forest
District Council**

Report reference: FPM-001-2019/20

Date of meeting: 20 June 2019

Portfolio: Leader of the Council

Subject: Corporate Plan 2018-2023 –
Performance Report Q4 2018/19

**Officer contact for further
information:** Monika Chwiedz (01992 562076)

Democratic Services Officer: Rebecca Perrin (01992 564532)

Recommendations/Decisions Required:

- (1) That the Committee review the outturn position for Quarter 4 2018/19, in relation to the achievement of the Corporate Plan for 2018-2023;**
- (2) That the Committee identifies any actions and/or projects, performance indicators and/or benefits, which require in-depth scrutiny or further report on performance.**

Executive Summary:

The Corporate Plan 2018-2023 is the authority's key strategic planning document. The Plan lays out the journey the Council will take to transform the organisation to be 'Ready for the Future'. The plan links the key external drivers influencing Council services, with a set of corporate aims and objectives, grouped under three corporate ambitions.

A Corporate Specification for each year (previously called the Key Action Plan) details how the Corporate Plan is being delivered through operational objectives, with these in turn linked to annual Service business plans.

The success of the Corporate Plan is assessed through the achievement of a set of benefits, each measured through one or more performance indicator, focussed on what the Council achieves for customers. Strategic Board, Cabinet and the Scrutiny Committees have overview and scrutiny roles to drive improvement in performance and ensure corrective action is taken where necessary.

Reasons for Proposed Decisions:

This combined report brings together the performance of the Council against the Corporate Plan and gives 'clear line of sight' for performance across the Council via the new benefits maps and performance indicator set. The benefits maps provide an opportunity for the Council to focus attention on how specific areas for improvement will be addressed, and how opportunities will be exploited and better outcomes delivered. It is important that relevant performance management processes are in place to review and monitor performance against performance indicators to ensure their continued achievability and relevance, and to identify proposals for appropriate

corrective action in areas of slippage or under performance.

Other Options for Action:

No other options are appropriate in this respect. Failure to monitor and review performance and to consider corrective action where necessary could have negative implications for judgements made about the Council's progress and might mean that opportunities for improvement are lost.

Report:

The Corporate Plan – Context, Aims and Objectives

1. The Corporate Plan is the Council's highest level strategic document. It sets the strategic direction and priorities for the organisation for the lifetime of the plan and provides a framework to demonstrate how the work of the Council fits together at a strategic level.
2. The new Corporate Plan runs from financial year 2018/19 to 2022/23 and was adopted by full Council on 21 December 2017. This plan links the key external drivers influencing Council services, with a set of corporate aims and objectives, grouped under three corporate ambitions. The Corporate Plan is the cornerstone of the Council's performance management framework, called its Benefits Management Strategy. The Corporate Plan also provides the policy foundation for the Council's Medium Term Financial Strategy (MTFS) and is essential for the prioritisation of resources to provide public services and value for money.
3. The Council's external drivers have been identified by Cabinet Members and the Council's Management Board and Leadership Team, for the next five years. They have been further refined through consultation and linked with a set of three interdependent corporate ambitions:
 - Stronger Communities;
 - Stronger Place; and
 - Stronger Council.
4. Each ambition has a set of corporate aims, which are in turn detailed by one or more corporate objective.
5. An annual Corporate Specification details how the Corporate Plan will be delivered through a set of operational objectives for that year. In turn, these operational objectives are responded to through annual Service business plans.
6. The previous regular performance reports covering the annual Corporate Plan Key Action Plan, Key Performance Indicators and Transformation Highlight Report have now been superseded by this single integrated performance report.

Benefits Realisation

7. The Corporate Plan can be viewed as a set of benefits maps – one map for each of the ten corporate aims. The content of these maps is by necessity more technical than is presented in the public document.
8. An explanation of these benefits maps is provided in this section of the report.

