## 16. WEBCASTING INTRODUCTION

The Chairman reminded everyone present that the meeting would be broadcast live to the Internet, and that the Council had adopted a protocol for the webcasting of its meetings.

## 17. MINUTES OF PREVIOUS MEETING

### RESOLVED:

1. That the minutes of the meeting of the Committee held on 28 January 2021 be taken as read and signed by the Chairman as a correct record; and
2. The following responses were noted in relation to actions from the meeting on 7 September 2020;

(a) Issues Raised by Local Councils, Minute 4(a) Unauthorised traveller encampments.

The decision was made previously not to join ECTU in 2012 and 2016 due to following rationale:

- The additional cost/benefit of joining compared with EFDC enforcement officers historically already being very quick at responding to unauthorised encampments (UE) on EFDC land.
- Conceding decisions on the level of tolerance of UE to Essex County Council (ECC).
- Difference in decision process between EFDC and ECTU before eviction proceedings commence (ECTU perceived to be marginally more tolerant of UE).
- In 2012, "Cabinet members expressed their main reservation as being the likely attitude of the proposed Unit to urgent responses to unauthorised gypsy and traveller encampments occurring in this District. Past practice has been for this Council to initiate action through the Police or the Courts very quickly in order to satisfy concerns expressed by the local community concerned". 2012 Minutes of cabinet meeting available at <https://eppingforestintranet.moderngov.co.uk/mgAi.aspx?ID=36074>

- The 2016 Portfolio holder report states “ECTU has informed the Council that the cost of being a member will reduce from the current cost of £7,200 per authority, to £6,500 a year. However, as this would not be offset by savings elsewhere, it would represent an increase in costs to the Council. In the light of this it is recommended that the Council does not seek to join ECTU at this time but would wish to continue sharing information and having regular contact with ECTU”. Full report available at <https://eppingforestintranet.moderngov.co.uk/ieListDocuments.aspx?CId=643&MID=8862#A155470>

Following the issue being raised again in the September 2019 by LCLC, the Community Resilience Service again considered membership of ECTU. The current costs are £8500 per annum, this would effectively provide an insurance policy for Parish and Town Councils, as we would continue to deal with any incursions on our and within our current resources

We currently provide advice to the Parish and Town Councils on unauthorised encampments; However, we do not go through the possession order process for them. Both Lea Valley and the Corporation of London deal with incursions on their land by way of byelaws. ECTU do not deal with any incursions on private land, nor do they deal with those who are rough sleepers (e.g. tent dwellers, and not travellers). Essentially, buying into ECTU underwrites any possible incursions by Gypsy & Travellers on Parish and Town Council land, and there is no added benefit to EFDC by signing up to the service.

Buying into ECTU can also limit our current local ability to resolve things quickly – EFDC would effectively hand over all control of dealing with the issue to County. We would still deal with the telephone calls from the members of the public and be liable (as would the Parish and Town Councils) for any clearance costs and would have little or no influence to move them on quicker. Our current relationship with the police is probably one of the best in Essex, (although we do appreciate that ECTU also have good relationships, but not at the local level that exist within Epping Forest.

This is a breakdown of unauthorised encampments which we have had reported to us over the last 5 years. These are amended figures from those presented to the LCLC as we have reviewed all the reports and removed any references to rough sleepers, just strictly gypsy and traveller/Caravans/campers on side of road/etc).

| Year | Number of incursions | On EFDC actionable land | On Parish/Town Council land | On Lea Valley/Corp London Land | On ECC land (including highway) | On Private Land |
|------|----------------------|-------------------------|-----------------------------|--------------------------------|---------------------------------|-----------------|
| 2020 | 14                   | 0                       | 0                           | 2                              | 2                               | 10**            |
| 2019 | 8                    | 1                       | 1                           | 2                              | 2                               | 2               |

| 2017 | 11                   | 4                       | 1*                          | 3*                             | 0                               | 4               |

\*\* Includes 1 breach of planning control

\* 1 encampment across land owned by both LTC and Corp London, so counted twice.

