

Select Committee Agenda

Stronger Place Select Committee Tuesday, 13th September, 2022

You are invited to attend the next meeting of **Stronger Place Select Committee**, which will be held at:

Council Chamber - Civic Offices
on **Tuesday, 13th September, 2022**
at **7.00 pm**

G Blakemore
Chief Executive

**Democratic Services
Officer**

Rebecca Perrin / Laura Kirman
Email: democraticservices@eppingforestdc.gov.uk

Members:

Councillors R Balcombe (Chairman), R Pugsley (Vice-Chairman), R Bassett, S Heather, S Heap, J Jennings, C McCredie, I Allgood, P Bolton, R Morgan and H Brady

SUBSTITUTE NOMINATION DEADLINE:

6:00 pm

1. WEBCASTING INTRODUCTION

This meeting is to be webcast. Members are reminded of the need to activate their microphones before speaking. The Chairman will read the following announcement:

“The Chairman would like to remind everyone present that this meeting will be broadcast live to the internet (or filmed) and will be capable of repeated viewing (or another use by such third parties).

If you are seated in the lower public seating area it is likely that the recording cameras will capture your image and this will result in the possibility that your image will become part of the broadcast.

This may infringe your human and data protection rights and if you wish to avoid this you should move to the upper public gallery.”

2. APOLOGIES FOR ABSENCE

To be announced at the meeting.

3. SUBSTITUTE MEMBERS

To report the appointment of any substitute members for the meeting.

4. DECLARATIONS OF INTEREST

To declare interests in any item on the agenda.

5. NOTES OF PREVIOUS MEETING (Pages 3 - 6)

To agree the notes of the meeting of the Select Committee held on 5 July 2022.

6. MATTERS ARISING AND OUTSTANDING ACTIONS

To consider any matters arising and outstanding actions from the minutes of the previous meeting(s) that are not covered elsewhere in this agenda.

7. TERMS OF REFERENCE & WORK PROGRAMME (Pages 7 - 10)

(Chairman/Lead Officer) The Overview and Scrutiny Committee has agreed the Terms of Reference and work programme for this select committee. Members are invited at each meeting to review both documents.

8. LITTER STRATEGY (Pages 11 - 34)

(J Warwick) To consider the revised Litter Strategy.

9. LEISURE FACILITIES CONTRACT UPDATE (Pages 35 - 44)

(J Warwick) To consider the Leisure Facilities Contract Update.

10. EPPING FOREST DISTRICT MARKET POLICY (Pages 45 - 78)

(M Thompson) To consider and provide comments and recommendations to Cabinet on the Epping Forest District Market Policy.

11. DATES OF FUTURE MEETINGS

To note that future meetings of the Select Committee will be held at 7.00pm on 8 November 2022.

EPHING FOREST DISTRICT COUNCIL COMMITTEE MINUTES

Committee:	Stronger Place Select Committee	Date:	Tuesday, 5 July 2022
Place:		Time:	7.00 - 7.55 pm
Members Present:	Councillors R Balcombe (Chairman), R Bassett (Vice-Chairman), S Heather, I Allgood, P Bolton, H Brady and J H Whitehouse		
Members Present (Virtually):	Councillors R Pugsley		
Other Councillors:	Councillors N Avey, N Bedford and H Whitbread		
Other Councillors (Virtual):	Councillors H Kane, S Kane, A Lion and J Philip		
Apologies:	S Heap, J Jennings, C McCredie and R Morgan		
Officers Present:	L Kirman (Democratic Services Officer), A Buckley (Higher Level Apprentice (Internal Communications)), J Warwick (Interim Acting Service Director (Contracts)) and A Small (Section 151 Officer)		
Officers Present (Virtually):	V Messenger (Democratic Services Officer)		

1. WEBCASTING INTRODUCTION

The Chairman made a short address to remind everyone present that the meeting would be broadcast live to the internet, and would be capable of repeated viewing, which could infringe their human and data protection rights.

2. ELECTION OF VICE CHAIRMAN

In the absence of the Vice Chairman, the meeting appointed Cllr R Bassett as the Vice Chairman for the duration of the meeting.

3. SUBSTITUTE MEMBERS

The Committee noted that Cllr Janet Whitehouse would substitute for Cllr McCredie.

4. DECLARATIONS OF INTEREST

There were no declarations of interest pursuant to the Council's Members' Code of Conduct.

5. NOTES OF PREVIOUS MEETING

That the notes of the meeting held 15 March 2022 were agreed as a correct record.

6. TERMS OF REFERENCE & WORK PROGRAMME

The Committee requested confirmation of the date that the sustainable transport update would be brought to the Committee.

The Committee noted the Terms of Reference and the Work Programme.

7. LITTER STRATEGY

J Warwick (Acting Service Director (Contracts)) introduced the Litter Strategy and advised the Committee that the Strategy would support the commitment to Government's Litter Strategy for England, the Environmental Protection Act 1990, the Code of Practice on Litter and Refuse (2019), and reflected residents desire for a clean and healthy environment free from litter, fly-tipping and dog waste. The Litter Strategy set out the legal duty, accountability, and enforcement actions. The Council would continue to work in partnership with a range of voluntary groups, other authorities and partners to prevent litter and would continue to support national initiatives. The Committee were informed that five litter picks had been completed and seventy-two bags of litter collected during the Great British Spring Clean. There had also been sixteen applications for support for equipment for litter picks, fifteen of these had been completed.

Members of the Committee suggested:

- the strategy lacked specifics including aims and objectives
- the document could be improved through the realignment and strengthening of sections.
- the enforcement section should be strengthened and could contain details of FPN, the use of mobile CCTV and other relevant actions.
- the document could have more detail on the education programme.
- closer liaison with Town and Parish Councils and adjacent authorities.
- area wide impacts could be considered through a multi-agency approach.
- proactive enforcement in prioritised areas should be used.
- a balance between education and enforcement was required to ensure an effective strategy.
- information relating to special bulky collections and other service provided could be included.
- the litter strategy should be set in the wider context of the waste hierarchy.
- that the Council could lobby for higher levels of fines for litter and fly-tipping offences.

Members of the Committee also challenged:

- why rural areas were not included in the street cleansing standards report.
- the appropriateness of overall volumes of waste as a KPI for littering and requested alternative measures including number of fly tips and number of fixed penalty notices issued.
- how this strategy aligned with the Essex specifically in relation to the restrictions on civic amenity sites and commercial waste, which the committee felt exacerbated the number of fly-tips.

Members of Cabinet emphasised the need for a litter strategy and suggested that the comments made by the Select Committee would strengthen the Strategy, before being considered by Cabinet.