9. All benefits from individual corporate objectives, connect back to four key benefits, which are as follows:

- K1 Improved customer value – recognising what customers’ value about our services and placing them as the heart of everything we do;
- K2 Increased efficiency – focussing on our speed of delivery and getting things right first time;
- K3 Increased agility – reducing red tape, simplifying how we work through joined up services; and
- K4 Increased savings and income – delivery of resource savings and income generation, to keep Council Tax low.

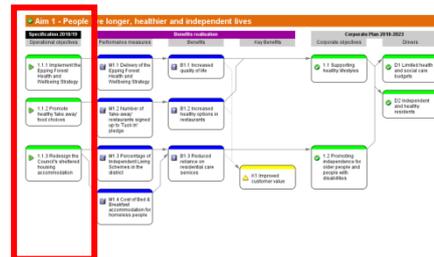

10. In this context, a benefit is defined as: the measurable improvement resulting from an outcome perceived as an advantage by a stakeholder, which contributes towards one or more organisational objectives.

11. Please note that when the benefits maps are created, best practice is to start from the right-hand side and work towards the left, i.e. start with the needs of our customers or the end in mind, and work back to the solutions on the left-hand side. When the organisation delivers services, it starts on the left-hand side and works over to the right, i.e. the delivery goes from left to right.

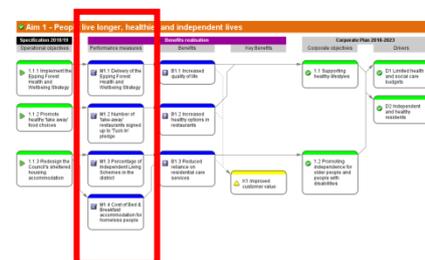

How to Read the Performance Report

12. The Report works through each Corporate Aim in turn, starting with the headline benefits map, followed by detailed lists of the elements from the map, working from left to right: (a) operational objectives, (b) projects and programmes, and (c) performance indicators.

Working from the left hand side of the benefits maps (see example), the first column contains the annual Specification – formally the Key Action Plan – as a set of operational objectives covering both Businesses As Usual (BAU) and business transformation (projects and programmes).

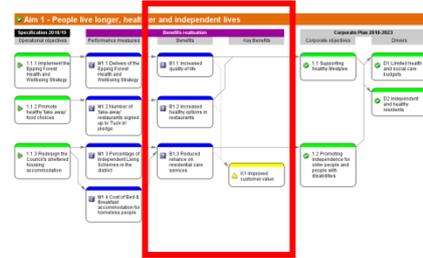

13. The next column of the benefits maps covers the measurement of performance through a set of Performance Indicators (PIs).

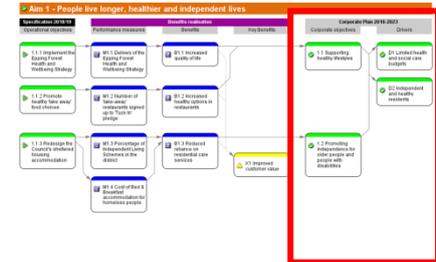

14. The benefits for stakeholders sit at the centre of the benefits maps. One or more performance measures makes up each (intermediate) benefit. Individual performance measures may contribute to one or more benefit. Where this is the case, weightings that show how the performance of these indicators 'roll-up' is given. Similarly, an individual indicator may contribute to the realisation of one or more benefits.

In turn, each (intermediate) benefit contributes to one or more of the four key benefits.

15. The right hand side of the benefits maps shows the corporate aims and objectives and the environmental factors which drive them. The progress of Actions and Benefits are combined to indicate the 'rolled-up' status of the Corporate Objectives and their respective Drivers.

16. In addition, each performance indicator has been identified as either 'Corporate (C)' or 'Partnership (P)', to show whether there are factors outside of the Council's control which impact on the indicator.