There is an option for the Parish and Town Councils to consider forming a consortium between themselves to buy into ECTU, which was suggested at the LCLC meeting, if all the councils participated it would cost £355 per council. ECTU have confirmed they in theory they could join, but with the same fee as the District and Borough Councils. If a group of Parish/Town Councils would like to consider pursuing ECTU membership independent of EFDC, we advise they contact Stephen Andrews, Essex Countywide Traveller Unit Manager [Stephen.Andrews@essex.gov.uk](mailto:Stephen.Andrews@essex.gov.uk)

(b) Any Other Business Minute 9(b) Local Government Reorganisation

There were no further updates at this time.

(c) Digital Buddies, Minute 7.

Response from the Service Manager – Customer Services, S Lewis.

#### **“Buddies workshop**

We began the rejuvenation of our Digital Buddy Programme in September 2020 by undertaking a consultation with our existing Digital Buddies to identify barriers they were encountering to providing digital support and to get their ideas on how the programme could be further developed. We used this feedback to design and deliver a refresher workshop to Buddies where discussions were held to explore the work of our individual teams and how we can use our roles to provide digital support to residents. We gave consideration to our residents that are not digitally enabled who may be excluded when services changes are made, such as digitalising an application process, to ensure appropriate support is considered for these residents.

This has created good connections with internal departments who are approaching us when implementing these type of changes, so we can help them to explore the impact on residents who are not yet digitally enabled and look at how we can support these people so they can continue accessing our services. Digital Buddy support has also enabled residents to access a Council health and wellbeing challenge on the fitness App Strava, six residents have so far received help to access this app.

#### **Reaching out to residents**

We have set up a dedicated phone line that our residents in Council Sheltered Housing Schemes can contact if they require digital support. This support varies from setting up an email address, online shopping, or contacting friends and family via social media. So far, two residents have contacted us and been supported with mobile device issues.

The Community Culture and Wellbeing team have been visiting residents at their doorsteps in super output areas including Shelley and Paternoster, to identify who requires digital support so we can link them with a Digital Buddy. As a result, four residents have received support to access their family history records, watch online videos via YouTube and use email.

We have been working with our partner charities Digital Unite and Citizens Online to get useful technology guides uploaded to our website. This allows our digitally enabled residents to share information and easy how-to guides

with their friends and family who need it. This information is also regularly going out on our Social Media platforms.

### **Communication Campaigns**

We have also been working alongside the Corporate Communications team to identify local and national campaigns that we can use as a platform to promote digital support to residents. The campaigns identified include All Digital Week at the end of March and Volunteers Week in June. We will use these campaigns as opportunities to promote the self-help support we have available in the form of technology guides on our website and to encourage residents to volunteer and spare some time to work with us to provide digital support to residents who need it.

### **What's Next**

We're now exploring the possibility of teaming up with community leaders and existing volunteer groups to embed digital buddy support into the existing work they do. We're reaching out to new teams and partnerships including EFDC Community Champions, Digital Innovation Zone (DIZ) and partner charity Voluntary Action Epping Forest to ensure there is no overlap with existing programmes and to minimise duplication. We are also making contact with various local authorities to share information and learnings in regards to how other authorities who are further ahead than us in the digital transformation journey to find out how they have been able to embed digital support in the services and projects they provide."

## **18. RURAL AFFORDABLE HOUSING AND COMMUNITY LED HOUSING OPPORTUNITIES**

The Committee received a presentation from James Shutt, EFDC Senior Housing Development Officer and external partners Laura Atkinson, Rural Community Council of Essex (RCCE) Rural Housing Enabler & Community Led Housing Advisor, Sophie Robinson and Isobel Wright from Hastoe Group on the Rural Affordable Housing and Community Led Housing Opportunities. (attached)

The Committee enquired how 'rural' was defined, as there were many hamlets within urban areas of the District. Mr Shutt advised that the main criteria was a settlement of less than 3000 people. It was also noted that these opportunities would still have to be considered against the Council's planning criteria and Local Plan.

It was mentioned that previous developments within the District had relied on farmers releasing land for these opportunities and whether this was still the case. Ms Wright advised that yes there were opportunities although a lot of considerations had changed.

