REASON FOR REFUSAL

- 1 The site is located within land designated as Metropolitan Green Belt where there is presumption against inappropriate development. Due to the area and location of the site, the proposal is not considered to constitute the limited infilling of a village. No very special circumstances or other considerations have been advanced that would outweigh the harm caused by the inappropriateness and the other harm identified, and the development would therefore conflict with Chapter 13 of the National Planning Policy Framework and Policy GB2A of the Combined Policies of Epping Forest District Local Plan and alterations 2008 and DM 4 of the Submission Version Local Plan.
- 2 The site falls within land designated as being within the Nazeing and South Roydon Conservation Area. The significance of this Conservation Area is derived from its historic open natural landscape. A right of way adjoins the eastern boundary of the site. The siting of the proposed dwellings behind the existing frontage development would result in a discordant form of development that would be out of keeping with the prevailing character of the area. The orientation of the proposed dwelling perpendicular to the buildings in Middle Street would further emphasise the incongruous nature of the proposal. This suburbanisation of the site would erode the open verdant character of this locality and as such would fail to preserve or enhance the character and appearance of the Conservation Area and as such is contrary to the requirements of S72(1) of the Planning and Listed Building and Conservation Areas Act 1990, Chapter 16 of the NPPF and policies, HC6, HC7 of the Local Plan and DM7 of the Submission Version Local Plan.

- 3 The proposal fails to demonstrate that it will provide adequate privacy and outlook for future residents of the proposed new self-contained dwellings and as such the proposal provides a substandard form of accommodation and as such is contrary to the requirements of policy DBE1, DBE2, DBE 5 and DBE9 along with DM9 of the Submission Version Plan and the National Planning Policy Framework.

- 4 In the absence of a completed s106 planning obligation the proposed development fails to mitigate against the adverse impact that it will have on the Epping Forest Special Area of Conservation in terms of recreational pressure and air pollution. Failure to secure such mitigation is contrary to Policy CP1 and CP6 of the Epping Forest Local Plan, Policies DM2 and DM22 of the Epping Forest District Local Plan Submission Version 2017 and the requirements of the Habitats Regulations 2017.