Red-Amber-Green Status, Targets and Thresholds

17. Individual elements are colour coded using the Red, Amber, Green status indicators – often abbreviated to RAG – to highlight exceptions that may require attention. This enables Members and officers to efficiently focus on areas where performance may be below target, and where remedial actions or further scrutiny may be required. By following the links left-to-right on the benefits maps – between projects / actions, indicators, benefits and objectives – the maps also show the likely cause (to the left) or impact (to the right) of any underperformance.

18. Where appropriate, each individual performance indicator has a target for the Corporate Plan period. This will be profiled across the five years of the plan, and could be a flat line, cumulative, ramp-up or tail-off in shape. In addition, where appropriate each individual performance indicator has an amber threshold tolerance. Between the target and the amber tolerance, performance would be reported as Amber, beyond this threshold, performance would be reported as Red.

19. The key to the icons used on the benefits maps is as follows:

	Green	Indicates an element that is on target or has been completed
	Green	Indicates an action that is in progress or is assigned
	Amber	Indicates: <ul style="list-style-type: none"> Performance Indicator (or Risk) that is neither red nor green; or An Action that is unassigned, i.e. it doesn't have an owner
	Red	Indicates: <ul style="list-style-type: none"> A Performance Indicator below target, or An overdue Action based on the deadline date, or A Risk with a high rating
	Blue	Indicates that there is data missing and Pentana Performance is unable to make a calculation for that Performance Indicator, therefore it will not show one of the other traffic light icons

20. The scrutiny committee that owns each element for scrutiny purposes is indicated by the following acronyms:

O&S	Overview and Scrutiny Committee
CSC	Communities Select Committee
GSC	Governance Select Committee
NSC	Neighbourhoods Select Committee
RSC	Resources Select Committee

21. The progress of performance is reviewed by Strategic Board, the Finance and Performance Management Cabinet Committee and Cabinet at the conclusion of each quarter. Service Directors review performance with the relevant portfolio holder(s) on an ongoing basis throughout the year. Select Committees are each responsible for the scrutiny of quarterly performance within their areas of responsibility.

Performance Report

22. The Committee is requested to review the performance outturn position against the benefits maps, in relation to the achievement of the Corporate Plan for 2018-2023.

23. The Committee is requested to identify any actions and/or projects, performance indicators and/or benefits, which require in-depth scrutiny or further report on performance.

	Q4 - The next Tuck IN evaluation workshop is planned for 14th May. The outcome of the workshop will be reported on Pentana.
	Q3 - The evaluation of TUCK IN which was due to report back in December is now due in February. The outcome of that could influence our proposed work in Waltham Abbey. A meeting with the CCG NHS Public Health Neighbourhoods group in W/Abbey took place and they are supportive of the link between EFDC and them pointing patients on weight loss programmes to 'healthy takeaways' they have offered to promote via their communications team also. We will still be targeting Waltham Abbey this month to get some businesses signed up. JJ's a commercial food supplier is now listing foods which caterers can buy which fit with TUCK IN objectives, so we will be highlighting this to businesses we visit over the next few weeks.
	Q2 - TUCK IN group have funded an evaluation of the project. Objectives of evaluation, - Identify blocks/restrictions hampering LA involvement and activities to engage businesses, what are they finding as common concerns from businesses about signing up - Businesses that are signed up; What were their main concerns about signing up, have they benefitted; what further support do they need to promote TUCK IN and healthier options. Evaluation to be undertaken at EFDC on 31st October, findings fed back in project report to TUCK IN group.
	Q1 - 2 Premises signed up: Anchor Fish Bar and Peggoty's Fish Bar.

Corporate objective 1.2 Promoting independence for older people and people with disabilities

Age 14	Providing additional care facilities as well as future homes which in turn will reduce the demand on social care services and help to support independence.