The Committee asked what was meant by 80% ownership and legal protection for the housing developed in these schemes. Ms Wright advised that the properties could have up to an 80% ownership, which would mean that future purchases would have to fit the criteria of the legal agreement, to be able to purchase the property. Ms Muonweokwu-Egbunike advised that the housing association would work with the owner to assist with the sale of the property, to ensure the criteria was met and they were supported through the process.

## **19. ISSUES RAISED BY LOCAL COUNCILS**

(a) Epping Forest District Council Local Plan

The Service Director (Planning Services) Mr N Richardson advised that following the hearing sessions for the Independent Examination of the Local Plan, the Inspector had released her advice on 2 August 2019, which set out a number of changes to the Plan which were required to remedy issues of soundness in the form of Main Modifications (MMs).

In accordance with the high level programme in the Council's response to the Inspector, dated 24 April 2020, the Planning team had worked hard to ensure that the final tranche of Main Modifications (MMs) were submitted to the Inspector in September with a view to consultation on the MMs as soon as possible thereafter.

However, the Inspector wrote to the Council on 2 October 2020 (ED115) to advise that due to other work commitments during October and November it was unlikely that she would be able to provide a full response immediately. The Inspector provided an update on progress on 8 February 2021 (ED118) advising that the volume and complexity of the documentation meant that progress of finalising the MM schedule was taking some time and the current lockdown measures had unfortunately prolonged it. It was envisaged that the Local Plan would be adopted this year but firstly the MM's would need to go out to consultation.

(b) Interim Air Pollution Mitigation Strategy

The Service Director (Planning Services) advised following a report to Cabinet on 20 July 2020 and Council on 8 February 2021, the Interim Air Pollution Mitigation Strategy (APMS), as adopted, would enable the Council to properly approve any planning application that could demonstrate no adverse effect on Epping Forest Special Area of Conservation.

At the meeting of Council on 8 February 2021 the Council agreed that the Cabinet Member for Planning and Sustainability would form a cross party Portfolio Holder Advisory Group to support the delivery of the Interim Air Pollution Mitigation Strategy and provide oversight of the work of the Technical Stakeholder Group. This could include working with officers to consider where further initiatives had not been identified in the APMS and could be brought forward to advance Air Quality Improvements with the objective of removing the need to introduce a Clean Air Zone (CAZ). Alongside the acceleration and enhancement of mitigation measures, the Portfolio Holder Advisory Group would provide democratic oversight of the development of any CAZ scheme prior to its consideration through the Council's formal decision-making processes and public consultation, in the event that future air quality monitoring and modelling continued to demonstrate that even after the acceleration and enhancement mitigation measures, a CAZ was required.

The Committee enquired who had been appointed to the Portfolio Holder Group. The Service Director (Planning Services) advised that any queries could be raised with the appropriate Ward members and who could contact the relevant members on this Group.

(c) Update on the Elections Planning Process for the Elections being held 6 May 2021

The Service Director (Strategy, Delivery & Performance), Ms Louise Wade advised that 63 Polling Stations were being used for these elections including Murray Hall, which was currently being used as a vaccination centre, although the NHS had confirmed that there would be no reduction in vaccinations for local people as a result of this. The Polling stations would be run under covid-19 restrictions with either a one-way or one-in-one-

out system and voters were free to bring their own pen or pencil to the Polling Station. Any queues at the Polling Stations would be marshalled by staff, and regularly cleaning within the Station would be carried out throughout the day.

Postal Votes were available for any elector and the Postal Vote application forms needed to be received by 5.00pm on 20 April 2021, with issuing being carried out from 21 April onwards. Details of how voters could apply for a Postal Vote would be detailed on Polling Cards or via the Electoral Commission website and communications had been released by the County Council and individual political parties.