The Committee were advised by J Warwick that:

- waste collected in litter bins that contained dog waste could be separated and cleaned for recycling at the Edmonton facilities
- weeds formed part of the standards of street cleanliness, the responsibility fell to Essex CC who contracted EFDC to carry out weed spraying. The budget provided by Essex CC had been reduced and this had limited the number of sprays per year, the chemicals used for spraying had also been restricted. A schedule of weed spraying could be supplied on request.
- there was regular dialogue across Essex through the Essex Waste Partnership Board. Work had commenced on a new waste strategy for the county, and further details on what materials the tips would accept, including building waste, and the booking system in use would be clarified and circulated.
- any fly tips reported would be cleared.

The Committee acknowledged and thanked Biffa for the regular street cleansing work.

Action: The Committee requested that the strategy was reviewed, strengthened, and refined. The revised strategy would be circulated to members of the Committee for direct feedback before presentation at the next Stronger Place Select Committee.

Resolved

The Committee recommended that the Litter Strategy should be reviewed and presented at the next meeting of the Select Committee,

8. DATES OF FUTURE MEETINGS

The Committee noted that the date of the next meeting would be 13 September 2022.

CHAIRMAN

This page is intentionally left blank

STRONGER PLACE SELECT COMMITTEE TERMS OF REFERENCE 2022/23

Definition of Stronger “Place” Select (Scrutiny) Committee

To consider Epping Forest District as a physical Place and to scrutinise the direction, policies and projects of the executive that affect the spatial and infrastructure requirements of the Epping Forest District.

The Committees Areas of Responsibility (Scope)

To consider the impact on customers, residents, businesses and visitors to our District, and to respond to consultation activities.

Sources of Information

Epping Forest DC Corporate Plan 2018-2023

Local Plan Submission Version, including Main Modifications.

Departmental Business Plans

Cabinet Corporate Aims and Objective 2021/22

Cabinet Work Programme 1 July to 31 October 2021

Key Objectives

1. To develop a work programme each year that effectively scrutinises the areas of responsibility outlined above.
2. To engage in policy review and development, with a focus on improvement and how this can be best achieved.
3. To consider any matter referred by the Overview and Scrutiny Committee, Cabinet or a Portfolio Holder and to make recommendations as appropriate.
4. To establish working groups and task and finish panels to undertake any activity within the terms of reference.
5. To undertake pre-scrutiny through the review of specific proposals of the Council and its partner organisations or other local service providers to help develop policy.
6. To engage with the community and encourage community engagement.
7. District Wide Management Contracts and provide scrutiny of services that are not performing to standard and develop proposals for their improvement.
8. To monitor and review relevant projects and associated closure and benefits reports.

To provide scrutiny for the following corporate projects:

1. Local Plan Delivery, Infrastructure Delivery Plan, S106 Agreements, associated parking
2. Epping Centre Development - St. Johns Road
3. North Weald airfield development (including master-planning)

4. Council Housebuilding
5. Economic growth, skills and employment
6. District Wide Waste Management Provision

To have overview of the green agenda – helping to inform policy and future proofing the Place.

To maintain an awareness of the impact of relevant external policies and partners.

**Stronger Place Select Committee

SCRUTINY

Report to Stronger Place Select Committee

Date of meeting: 13 September 2022

Portfolio: Contracts and Commissioning Portfolio (Councillor Nigel Avey (Portfolio Holder))

Subject: EFDC Litter Strategy

Officer contact for further information: James Warwick (01992 564350)

Democratic Services Officer: Laura Kirman (01992 564243)

Recommendations/Decisions Required:

To provide feedback on the Epping Forest District Council Litter Strategy before the strategy goes to Cabinet.

Report:

1. This report sets Epping Forest District Council's commitment to the Government's Litter Strategy for England along with The Environmental Protection Act (1990) and the Code of Practice on Litter and Refuse (2019).

The strategy aims to:

- change the behaviour of people who feel it is acceptable to drop litter through education and social media campaigns
- make it easy to dispose of litter, provide the appropriate facilities in the right places, and collect litter in a timely fashion
- improve enforcement by exercising council powers to deal with anyone who drops litter

2. This Litter Strategy explains how Epping Forest District Council's plans to continue its work in not only, meeting the Government's expectations but also reflect resident's desire to have a clean and healthy local environment free of litter, fly-tipping and dog waste.

3. This strategy explains how Epping Forest District Council (EFDC) and other relevant partners can meet their legal duties to keep streets and open spaces for which they are responsible clean and free of litter. Residents, visitors, and businesses expect to see clean streets and open areas free of litter, weeds and dog fouling. One of the most important measures in improving the appearance of a street or area is street sweeping, it is one of the most important services any council operates. The most obvious benefits of street sweeping are overall appearance, perceived safety and pride in your local area which all help to create a positive and welcoming environment. Whereas the opposite can feel threatening and can give the impression of a run down and value-less area.

4. Officers will work with Keep Britain Tidy to ensure this strategy and associated actions are in keeping with the aspirations of the Governments Litter Strategy.

5. The Delivery of the Litter Strategy will contribute positively towards the Council's environmental policies including its intention to reduce carbon in response to the climate emergency. In addition to statutory performance indicators, success will be measured in the Council's reduced carbon footprint i.e., less waste to landfill. Additionally, the Strategy will provide a platform to engage with partners to enhance the local environment, by securing behaviour change which will positively contribute towards the continuing aspirations of the Council as an area to visit, work and play.

Reason for decision:

The Litter Strategy sets out three principal reasons why the Council needs a litter strategy, namely:

- Publication by the UK Government of the National Litter Strategy for England and the Code of Practice on Litter and Refuse 2019 (COPLAR);
https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/834331/pb11577b-cop-litter1.pdf
- The importance of maintaining a clean environment and the need for a clear statement of how we intend to achieve this aim.
- The continuing pressure on Council budgets.

Options considered and rejected:

Epping Forest District Council have never had a Litter Strategy, we can continue to operate without a litter strategy, but this strategy explains how Epping Forest District Council and other relevant partners can meet their legal duties to keep streets and open spaces for which they are responsible clean and free of litter.

Resource implications:

Epping Forest District Council commits around £1.7m annually on its services relating to litter, fly tipping and street cleansing and the strategy will be used to improve the targeting of these resources. Some of the money spent on street cleansing/litter removal is avoidable – if there was no dropped litter, fly-tipping, or dog fouling then the Council would not need to spend money collecting and disposing of it.

Legal and Governance Implications:

Epping Forest District Council has duties under the Environmental Protection Act 1990 (EPA 1990). There are two duties within section 89 of the Environmental Protection Act 1990 that mean certain organisations (mostly public bodies) are to, as far as is practicable:

1. Keep land clear of litter and refuse
2. Keep roads clean

Duty 1 Section 89(1) of the Environmental Protection Act 1990 places a duty on certain bodies to ensure that their land (or land for which they are responsible) is, so far as is practicable, kept clear of litter and refuse.

Duty 2 Section 89(2) places a further duty on the Secretary of State in respect of motorways (National Highways) and a few other similar public highways, and on local authorities in respect of all other publicly maintainable highways in their area, to ensure that the highway or road is, so far as is practicable, kept clean

Safer, Cleaner, Greener Implications:

The proposals listed in the report will have a positive impact on the street scene in the District.