Aim 3 - People and communities achieve their potential Stronger communities

Aim 3 People and communities achieve their potential

Stronger communities

To enable communities to support themselves through the further development of partnership working with Town and Parish Councils and Voluntary Action Epping Forest, as well as provide opportunities for residents to participate in cultural and leisure activities which celebrate the character and heritage of the District. And finally, to prevent crime and ensure our residents feel safer through partnership working with Essex Police.

Corporate objective 3.1 Enabling communities to support themselves

Developing partnership working with the voluntary sector to help build community capacity and resilience across the district, enabling communities to support themselves.

Operational objective 3.1.1 Build resilient communities

Page 26	Q4 - Senior Safety Day organised in Nazeing with 60 older people attending. The day is a multi-agency event providing information for older people on how to stay safe and well. The event focuses particularly upon scam and fraud prevention. The community champions from Nazeing helped to co-ordinated the day and took a proactive and lead role in marketing the event to the local community. A new weekly crochet session and beginners yoga has been set up in Buckhurst Hill as part of the Buckhurst Hill Social Isolation and Loneliness project. EFDC are a formal partner that has helped successfully develop a project that will be commissioned by Essex County Council to address Social Isolation and Loneliness across West Essex. The project will employ community resilience coaches that will complement and work with EFDC's community champions. To date 10 community champions have been recruited, trained and mentored across the district.					
	Q3 - 235 older residents attended four Stay Well this Winter events across the Epping Forest District. The events are a multi-agency approach to delivering core health, safety and wellbeing messages to the older community over the winter months in the Epping Forest District. Buckhurst Hill Social Isolation Project – a multi-agency door knocking exercise and community event were delivered in Buckhurst Hill as part of the process to understand and reduce levels of social isolation in Buckhurst Hill. As a result EFDC have taken the lead with developing many activities and initiatives which will include raising awareness of the Active Living project, which targets inactive people, a new strength and balance exercise class, day time adult workshops, identifying a local community champion and the development working with the Monkams Public House to start a crochet club.					
	Q2 - A Buckhurst Hill Social Isolation Pilot Project Report is being produced with key findings, recommendations, lessons learnt and next steps. A number of initiatives have been identified to be developed in Buckhurst Hill to help reduce social isolation which will be implemented in Quarter 3. An Essex wide social isolation and loneliness working group has been set up to develop further initiatives to tackle social isolation and loneliness and EFDC will play an active role within this group. Recruitment of community champions has begun and is on track to meet the target of 6 initial community					

	champions. An induction and training will be delivered to the first cohort of community champions in quarter 3.
	Q1 – The Community, Health & Wellbeing Team, in partnership with the West Essex CCG, Community Matrons, Community Agents, VAEF, Essex County Fire & Rescue Service and Public Health has undertaken a pilot neighbourhood project in Buckhurst Hill. A door knocking exercise was undertaken and a community event will be facilitated in Q2. Intelligence gathered will be used to determine a partnership response to local need identified. A Community Champions Project has been launched and the initial six geographic localities identified.

Q4 - Companies must pay a fee and submit to a Trading Standards audit to join the scheme. We had very little uptake from companies we contacted, only one company based in Waltham Abbey has joined. We then decided to offer subsidised entry, free to the first ten applicants, but this has still not attracted companies to sign up and submit to an audit. We are due to meet in 2019 to discuss options going forward, but at this time, one must be concerned that the unwillingness to sign up for free with potential for extra work, is an indicator that these companies do not want to submit themselves to an audit and may be rogue traders intent on fly-tipping. Some companies have suggested that they are too busy already to handle the volume of work and do not need to join the scheme. The EN team will continue to highlight the importance of complying with waste duty of care to help keep waste out of the hands of rogue traders and for residents and businesses to comply with the law and protect themselves.