The Count Centre being used this year was a hanger at North Weald Airfield as follows:

- Thursday 6-May-21 10.00pm Full verification of all ballot boxes.
- Friday 7-May-21 9.30am                      County Council Divisions  
   District Council Wards  
   Town/Parish Council Wards
- Saturday 8-May-21 9.30am                      Police, Fire & Crime Commissioner  
   Any outstanding Town/Parish Council  
   Wards

Admission to the Counts would be strictly controlled and the Returning Officer had determined that invitations would be limited to the Candidate, the Candidate's Agent and one Count Agent per Candidate to enable social distancing to be maintained.

A Candidates/Agents briefing had been arranged for Monday 12 April 2021 at 6.00pm, via Zoom.

Finally, the District Council Election nomination paper for 6 May 2021 only required a Proposer and Secunder.

(d) Epping Forest District Council training Schedule and prospectus for 2021/22

The Democratic and Electoral Services Team Manager, Mr Gary Woodhall advised that the training schedule and prospectus for 2021/22 had been organised and officers were awaiting confirmation on whether they would be run virtually or face-to-face in line with the Government Roadmap for Covid-19.

## **20. ANY OTHER BUSINESS**

It was noted that there no other business raised.

## **21. DATES OF FUTURE MEETINGS**

The Committee noted that the dates for the next municipal year were as follows;

Monday 27 September 2021; and  
Monday 14 March 2021.

Minute Item 18

# Introduction

- Rural Affordable Housing
- EFDC Housing Enabling
- Epping Forest Strategic Housing Partnership:
  - EFDC, RCCE and Hastoe
- Rural Exception Sites
- Community-led Housing
- Partnership working with Parish Councils

# Epping Forest Local Plan 2011-2033

- Local Plan (Submission Version) 2017
- 11,400 New Homes 2011-2033
- 2851 New Affordable Housing
- Rural Exception Sites

# EFDC Local Plan Policy H3

## Rural Exceptions

*“Planning permission may be granted for small-scale affordable housing schemes which are related to smaller settlements, where planning permission for housing development will not normally be granted”*

Page 12

- Demonstrable social or economic need for affordable housing for local people - local needs assessment
- Development well-related to existing local settlement and no detriment to character of nearby settlement and countryside
- Suitable arrangements to secure affordable housing for local residents in perpetuity

# Communities have the power to influence change

How often have you heard about, or even experienced, the problems of a lack of affordable housing in rural areas?

Page 13

Maybe a member of your **family** or an **employee** has had difficulties finding somewhere to live.

Perhaps a **local amenity** or **asset** has closed because the people who would support it have had to move away.

- Perhaps you have seen **businesses** move away because the owner or workers cannot afford to live in the village.

A small scheme of affordable homes on a suitable site can breathe fresh life into a village and ensure local people can stay in their community, whatever their age or circumstances and help to sustain local services such as shops, schools and pubs.

# Vital role of Local Councils

**Parish and Town Councils are an essential part of the structure of local democracy and have a vital role in acting on behalf of the communities they represent;**

Page 14

- give views, on behalf of the community, on planning applications and other proposals that affect the parish
- undertake projects and schemes that benefit local residents
- work in partnership with other bodies to achieve benefits for the parish
- alert relevant authorities to problems that arise or work that needs to be undertaken
- help the other tiers of local government keep in touch with their local communities.

**Affordable Housing projects can often help diverse communities come together**

# Rural Housing Enabler

## RCCE's Rural Housing Enabler (RHE);

- Acts as an independent advisor providing close impartial assistance to Essex parishes in developing affordable housing for people with a local connection.
- Liaises impartially between communities, local authorities and other partners such as Housing Associations. Community Engagement is paramount!

Schemes are typically small scale and developed on Rural Exception Sites which allow affordable housing to be safeguarded and prioritised in perpetuity for local people.

Rural Housing Alliance's **Practical Guide for Parish Councils** on Rural Affordable Housing – currently being updated.

Wickham Bishops

Little Hallingbury

# What is affordable housing?

Housing for sale or rent, for those whose needs are not met by the market.

## Rent

Rented through a Registered Provider  
(Housing Association or Local Authority)

### **Social Rent**

40-60% of market rent.

### **Affordable Rent**

80% of market rent.

## Sale

### **Shared Ownership**

Part rent/ Part Buy with a Housing  
Association.