There are no adverse implications arising from the recommendations of this report in respect of the Council's commitment to the Climate Change Action Plan and Safer, Cleaner, Greener initiative, or any crime and disorder issues within the district.

Consultation Undertaken:

Consultation with Environmental Services

Background Papers:

None

Impact Assessments: Equality.

Risk Management

N/A

Equality:

Equality Impact Assessment

1. Under s.149 of the Equality Act 2010, when making decisions, Epping District Council must have regard to the Public Sector Equality Duty, ie have due regard to:
 - eliminating unlawful discrimination, harassment and victimisation, and other conduct prohibited by the Act,
 - advancing equality of opportunity between people who share a protected characteristic and those who do not,
 - fostering good relations between people who share a protected characteristic and those who do not, including tackling prejudice and promoting understanding.
2. The characteristics protected by the Equality Act are:
 - age
 - disability
 - gender
 - gender reassignment
 - marriage/civil partnership
 - pregnancy/maternity
 - race
 - religion/belief
 - sexual orientation.
3. In addition to the above protected characteristics you should consider the cross-cutting elements of the proposed policy, namely the social, economic and environmental impact (including rurality) as part of this assessment. These cross-cutting elements are not a characteristic protected by law but are regarded as good practice to include.
4. The Equality Impact Assessment (EqIA) document should be used as a tool to test and analyse the nature and impact of either what we do or are planning to do in the future. It can be used flexibly for reviewing existing arrangements but in particular should enable identification where further consultation, engagement and data is required.
5. Use the questions in this document to record your findings. This should include the nature and extent of the impact on those likely to be affected by the proposed policy or change.
6. Where this EqIA relates to a continuing project, it must be reviewed and updated at each stage of the decision.
7. All **Cabinet, Council, and Portfolio Holder reports must be accompanied by an EqIA**. An EqIA should also be completed/reviewed at key stages of projects.
8. To assist you in completing this report, please ensure you read the guidance notes in the Equality Analysis Toolkit and refer to the following Factsheets:
 - Factsheet 1: Equality Profile of the Epping Forest District
 - Factsheet 2: Sources of information about equality protected characteristics
 - Factsheet 3: Glossary of equality related terms
 - Factsheet 4: Common misunderstandings about the Equality Duty
 - Factsheet 5: Frequently asked questions
 - Factsheet 6: Reporting equality analysis to a committee or other decision making body

Section 1: Identifying details

Your function, service area and team: Contracts (Waste Management)

If you are submitting this EqIA on behalf of another function, service area or team, specify the originating function, service area or team: N/A

Title of policy or decision: Litter Strategy

Officer completing the EqIA: James Warwick Tel: 01992 564350 Email: jwarwick@eppingforestdc.gov.uk

Date of completing the assessment: 21/03/22

Section 2: Policy to be analysed	
2.1	Is this a new policy (or decision) or a change to an existing policy, practice or project? New strategy
2.2	Describe the main aims, objectives and purpose of the policy (or decision): The Litter Strategy will help to deliver the commitment to the Government's Litter Strategy for England along with The Environmental Protection Act (1990) and the Code of Practice on Litter and Refuse (2019). The strategy for a Cleaner Epping Forest District lays out EFDC's plans to continue it's work in the transformation of our open spaces and streets to ensure that in, not only, meeting the Government's expectations but also reflect resident's desire to have a clean and healthy local environment free of litter, fly-tipping and dog waste.
2.3	Does or will the policy or decision affect: <ul style="list-style-type: none"> • service users • employees • the wider community or groups of people, particularly where there are areas of known inequalities? Residents will receive the same level of services as they currently do from the Waste Contract. Will the policy or decision influence how organisations operate? Yes, an improvement in services.
2.4	Will the policy or decision involve substantial changes in resources? No
2.5	Is this policy or decision associated with any of the Council's other policies and how, if applicable, does the proposed policy support corporate outcomes? Climate Change Action Plan and Policy

Section 3: Evidence/data about the user population and consultation¹

As a minimum you must consider what is known about the population likely to be affected which will support your understanding of the impact of the policy, eg service uptake/usage, customer satisfaction surveys, staffing data, performance data, research information (national, regional and local data sources).

3.1	What does the information tell you about those groups identified? The current contract serves all residents of the District and all residents can access EFDC's waste collection service
-----	---

3.2	Have you consulted or involved those groups that are likely to be affected by the policy or decision you want to implement? If so, what were their views and how have their views influenced your decision? N/A
3.3	If you have not consulted or engaged with communities that are likely to be affected by the policy or decision, give details about when you intend to carry out consultation or provide reasons for why you feel this is not necessary: N/A

Section 4: Impact of policy or decision

Use this section to assess any potential impact on equality groups based on what you now know.

Description of impact	Nature of impact Positive, neutral, adverse (explain why)	Extent of impact Low, medium, high (use L, M or H)
Age	Neutral This service is for all residents regardless of age.	L
Disability	Neutral The service is for all residents and assisted collections can be arranged	L
Gender	Neutral The service is available to all residents.	L
Gender reassignment	Neutral The service is available to all residents.	L
Marriage/civil partnership	Neutral The service is available to all residents.	L
Pregnancy/maternity	Neutral The service is available to all residents.	L
Race	Neutral The service is available to all residents.	L
Religion/belief	Neutral The service is available to all residents.	L
Sexual orientation	Neutral The service is available to all residents.	L

Section 5: Conclusion

		Tick Yes/No as appropriate	
5.1	Does the EqlA in Section 4 indicate that the policy or decision would have a medium or high adverse impact on one or more equality groups?	No	
		L	If 'YES', use the action plan at Section 6 to describe the adverse impacts and what mitigating actions you could put in place.

Section 6: Action plan to address and monitor adverse impacts

What are the potential adverse impacts?	What are the mitigating actions?	Date they will be achieved.

Section 7: Sign off

**I confirm that this initial analysis has been completed appropriately.
(A typed signature is sufficient.)**

Signature of Head of Service:

Date: 23/03/22

Signature of person completing the EqIA:

Date: 23/03/22

Advice

Keep your director informed of all equality & diversity issues. We recommend that you forward a copy of every EqIA you undertake to the director responsible for the service area. Retain a copy of this EqIA for your records. If this EqIA relates to a continuing project, ensure this document is kept under review and updated, eg after a consultation has been undertaken.

Epping Forest District Council Litter Strategy

Working towards a litter free district – turning passive support into positive action.

Epping Forest District Council Litter Strategy

Contents

- 1. Introduction**
- 2. Visions and Aims**
- 3. Reporting Progress**
- 4. Appendices**
 - 1 Useful Contacts & Information Sources
 - 2 Council's Legal Duty – Clearance of Litter and Refuse
 - 3 The Code of Practice
 - 4 Enforcement Powers

1. Introduction

We want Epping Forest District to be a great place to live and work, with clean streets, open spaces, and countryside. It is accepted that litter, attracts littering behaviour, and we will continue working to address the litter issue, because maintaining a clean local environment is good for both our wellbeing and our local economy.