	Q4 - Further to the report of December 2018 regarding the potential relocation in principle of Epping Sports Centre onto the St John's Road site, a					

	further report in April seeks agreement to the business case and variation of the contract with Places Leisure. Interest is also being shown in the Centrepoint Building for Cinema provision. Negotiations have commenced with Epping Town Council with regard to the purchase of Epping Hall to facilitate the new Leisure Centre, as this is the optimum location on the overall site
	Q3 - After the failure to agree a mutually acceptable way forward with the Council's previous development partner, the Council has agreed at December Cabinet to take forward the St John's Road site itself, with potential support from Epping Town Council to deliver the economic and community benefits of the existing brief. Work has commenced on the feasibility of relocating Epping Sports Centre onto the site.
	Q2 - Final negotiations are still to conclude with Frontier Estates and Epping Town Council.
	Q1 - After a protracted period of discussion between Frontier Estates and Epping Town Council with regard to the Town Council's replacement facilities, the tri-partite contract was due to be entered into in early June, preparing the way for the preparation and submission of the planning application for the site. The application will be for a mixed use scheme in accordance with the Design and Development Brief previously agreed.

Q4 - This indicator is based upon the out-turn from the Business Register and Employment Survey. Unfortunately due to the time-lag for the data from this survey the most recent data we are able to report is from estimates in September 2017. With an out-turn of 50,000 this is clearly below the target figure of 51,500. With no context to the figures published we are unable to examine the reasons for this drop or determine if this has improved since. It should however be considered that it is a survey and therefore open to a degree of error. It should also be noted that by other measures of employment the picture is different and subject to considerable rounding and fluctuation. The ONS Population Survey also examines employment. For the period ending Sept 17 the total number of employees in Epping Forest was 48,900, a still lower figure, yet three months later it showed as 50,900 (a jump of 2,000) and in subsequent quarters showed 53,400 (Mar18), 52,300 (Jun18) and 52,400 (Sep 18) respectively, all of which exceed the target figure.

Q4 - This period is the slowest in terms of tourism traffic and therefore the lowest in terms of website use which is to be expected and reflected in the data. There was also an outage as the site server went down on Wednesday February 6th and was only fully restored by Monday February 11th meaning down-time extending over a weekend with full access but only partial site features working. March marks the first month a direct analytical comparison can be made with the same month 2018 (as the new Google Analytics process was adopted at that time) and initial indications show a 30% growth in site traffic.

	Q4- Process mapping has developed across the organisation, including an agreed and standardised approach. To Be process mapping is also due to commence at the start of 2019/20 to look at improvements based on; customer focused, efficiency and effectiveness.					
	Q3 - Process mapping has been rolled out across the organisation with more technical services commencing mapping. Timescales for mapping have slipped and wider support has been gained with colleagues across the Council volunteering to map the large number of processes. Current rates of process mapping completion over this quarter are: <ul style="list-style-type: none"> • Building Control 20% completion • Private Sector Housing 56% completion • Housing & Property Services 20% completion • Communities Fiance 95% completion • Housing Assets 50% completion • Housing Information, Customer Relations & Strategy 90% completion • Housing Management 25% completion These maps are used to re-engineer processes across the customer service, business support and technical aspects of customer journeys, saving					

	money and improving the customer experience.
	<p>Q2 - Legal – All 48 'as is' processes mapped. Reviewing where tasks sit within the Common Operating Model.</p> <p>Communities Support – All 36 'as is' processes mapped. All processes sit within the Corporate Business Support Team, however process reviews are ongoing. Communities Support team joined Corporate Business Support Team yesterday.</p> <p>Communities Finance – 21 of 121 'as is' processes mapped. It is anticipated the figure of 121 will drop throughout the process mapping task as there will be duplication. Licensing – All 38 'as is' processes mapped.</p> <p>Community Health and Wellbeing – 33 of 38 'as is' processes mapped. Housing Options – 34 of 119 'as is' processes mapped.</p> <p>These maps are used to re-engineer processes across the customer service, business support and technical aspects of customer journeys, saving money and improving the customer experience.</p>
	<p>Q1 - All 48 'as is' processes were mapped in Planning, plus two maps in Benefits. Work has started in Legal Services to map 56 existing processes. This work will be followed by the preparation of 'to be' process maps, before proceeding with prototyping and embedment. These processes were mapped through workshops with staff and include swim lanes and timings. Initial work has also commenced to map payroll processes. These maps are used to re-engineer processes across the customer service, business support and technical aspects of customer journeys, saving money and improving the customer experience.</p>

Aim 10 - Financial independence with low Council Tax

Stronger council

**Aim 10 Financial independence with low Council Tax**

Stronger council

To make the most efficient use of our financial resources and assets, and work with our partners to provide valued services for our customers.