### **Discounted Market Sale**

Sold at least 20% of market value,  
discount remains in perpetuity  
when sold on. (First Homes)

A common definition of what is affordable is that the household pays no more than 33% of their income on rent and spends no more than 3.5 times their annual income on mortgage payments.

# Rural Exception Sites

## Where can these homes be built? And how many?

A **Rural Exception Site** is a plot of land abutting the development boundary with the aim of providing affordable local needs housing in the village.

Page 17

This land will only receive planning permission for affordable housing in perpetuity. It is an “exception” to the development sites detailed in the local plan.

A small amount of open market may be permitted, only if required for cross subsidy.

\*This planning policy is only applicable to parishes/hamlets of less than 3,000 residents\*

**Development is restricted in size/ tenure to the need identified.**

# Housing Needs Surveys

## How do we know our village needs affordable housing?

Page 18

- A **Housing Needs Survey** can be the first step towards making a local scheme happen, engaging with the whole of the local community to assess current and future housing need.
- A questionnaire is distributed to every household in the parish with the aim of identifying local housing need.
- Everyone is given the opportunity to state if someone in their household requires alternative accommodation.
- The survey identifies not only if there is a need but indicated number, size and tenure of homes required.
- A report is produced providing a detailed account of the results plus parish specific recommendations.

# Local Connection

## How can we be sure the homes will be prioritised for local people?

Page 19

- There would be a **legally binding agreement** to ensure that people with a local connection would be allocated the houses as priority.

**Local Connection** means people who;

- currently live in the parish & have done for a number of years
- used to live in the parish but had to move away
- have close family in the parish
- employed full time in the parish

These homes also stay affordable in **perpetuity**;

- Rented homes on exception sites have had the 'Right to Buy' removed.
- Shared owners can only purchase a maximum of 80% of the house. Any vacated properties would again become available for local people as a priority.

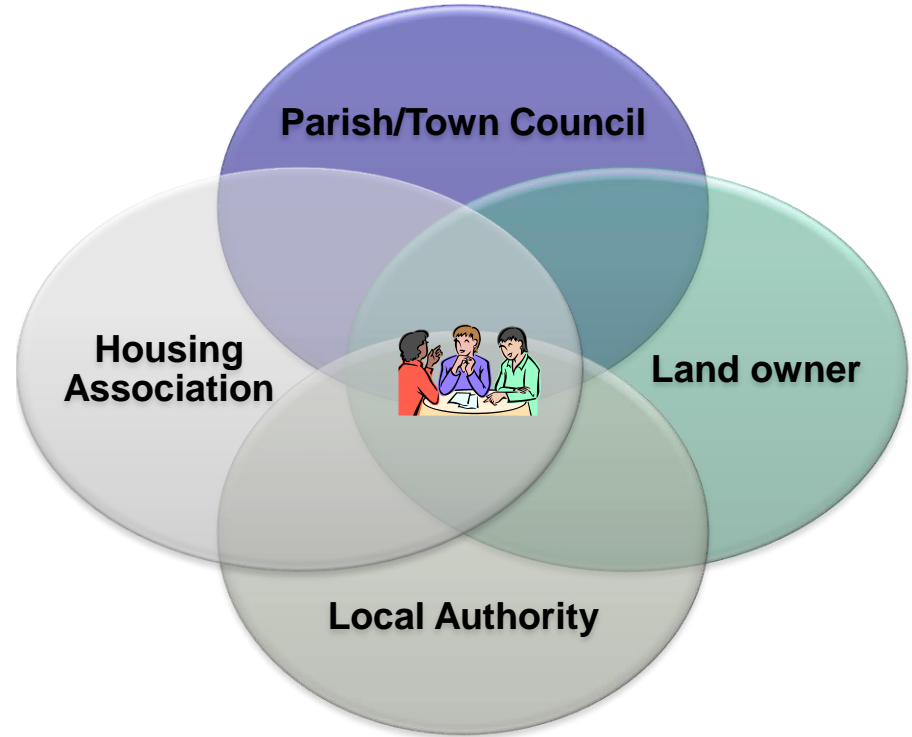

# Partnerships

Partnerships are essential for bringing forward a successful scheme.