This strategy will help to deliver the commitment to the Governments Litter Strategy for England along with The Environmental Protection Act (1990) and the Code of Practice on Litter and Refuse (2019).

This document explains how Epping Forest District Council (EFDC) and other relevant partners can meet their legal duties to keep streets and open spaces for which they are responsible clean and free of litter.

Dealing with litter places a significant burden on the District Council, with an annual cost to the local taxpayer which would be better spent improving other local services. Living in a littered environment makes people feel less safe in their communities, and less likely to venture out which in turn affects mental and physical health. It is in all our interests to tackle this problem, to make littering socially unacceptable, to make it easy for people to do the right thing and remove any possible excuse for anti-social behaviour.

Given this continuing pressure together with the Council's legal duty and the undoubted benefits to the wider community of maintaining a clean environment to live and work in means that we look to all the community to help in delivering the strategy and using litter bins and taking our litter home to achieve this. Pride in our area must make littering an anti-social behaviour and organisations including youth and schools must help us in educating the importance of this message by *turning passive support into positive action*.

Importantly the emphasis must change from it is the council's responsibility to clean up the mess to preventing the litter and fly tipping in the first place. In addition to the actions contained in this strategy we also expect that each of our Duty Body partners take full responsibility for their spaces; and our other partners including the City of London for Epping Forest along with Town and Parish Councils will make the necessary arrangements in their areas to prevent littering, fly-tipping, and dog fouling.

2. Vision and aims

The strategy aims to:

- **change the behaviour** of people who feel it is acceptable to drop litter through education and social media campaigns
- **make it easy to dispose of litter**, provide the appropriate facilities in the right places, and collect litter in a timely fashion
- **improve enforcement** by exercising council powers to deal with anyone who drops litter

Changing Behaviour

We want to create a culture where it is totally unacceptable to drop litter. This means generating strong and consistent social pressure against littering, making it socially unacceptable to drop litter.

The Council will provide leadership, support and educational advice to those partners and the public to better enable them to understand and achieve the goals of the litter strategy which is to prevent litter and debris and report those that do litter and fly tip.

This will be achieved by:

- Spreading the message that litter is harmful to people, wildlife, and the environment through schools' work, social media campaigns, and using the recommended communications techniques from Keep Britain Tidy and WRAP.
- Promote Reuse and promote ways of disposing different types of litter correctly, for example at recycling centres or bring banks.
- Promote the bulky waste service and commercial trade waste service and its benefits to reducing fly tipping and littering locally.
- Support groups and schools to promote anti-litter and recycling messages
- Support national campaigns such as 'Keep Britain tidy' and clean up days through volunteering, supporting group with equipment and collection of waste and use of social media.
- Continue to support and encourage litter pick schemes with the public and internal and external partners by providing equipment, advice and guidance and the collection of litter.
- Optimise the use of the EFDC Community Champions programme who are local community volunteers that support and spread our EFDC wellbeing messages and initiatives along with organising community litter picks.
- All Council services will be made aware of the importance of litter prevention in managing costs
- Love Essex is an umbrella brand that acts on behalf of the Essex Waste Partnership and the Cleaner Essex group. Through the Love Essex brand, we aim to inspire Essex residents to reduce the amount of waste they throw away, recycle more, and reduce environmental crimes such as littering and fly-tipping.

Making it easier to dispose of litter

We will continue to provide an effective service and help support other partners and the public to ensure that we try to continue to reduce the amount of litter and debris in the district.

This will be achieved by:

- Optimise the use of recycling on the go (RotG) using WRAP guidelines and EFDC policy for the placement of litter bins along with the Litter Bin Installation Strategy to ensure we review and maintain bin infrastructure, to provide a suitable number of litter bins with support from parish and town councils.
- Maintain a good quality street cleansing service in line with national standards as set out in legislation.
- Ensure free flowing channels to maximise the capture capacity of our road gully's.
- Regularly review our weed removal programme with Essex County Council
- Ensure our drainage maintenance is optimised to ensure that detritus is not carried on to carriageways and pavements, in contract specification.
- Ensure that Waste Management carries out at least 25% of street cleansing inspections on the day of the scheduled cleanse or after.
- Continue and extend the pilot of recycling wheeled bins for environmental champions to replace recycling sacks and reduce litter from bags split by vermin.

- Ensure that contractors working on behalf of the Council are working to improve the local environment
- Continue to work with businesses to prevent and resolve litter related problems

Enforcement

Enforcement is an important part of keeping Epping Forest District clean and tidy, to do this we need to reduce the number of people who litter knowingly through education and enforcement.

We will use all our legal powers to fine or prosecute those who choose to fly-tip, litter or allow dogs to foul in public places.

We will be consistent in our approach and use all available enforcement options to ensure residents can live in a safe, clean and well-maintained environment.

We will work with stakeholders to tackle fly-tipping and litter hotspots.

3. Reporting Progress

Performance of the strategy will be monitored by the Council through reports to the Waste Partnership Board.

We will work with our neighbouring Councils to identify where efficiencies can be created in cross-working and to review any policy changes that may affect each other i.e., may lead to an increase in fly-tipping at Council boundary.

We will work with Keep Britain Tidy to ensure this strategy and associated actions are in keeping with the aspirations of the Governments Litter Strategy.

The Delivery of the Litter Strategy will contribute positively towards the Council's environmental polices including its intention to reduce carbon in response to the climate emergency. In addition to statutory performance indicators, success will be measured in the Council's reduced carbon footprint i.e., less waste to landfill. Additionally, the Strategy will provide a platform to engage with partners to enhance the local environment, by securing behaviour change which will positively contribute towards the continuing aspirations of the Council as an area to visit, work and play.

Appendix 2: Council's Legal Duty – Clearance of Litter and Refuse

The Council's Legal Duty

Epping Forest District Council has duties under the Environmental Protection Act 1990 (EPA 1990). There are two duties within section 89 of the Environmental Protection Act 1990 that mean certain organisations (mostly public bodies) are to, as far as is practicable:

1. Keep land clear of litter and refuse
2. Keep roads clean

Duty 1 Section 89(1) of the Environmental Protection Act 1990 places a duty on certain bodies to ensure that their land (or land for which they are responsible) is, so far as is practicable, kept clear of litter and refuse

Litter is most commonly assumed to include materials, often associated with smoking, eating and drinking, that are improperly discarded and left by members of the public; or are spilt during business operations as well as waste management operations

Refuse should be regarded as having its ordinary meaning of waste or rubbish, including household and commercial waste, and can include fly-tipped waste. Dog faeces are to be treated as if they were refuse, when on certain descriptions of public land (Dog fouling is a separate offence from littering.)