Corporate objective 10.1 Efficient use of our financial resources, buildings and assets

As central government funding continues to decrease, we need to find alternative ways to ensure our services perform at a high level. The Council seeks to be financially self-sufficient to continue to keep Council Tax low for our residents.

✓	Implement the Service Accommodation Programme (year 2)	100%	31-Mar-2019	Action Behind Schedule	O&S	Head of Transformation .
	Q4 - The accommodation programme continues to progress. The Accommodation Programme board has met monthly since December 2018 and a governance structure has been developed with four distinct projects:					
	(i) Construction of New Building;					
	(ii) Sale of Land at Back of Civic Offices;					
	(iii) Refurbishment of Civic Offices; and					
	(iv) Recruitment of Partners/Tenants for Civic Offices					
	Following on from December 2018 Cabinet decisions further assurances were documented on 14th January 2019 giving clarity around the detail of work					

	<p>required and steps to be taken prior to final decision making to award contracts, sell land and build new accommodation. The business case for:-</p> <ul style="list-style-type: none"> • the sale of the rear site • a new build for EFDC staff and potential partners • developing the Civic building into a Customer, Democratic and Civic hub in addition to a mixed use business hub. <p>Cabinet will receive the next report on 11th April 2019 asking for a decision to go out to market on tenants for the Civic building. The report also gives assurance on the most recent valuation of the proposed scheme to the rear of the civic site.</p>
Page 86	<p>Q3 - Cabinet report presented on Dec 10th 2018. Decision to proceed made on recommended option. Decision currently on hold pending review.</p> <p>Whilst this is being worked on 2 key elements of working in new ways are progressing:</p> <p>Leadership Team have located in the new hub with a 7:10 desk ratio and new ways of working. Feedback from the team and stakeholders are extremely positive. Other areas identified as gaining significant performance gain by locating in a new style layout are in the process of design and a moving timetable drawn up following service managers being recruited.</p> <p>All managers are focussing on new ways of working and working across other locations in order to improve performance, flexibility and customer service</p>
	<p>Q2 - There is a report to Cabinet on 8th Nov 2018 following on from the Grade 2 listing of the civic building. Cabinet will be asked to recommend one of 3 options to enable the whole accommodation programme to progress. The options being presented to Cabinet reflect the initial feedback from Historic England regarding flexibility of any redesign of Customer, Civic and office areas.</p> <p>Whilst accommodation decisions are being made the Leadership Team are taking action on 2 key elements of new ways of working:</p> <ol style="list-style-type: none"> 1. New furniture solutions are going into interim layouts within existing office spaces to encourage more collaborative working. This includes a Leadership Team office area with a 7:10 desk ratio and a number of more collaborative and quiet working spaces. Service Directors will be vacating individual offices in order to enable more collaborative working across all services. 2. A management focus on enabling staff and managers to work more flexibly across multiple locations in order to realise a 7:10 desk ratio, in any accommodation solution, when required.
	<p>Q1 - Overall the programme is progressing well. Our voluntary sector partner has decanted from Homefield House to Hemnall Street. Work is on target to relocate Housing Repairs and Housing Assets to the Oakwood Hill Depot in 2019. Work on the staff transport plan is progressing, with a 70% response to the staff survey. The Community Safety Hub has been refurbished in line with Corporate design standards to deadline, and has received positive feedback from staff and partners. Work on the service accommodation project is ongoing but the deadline may need to be extended due to negotiations with Historic England. A progress report was considered by Cabinet on 14 June 2018</p>