Page 20

## Who are Hastoe?

- Registered provider specialising in rural housing
- Established in 1962
- Preferred Rural partner for Epping District Council
- Over 7,500 homes across 75+ Local Authority areas
- Developing schemes above standard Building Regulations
- Create sustainable rural homes and communities

## The Street, High Easter

Page 22

- Parish Council very supportive
- Second scheme in village – high housing need
- Two willing local landowners
- Well attended consultation event – local support
- Planning Permission for 4 houses for rent
- Successful bid to Homes England for Social Rent
- Start on site – March 2021

# Community Led Housing

- **Community-led housing** (CLH) is housing which is built or brought back into use by local people.
  - These groups manage housing projects to build **decent and locally affordable** homes in both rural and urban areas.
- Anyone can begin and deliver a community-led housing project, so you don't need to work in the housing industry.
- Homes built this way are **owned and/or managed by local people**. Their benefits to these people are **forever legally protected**.
- Can lead to **exemplar design**, affordable homes linked to local salaries
  - Community Led development can lead to community enterprises – it's does not need to be just about housing!

Communities  
Taking Control

Community  
Owned Assets

Local Skills and  
Partnerships

# Popular Models of CLH

## Community Land Trusts

- A CLT is a non-profit, community-based organisation run by volunteers that develops housing or other assets at permanently affordable levels for long-term community benefit.

## Cohousing

- Cohousing is when a community works together to build a neighbourhood based on certain values. These values are often linked to one agreed way of living.

## Housing co-operatives & Tenant Controlled

- A housing co-operative is a not for profit housing organisation that is managed and owned by its members.

## Self-build & Custom / Self finish / Self help

- Many community-led projects are self-builds, as locals often do the organising and some of the building on their own
- Self-help housing is where empty houses are restored, making opportunities for training and volunteering.

# Lavenham CLT – Peek Close (Suffolk)

- Aspiration from their Neighbourhood Plan.
- Formed in 2014 in partnership with Lavenham PC, Babergh District Council and Hastoe Housing Association (who are developing and managing the properties)
- Site was formerly a council gritting depot
- 18 dwellings – mix of 1, 2 and 3 bed properties
- Mostly affordable rent, some shared ownership and 2 starter homes
- Designed to meet local need

Page 29

# Lavenham CLT – Quote from a resident

Page 30

***We cannot believe that we have been offered a home here. I cried – happy tears of course! We never dreamed that we would be so lucky, not only to live in Lavenham, but also to have a beautiful new home. Our family live in the village, and whenever we visited we never wanted to leave. Now we don't have to! Without this opportunity we would never have been able to live in Lavenham. We are looking forward to living a very happy life here. Thank you to Hastoe and its partners for building these homes and bringing families closer together.***

# Cannock Mill Co-housing Colchester

- Mutually supportive cohousing group
- Shared values and aims - “living lightly”
- Building low energy and environmentally friendly homes (living green roofs, renewable bamboo kitchens, Passivhaus standards)
- Shared ‘common house’, land and facilities
- 23 new homes, a mixture of one and two-bedroom flats and 17 two and three-bedroom houses, some with garages.

# Eastern Community Homes

Page 32

- RCCE's **Community Led Housing Advisor** (CLHA) offers support in developing primarily affordable housing in whichever form it may take – both rural and urban.
- As part of **Eastern Community Homes**, the CLHA works with community groups to build homes and community assets that their community truly needs, often in partnership with others such as a housing association
- Government has just announced **£4 million** grant funding for community led projects

[www.easterncommunityhomes.com](http://www.easterncommunityhomes.com)

# Neighbourhood Planning

Page 33

- RCCE's dedicated team of **Community Engagement Officers** provide direct support to parish councils and community groups undertaking a Neighbourhood Plan.
- Community Engagement is an essential part of the evidence that underpins a Neighbourhood Plan. Our team can devise consultation techniques to suit your community and help with facilitation of events for all ages.
- We provide training and can advise on the process from start to finish. We can also assist with applications for grant funding and for technical support packages.