Duty 2 Section 89(2) places a further duty on the Secretary of State in respect of motorways (National Highways) and a few other similar public highways, and on local authorities in respect of all other publicly maintainable highways in their area, to ensure that the highway or road is, so far as is practicable, kept clean

The Legal Duty and where it applies

The Environmental Protection Act 1990 places a duty on the Council to ensure that streets/roads and open spaces are, **so far as is practicable**, kept clear of litter and refuse.

What this means

The duty means that the Council and responsible landowners must remove litter and/or refuse within certain time limits.

Where it applies

The duty applies to roads/streets and pavements and other open spaces areas accessible by the public.

The Legal Duty for Clean Roads

The Environmental Protection Act 1990 requires the Council to keep roads, as far as is practicable, clean.

This duty means that the Council and National Highways should keep litter and refuse by removing it within certain time limits as set out by the Code of Practice 2019.

This duty applies to all roads (the metalled surface which means the tarmac top) under the Council's control (this excludes motorways which are the responsibility of the National Highways).

Appendix 3: The Code of Practice

Zoning

The updated Code of Practice on Litter and Refuse 2019 (COPLAR); introduces a new zoning system to help Councils categorise their area which in turn allows it to define how quickly each zone should be returned (when littered) to a litter free standard.

The details of the requirements for Epping Forest District are specified below.

Each zone is examined in terms of its capacity to generate litter by determining:

- The intensity of activity in the area, from people and vehicles
- Health and safety limitations

As such, this revised Code has re-classified the different types of land managed by duty bodies into four main zones, based on these two variables. It is anticipated that this will help to guide duty bodies on the intensity of management required.

The classifications of zones are

- High intensity of use (busy public areas)
- Medium intensity of use ('everyday' areas, including most housing areas occupied by people most of the time)
- Low intensity of use (lightly trafficked areas that do not impact upon most people's lives most of the time)
- Areas with special circumstances (situations where issues of health and safety and reasonableness and practicability are dominant considerations when undertaking environmental maintenance work)

In addition to the classified Zones above Epping Forest District Council in line with their current Waste and Street Cleansing Contract also has a further classification for High Zones, classified as Z. These will be areas within the High intensity classification which are allocated street cleansing on a daily schedule but receive additional street cleansing up to three times a day based on the intensity of use.

The graded standards shown below are as defined in the original Code of Practice on Litter and Refuse issued under section 89(7) of the Environmental Protection Act 1990.

For litter and refuse:

Grade A: No litter or refuse

Grade B: Predominately free of litter and refuse apart from some small items

Grade C: Widespread distribution of litter and/or refuse with minor accumulations

Grade D: Heavily affected by litter and/or refuse with significant accumulations

For detritus (to be removed on metalled highways and recommended to be removed on all hard surfaces):

Grade A: No detritus

Grade B: Predominately free of detritus except for some light scattering

Grade C: Widespread distribution of detritus with minor accumulations

Grade D: Heavily affected by detritus with significant accumulations

Timings

The Code of practice expects Duty bodies to set their cleansing schedules so that they meet the duty to keep their relevant land clear of litter and refuse, and highways clean.

In some areas, these standards can be effectively maintained during daylight hours. However, in others longer hours of management are required, for example, in town and city centres.

If the standard in high intensity areas should fall to an unacceptable level during the evening, it should be restored to grade A by 8am. Good practice would be that grade A is achieved earlier, by the time the area begins to get busy. This applies to weekends and bank holidays as well as weekdays.

Epping Forest District Council operates at two levels with COPLAR 2019 and its own specification of fortnightly street cleansing schedules and Z High Zones.

The Code of Practice and clean roads

The Code of Practice suggests that:

- A regular sweeping and maintenance schedule should be prepared to allow the duty to be met.
- It would be good practice to cut back vegetation that grows on to the road/pavement surface.
- Weed control is implemented and effective.

Standards

The Code of Practice defines standards (A-D: A being clean) that the Council must meet. Restoration to a clean condition must take place within a set period of time unless there are difficult circumstances such as snow and ice.

The Council intends to meet its statutory obligations, and the standards detailed above, by implementing, monitoring and reviewing the actions in this strategy.

The Council in turn expects each of its partners (including the wider community) and duty bodies particularly in relation to Roads, Essex Highways and National Highways through its contractor, to do likewise.

Keeping Motorways Clean

National Highways is responsible for maintaining a litter free and clean motorway network.

Both the M11 and M25 run through the Epping District with junctions at Waltham Abbey, Loughton and North Weald.

Monitoring our Work

Monitoring of work and standards will be undertaken by the contractor's operational staff who carry out the cleansing work on the day. EFDC Waste Management Officers will also inspect streets that are on the schedule and due to be cleansed either on the day or the day after through random inspections. Random inspections should cover a total of 25% of the scheduled work due to be done in an officer's area in any one day.

Alongside the random inspections of scheduled work EFDC also conducts its own key Performance Indicator (KPI) for Litter and Detritus. Whilst based on NI195, inspections are conducted quarterly with 320 inspections with a total of 1280 inspections annually and the targets for each are as follows

- Litter 5%
- Detritus 7%

We will undertake the training necessary to make this “self-assessment” process robust and auditable.

We will also use the following devices to monitor our work:

- Customer surveys
- Complaints
- Independent Quality Inspections

Appendix 4

Litter Enforcement Table

Legislation	ENVIRONMENTAL PROTECTION ACT 1990				ANTI-SOCIAL BEHAVIOUR, CRIME AND POLICING ACT 2014			TOWN AND COUNTRY PLANNING ACT 1990	PREVENTION OF DAMAGE BY PESTS ACT 1949	PUBLIC HEALTH ACT 1936
Section	33	87	59	80	43	59	59	215	4	78
Offending Activity	Fly-tipping	Littering	Fly-tipping	Statutory Nuisance	Litter	Litter	Dog Fouling	Litter	Litter	Litter & Dog Fouling
Enforcement Action	Fixed Penalty or Prosecution	Fixed Penalty	Fixed Penalty or Prosecution	Abatement notice	Community Protection Notices	Public space Protection Orders (PSPO)	Fixed Penalty Notice	Fine or Prosecution	Fine or Prosecution	Fine or Prosecution
Penalty	£400	£150	£400	£400*	£75	£75	£75	£1,000	£1,000	£200
Action Against	Individuals (and legal entities such as Companies)	Individuals	Occupier of Land	Person responsible (whose act, default or sufferance the nuisance is attributable)	Occupier of premises	Occupier of land	Individuals	Individuals (and legal entities such as Companies)	Occupier of land	Occupier of land
Objective	Penalty for fly-tipping	Penalty for dropping litter	Penalty for fly-tipping	The abatement of the nuisance or prohibiting or restricting its occurrence or reoccurrence	Conduct of individual or body is having a detrimental effect, of a persistent or continuing nature, on the quality of life of those in the locality or deemed unreasonable	Prevent litter or refuse being detrimental to the amenity of the area	Penalty for not picking up dog faeces after dog	Land Adversely Affecting Amenity of Neighbourhood	clearing of common courts and passages	Scavenging of common courts and passages
				* Fixed Penalty option – industrial, trade or business and £150 in all other cases.			Local Authority can introduce public spaces protection orders	LPA's also have powers under s219 to undertake the clean up works themselves and to recover the costs from the landowner.