Report to Finance & Performance Management Cabinet Committee

Report reference: FPM-002-2019/20
Date of meeting: 20 June 2019

Portfolio: Leader

Subject: Corporate Plan Action Plan Year 2 Performance Report

Officer contact for further information: Gareth Nicholas (01992 564166 Ext: 2815)

Democratic Services Officer: Rebecca Perrin (01992 564532)

Recommendations/Decisions Required:

- (1) That the Finance Performance Cabinet Committee considers the proposed, new reporting format for the Council's Corporate Plan Action Plan; and**
- (2) That the reviewed KPIs and RAG rated programmes for 2019/20 be agreed.**

Report:

1. The Corporate Plan Action Plan provides a mechanism for reporting to Members on Key Performance Indicators (KPIs) and key programmes of work and highlights the Council's overall performance against agreed Corporate Objectives.
2. The Year 2 Action Plan (covering 2019/20) will represent the second reporting cycle for EFDC's Corporate Plan (2018-23). Performance measures for Year 2 have been streamlined to enable improved focus on how Corporate Objectives are being met. This has resulted in a reduction of the number of KPIs listed in the 2018/19 Corporate Plan from 47 to 13, and 11 key corporate programmes of work.
3. Following feedback from Members, a new Action Plan reporting format has been designed (see appendix 1) which provides a more concise presentation of information and greater clarity on performance. Information reported in the new format is now either a KPI or a corporate work programme ranked with a RAG rating.
4. KPIs will continue to have a defined target that performance is measured against and quarterly updates will consist of a range of numerical comparison of targets and actuals along with charts and narrative relating to performance.

5. RAG ratings will be used for the 11 corporate programmes to demonstrate performance;

RAG rating	Status
 Red	Below target
 Amber	Attention needed
 Green	Meeting or exceeding target

The background information related to each KPI and work programme will additionally be available for Members to refer to, where necessary. However, this will be in a more simplified format.

6. When progress on KPIs or programmes is either below target or requires attention, a corrective action will be detailed to provide assurances on getting progress back on track.

7. The 11 corporate programmes currently being worked on are:

Stronger Communities	Stronger Places	Stronger Council
Customer Excellence	Local Plan	People Strategy
Insight & Behaviour	St Johns Road	Digital Enablement
Partnership Working	Growth/Skills/Employment	Accommodation Strategy
	North Weald	
	Housebuilding	

*Additional projects and programmes may also be included in the Corporate Plan Action Plan if deemed the best fit for the Corporate Objective being served (i.e. Delivery of the Epping Forest Health & Wellbeing Strategy for the Corporate Objective: Supporting healthy lifestyles).

Resource Implications:

Resource requirements for actions to achieve specific objectives or benefits within the plan will be identified by the responsible Service Director and reflected in the respective budget.

Legal and Governance Implications:

There are no legal or governance implications arising from the recommendations of this report. However, any implications arising from actions to achieve specific objectives or benefits will be identified by the responsible Service Director.

Safer, Cleaner and Greener Implications:

There are no implications arising from the recommendations of this report in respect of the Council’s commitment to the Climate Local Agreement, the Safer, Cleaner and Greener initiative, or any crime and disorder issues with the district. Relevant implications arising from actions to achieve specific objectives or benefits will be identified by the responsible Service Director.

Consultation Undertaken:

Leadership team

Background Papers:

Epping Forest District Council Corporate Plan 2018-23

Epping Forest District Council Corporate Plan Progress Reports (Q1-Q4 2018/19)

Risk Management:

There are no risk management issues arising from the recommendations of this report. Relevant issues arising from actions to achieve specific objectives or benefits will be identified by the responsible service director during business planning and communicated to the Corporate Risk Management Group.