Report to Stronger Place Select Committee

Date of meeting: 13 September 2022

Portfolio: Contracts & Commissioning Portfolio (Councillor N Avey)

Subject: Leisure Facilities Contract Update

Officer contact for further information: James Warwick (01992 564350)

Democratic Services Officer: Laura Kirman (01992564243)

Recommendations/Decisions Required:

To consider the leisure facilities contract update.

Report:

1. Epping Forest District Council appointed Places for People Leisure (PFPL) as its partner for the development and management of its four leisure facilities. The agreement commenced in April 2017 and is a 20-year Design, Build, Operate and Maintain contract.

Contract Management

2. The contract is managed through monthly leisure contract managers meetings, where performance of the delivery of services in accordance with the agreed contract and against the performance standards are reviewed. Contract performance is monitored through monthly performance reports.

3. The Leisure Management Contract Partnership Board provides strategic oversight and robust challenges over the contract, providing effective dialogue and resolution of issues at senior officer and Member level.

Key Performance Indicators

4. The Council undertake monitoring of the services to ensure performance against set requirements and Key Performance Indicators (KPIs) in the contract. Key Performance Indicators are subject to effective scrutiny by Officers and Members as KPIs are reported to each operational meeting, Partnership Board and Overview and Scrutiny Committee. We are beginning to see a positive return to leisure centres compared to FY19-20 levels (see tables below).

Fitness Membership (Club Live)

Club Live	February 2020	April 2022	May 2022	June 2022	Var	%
Epping Sports Centre	1,691	1,249	1,253	1,251	- 440	-26%
Loughton Leisure Centre	4,348	3,719	3,779	3,866	- 482	-11%
Ongar Leisure Centre	1,320	1,112	1,121	1,129	- 191	-14%
Waltham Abbey Leisure Centre	2,586	2,438	2,449	2,459	- 327	-5%

Swimming Membership (Club Live)

Club Live	February 2020	April 2022	May 2022	June 2022	Var	%
Loughton Leisure Centre	524	510	517	518	- 6	-1%
Ongar Leisure Centre	115	165	176	174	+ 59	151%
Waltham Abbey Leisure Centre	376	425	415	422	+ 46	112%

Swimming Lessons

Swimming Lessons	February 2020	April 2022	May 2022	June 2022	Var	%
Loughton Leisure Centre	2,663	2,744	2,776	2,812	+ 149	105%
Ongar Leisure Centre	898	846	861	875	- 23	- 3%
Waltham Abbey Leisure Centre	1,480	1,693	1,731	1,748	+ 268	118%

Management Fee

5. During the Covid-19 pandemic, EFDC provided financial support to Places Leisure in order to maintain the operations of the leisure centres in the District. The financial support was provided by a monthly open book examination of Places Leisure's operating transactions and financial records. The recovery rates in leisure centre usage has enabled Places Leisure to resume the payment of management fees. Management fees for FY22-23 revert to fixed monthly fees as operational risk reverts to Places Leisure.

Energy Costs

6. The rising energy costs pose a significant challenge for the leisure industry. Officers and Places Leisure are continuing to work hard in mitigating the rising energy costs by implementing measures across the centres to reduce the levels of consumption. Initiatives that have already been introduced and good housekeeping has resulted in significant reductions in electricity and gas consumptions. Larger projects and opportunities being explored are pool covers in Waltham Abbey and Ongar; new BMS at Loughton; LED conversions at all centres; and variable speed drives on pool pumps at Loughton.

New Epping Leisure Centre

7. In January 2021, Cabinet agreed that the new leisure centre in Epping is to be delivered by Places Leisure under the DBOM contract (as the Waltham Abbey Leisure Centre). A formal Deed of Variation has been issued and an external legal adviser has been appointed to prepare and negotiate the DBOM contract variation. The new Epping Leisure Centre project is currently in the second stage of the procurement phase, with the contract award anticipated early 2023. The construction phase of the new Epping Leisure Centre is expected to commence quarter 3 of 2023, with a two-year construction period.

Reason for decision: To note good progress on leisure contract management.

Options considered and rejected: n/a

Consultation undertaken: n/a

Resource implications:

- Maintaining contract management processes via the EFDC Leisure and Parking Team.
- EFDC Procurement & Contracts Team to administer the procurement phase of the new Epping Leisure Centre project.
- External legal consultant for legal documents review and contract negotiations.
- EFDC Leisure and Parking Team and Places Leisure to oversee the new Epping Leisure Centre project.

Legal and Governance Implications: None.

Safer, Cleaner, Greener Implications:

Consultation Undertaken: None

Background Papers: None

Impact Assessments: N/a

Risk Management: The DBOM contractual arrangement reduces the risks to the Council by relying on the expertise of the leisure service provider to use their commercial and operational acumen to deliver and manage a facility at optimum cost ensuring the best commercial return. Leisure contract risks are assessed by Officers and kept under regular review.

Equality Impact Assessment

1. Under s.149 of the Equality Act 2010, when making decisions, Epping District Council must have regard to the Public Sector Equality Duty, ie have due regard to:
 - eliminating unlawful discrimination, harassment and victimisation, and other conduct prohibited by the Act,
 - advancing equality of opportunity between people who share a protected characteristic and those who do not,
 - fostering good relations between people who share a protected characteristic and those who do not, including tackling prejudice and promoting understanding.
2. The characteristics protected by the Equality Act are:
 - age
 - disability
 - gender
 - gender reassignment
 - marriage/civil partnership
 - pregnancy/maternity
 - race
 - religion/belief
 - sexual orientation.
3. In addition to the above protected characteristics you should consider the cross-cutting elements of the proposed policy, namely the social, economic and environmental impact (including rurality) as part of this assessment. These cross-cutting elements are not a characteristic protected by law but are regarded as good practice to include.
4. The Equality Impact Assessment (EqIA) document should be used as a tool to test and analyse the nature and impact of either what we do or are planning to do in the future. It can be used flexibly for reviewing existing arrangements but in particular should enable identification where further consultation, engagement and data is required.
5. Use the questions in this document to record your findings. This should include the nature and extent of the impact on those likely to be affected by the proposed policy or change.
6. Where this EqIA relates to a continuing project, it must be reviewed and updated at each stage of the decision.
7. All **Cabinet, Council, and Portfolio Holder reports must be accompanied by an** EqIA. An EqIA should also be completed/reviewed at key stages of projects.
8. To assist you in completing this report, please ensure you read the guidance notes in the Equality Analysis Toolkit and refer to the following Factsheets:
 - Factsheet 1: Equality Profile of the Epping Forest District
 - Factsheet 2: Sources of information about equality protected characteristics
 - Factsheet 3: Glossary of equality related terms
 - Factsheet 4: Common misunderstandings about the Equality Duty
 - Factsheet 5: Frequently asked questions
 - Factsheet 6: Reporting equality analysis to a committee or other decision making body

Section 1: Identifying details
Your function, service area and team: CONTRACTS (Leisure and Parking)
If you are submitting this EqIA on behalf of another function, service area or team, specify the originating function, service area or team: N/A
Title of policy or decision: Leisure Facility Contract Report
Officer completing the EqIA: James Warwick Tel: 4350 Email: jwarwick@eppingforestdc.gov.uk
Date of completing the assessment: 30/08/22

Section 2: Policy to be analysed	
2.1	Is this a new policy (or decision) or a change to an existing policy, practice or project? No – update report
2.2	Describe the main aims, objectives and purpose of the policy (or decision): What outcome(s) are you hoping to achieve (ie decommissioning or commissioning a service)? Update report
2.3	Does or will the policy or decision affect: <ul style="list-style-type: none"> • service users • employees • the wider community or groups of people, particularly where there are areas of known inequalities? No
2.4	Will the policy or decision involve substantial changes in resources? No
2.5	Is this policy or decision associated with any of the Council's other policies and how, if applicable, does the proposed policy support corporate outcomes? Corporate Plan

Section 3: Evidence/data about the user population and consultation¹

As a minimum you must consider what is known about the population likely to be affected which will support your understanding of the impact of the policy, eg service uptake/usage, customer satisfaction surveys, staffing data, performance data, research information (national, regional and local data sources).

3.1	What does the information tell you about those groups identified? All residents can access the leisure facilities
3.2	Have you consulted or involved those groups that are likely to be affected by the policy or decision you want to implement? If so, what were their views and how have their views influenced your decision? N/A
3.3	If you have not consulted or engaged with communities that are likely to be affected by the policy or decision, give details about when you intend to carry out consultation or provide reasons for why you feel this is not necessary: N/A

Section 4: Impact of policy or decision

Use this section to assess any potential impact on equality groups based on what you now know.

Description of impact	Nature of impact Positive, neutral, adverse (explain why)	Extent of impact Low, medium, high (use L, M or H)
Age	Neutral This service is available for all residents	L
Disability	Neutral The service is available for all residents	L
Gender	Neutral The service is available to all residents.	L
Gender reassignment	Neutral The service is available to all residents.	L
Marriage/civil partnership	Neutral The service is available to all residents.	L
Pregnancy/maternity	Neutral The service is available to all residents.	L
Race	Neutral The service is available to all residents.	L
Religion/belief	Neutral The service is available to all residents.	L
Sexual orientation	Neutral The service is available to all residents.	L

Section 5: Conclusion

		Tick Yes/No as appropriate	
5.1	Does the EqlA in Section 4 indicate that the policy or decision would have a medium or high adverse impact on one or more equality groups?	No	
			If 'YES', use the action plan at Section 6 to describe the adverse impacts and what mitigating actions you could put in place.

Section 6: Action plan to address and monitor adverse impacts

What are the potential adverse impacts?	What are the mitigating actions?	Date they will be achieved.

Section 7: Sign off

**I confirm that this initial analysis has been completed appropriately.
(A typed signature is sufficient.)**

Signature of Head of Service:

Date: 30/08/22

Signature of person completing the EqIA: James Warwick

Date: 30/08/22

Advice

Keep your director informed of all equality & diversity issues. We recommend that you forward a copy of every EqIA you undertake to the director responsible for the service area. Retain a copy of this EqIA for your records. If this EqIA relates to a continuing project, ensure this document is kept under review and updated, eg after a consultation has been undertaken.

This page is intentionally left blank

SCRUTINY

Report to Stronger Place Select Committee

Date of meeting: 13 September 2022

Portfolio: Technical Services (Councillor K Williamson)

Subject: Proposed Epping Forest District Market Policy

Officer contact for further information: Mandy Thompson (01992 564076)

Democratic Services Officer: L Kirman (01992 564243)

Recommendations/Decisions Required:

Stronger Place Select Committee are asked to comment and make recommendations on the adoption of an Epping Forest District Market Policy and associated Fees Policy, for consideration by Cabinet on 19 September 2022.

Report:

1. The Council recognises the important contribution that markets can make to the local economy and the character of an area. Markets can deliver economic growth and regeneration; they offer an opportunity for small businesses to get started for a relatively modest financial outlay, help increase town centre vitality and contribute in a number of ways to the local communities they serve.
2. The promotion of markets is an important inclusion in the town centre regeneration projects for Epping, Loughton, Ongar, Waltham Abbey, and Buckhurst Hill, and for the district as a whole. It is also particularly relevant, following the coronavirus pandemic which has redirected community focus towards the outside shopping and hospitality experience.
3. The Council currently controls street trading in the district through Street Trading Consents, by powers vested in it, under Schedule 4 of Part 3 of The Local Government (Miscellaneous Provisions) Act 1982. However, these Consents are most appropriately applied to a single trader operating from one stall or vehicle and not to market events which consist of multiple stalls each selling different products by different individual traders. To support the vision of the Council to encourage markets as part of the district's economic diversification, it is necessary to look to alternative legislation.
4. The Council has powers under Part 3 of the Food Act 1984, to hold markets within its area and has the right to licence and control the frequency of such markets. It is good practice for Councils to publish a Market Policy and have a licensing regime that allows it to influence the nature and type of market for the benefit of the community; to distinguish between commercial and community-based markets or those with a strong charitable element; to ensure conditions are in place to meet legislative controls including to protect public safety; and that these can be consistently and fairly applied to all traders wishing to operate in the district.
5. The Market Policy will include commercial and community-based markets or those with a strong charitable status. However, Council run markets fall outside the scope of the Market Policy. This includes North Weald Market operating under a lease agreement with the Council, and any other Council operated occasional market events, such as plant and craft fairs, Christmas and summer markets, festivals, and other themed markets. Markets that operate by virtue of an historic Royal Charter are also out of scope, these being the weekly markets run by

the Town Councils at Epping, Ongar, and Waltham Abbey. Such markets are also entitled to the right of protection within a common law distance of six and two third miles - measured 'as the crow flies. This common law entitlement is part of a local authority's market rights and has been upheld by a Court of Appeal.

6. The draft Market Policy, has been subject to a full public consultation including relevant partners, authorities, trading bodies, local businesses, Town, and Parish Councils. The consultation was published on the website for the full consultation period. A number of comments have been received and several amendments have been made to the original draft. The new amended draft Policy is at Appendix 1 of this report. A summary of the consultation comments is documented at Appendix 2, together with any proposed amendments or officer comments and these are explained in more detail in the section '**Consultation undertaken**' below.

7. Legal advice received after the consultation confirms that Part III of the Food Act 1984 allows either Parish or District Councils to be a Market Authority (both being included in the definition of 'local authority'), thereby allowing Town and Parish Councils to take on the rights and responsibilities for the establishment, control, and enforcement of all commercial and community-based markets within their own parish boundary. In theory both district and parish councils could be a market authority for the same area, but this would be duplicitous and unnecessarily bureaucratic. In any case the district council will always want to work with the parishes to support opportunities to manage and influence their own community offer.

8. Ward members and parish clerks have been informed of the opportunity for Town and Parish Councils to take on the market authority role if they wish. Epping, Loughton and Ongar Town Councils have elected to be the market authority for their parishes, and this is reflected in amendments to the Policy at paragraphs 4.2, 4.4 and 5.1. Waltham Abbey and Fyfield have also vested an interest. The Market Policy will be updated further should any Parish or Town Councils establish market authority status.

9. The Policy includes a licensing process that requires certain insurances and documentation to be presented at application stage, with an appropriate fee and, on approval, the market licence will be subject to licence conditions to protect public safety, nuisance, highways issues and other regulatory concerns. It is proposed that all commercial markets will be subjected to the licensing regime, however, only large-scale community-based or charitable markets, will require a licence. This rationale is to ensure that the small, ad hoc markets, many of which have operated for many years across the district without any adverse issues or complaints arising, are not burdened with unnecessary bureaucracy. It is considered however, that a community/charitable market operating 25 or more stalls should be included in the licensing regime as the risks to public safety and other environmental health, health and safety etc are likely to be relevant and justify scrutiny.

11. A charging process will be included within the licensing regime. A Fees Policy and schedule is proposed at Appendix 3 of this report. The fees for commercial markets vary depending on the size and frequency of the market event over the year and have been calculated based on reasonable and proportionate estimate of the time required to process applications, initial site visits, draft licence agreement and ongoing costs associated with compliance visits, responding to enquiries, complaints, and associated administration. It is proposed that community-based or charitable markets providing 25 or more stalls are charged a flat fee of £100 to cover administrative costs. An additional cost per market may apply where such a market is held more than once in any calendar year and will be based on the market formula set for commercial markets. These fees, if approved will be included in the Council's current Fees and Charges Schedule and will be subject to the Council's annual fee review.

12. Finally, Cabinet will be asked to ratify a piece of legislation relevant to this Market Policy, that is known to have been adopted by Members historically but does not appear in any current records. The Council has adopted Section 37 of the Local Government (Miscellaneous Provisions) Act 1982, that requires any person intending to hold a temporary market to notify the Council in advance, so that if appropriate the Council can take steps to remove the permitted

development rights to hold such a market and require the operator to apply for planning permission to do so. However, whilst the Council's Constitution references the said legislation in its delegations, no minuted records exist to evidence the adoption of the legislation in the first instance. Our Legal Services recommend that for completeness and to protect against any potential challenge in the courts, that this legislation be ratified and minuted again by the current Cabinet.

13. Stronger Place Select Committee are asked to comment on the proposed Epping Forest District Market Policy and the Market Fees Policy, before its consideration at Cabinet on 19 September 2022.

Reason for decision:

The Council wants to encourage a market trading environment that compliments the surrounding area and retail offer, that is sensitive to the needs of all users of our town centres and provides a diversity of choice for consumers.

A Market Policy is proposed that will allow the Council to influence the nature and type of markets in a particular locality for the benefit of the community. It will also include an appropriate regulatory framework, through a licensing regime that will set licence fee conditions to protect public safety, nuisance, highways issues and other regulatory concerns

Applications for a Market Licence administered and enforced by the Licensing Team within the Regulatory Service will be subject to a fees schedule that will be reviewed annually.

Options considered and rejected:

The Council has a policy for controlling street trading of single market operators in the district by virtue of street trading consents. However, it is not appropriate to apply this mechanism to market events which consist of multiple stalls each selling different products by different individual traders.

Powers vested in the Council under Part 3 of the Food Act 1984, allows it to hold markets within its area and affords the right to licence and control the frequency of such markets. It is also good practice for councils to publish a Market Policy and have a licensing regime that allows it to influence the nature and type of market for the benefit of the community.

To not adopt a new policy to address market trading events prevents the Council from having the necessary framework to influence and control the market offer to local communities and fails to provide a robust and fair regulatory regime.

Consultation undertaken:

There is no statutory requirement to consult before determining this licensing policy however the Council has chosen to consult with the following:

- The National Association of British Market Authorities (NABMA)
- The National Market Traders Federation (NMTF)
- Members of the Council, including Town and Parish Councils
- Local businesses
- Existing operators
- Essex Police
- Essex Fire and Rescue
- Essex Highways

- Essex Trading Standards
- Epping Forest Planning Authority
- Environmental Health
- Relevant Council services responsible for planning, environmental health, licensing, economic regeneration, legal services, and town centre operations
- A copy of the policy was also placed on the Council's website inviting comments.

The consultation ended on 6 December 2021. A table of consultation responses received is attached at Appendix 2, which includes confirmation of any amendments made to the Policy as a result of such responses, and any other associated officer comments.

The Committee may want to note particularly, the following substantive changes to the first draft submission of the Market Policy as a result of consultation responses and further officer considerations:

- A new paragraph is inserted at 8.4 that states that 'community-based markets with up to 24 stalls will not require a market licence however, the Council's expectation is that they shall comply with the market rules and conditions detailed in this policy as a matter of good practice. Those with 25 or more stalls will require a market licence to which a fee will apply'. This has been included, to ensure that the small, ad hoc markets, many of which have operated for many years across the district without any adverse issues or complaints arising, are not required to apply for a market licence which is considered an unnecessary burden.
- Any community market that falls under the licensing regime by virtue of having 25 plus stalls will only have to pay a one-off administrative fee. An additional cost per market may apply where a community-based or charitable market with 25 stalls or above is held more than once in any calendar year; any additional cost will be calculated using the market formula contained within the general market licence fee structure.
- The Market Policy has been amended to reflect further the Royal Charter market rights enjoyed by the existing Epping, Ongar, and Waltham Abbey markets. Paragraphs 9.5 specifically includes the Town and Parish Councils as a consultee in all applications and a new paragraph 9.6 states that where an application has been submitted, in an area legally entitled, by virtue of historic Royal Charter to operate weekly markets, the automatic presumption will be to refuse permission, unless the application is supported by the relevant Parish or Town Council.
- As explained at paragraph 7 and 8 of this Report, Epping, Loughton and Ongar Town Councils have elected to be the market authority for their parishes and this is reflected in amendments to the Policy at paragraphs 4.2, 4.4 and 5.1. Waltham Abbey, Ongar and Shelley have also vested an interest.

Resource implications:

There will be no additional staff resource.

A market licence, as required under the Policy, will be subject to an annual fee payable by the market operator. The fees will be reviewed annually and included in the Councils fees and charges schedule

Legal and Governance Implications:

The Council has powers under Part 3 of the Food Act 1984, to hold markets within its area and the right to licence and control the frequency of markets within its district.

Section 37 of the Local Government (Miscellaneous Provisions) Act 1982 is also relevant to the Market Policy. Whilst the Council's constitution references the said legislation in its delegations, no minutes exist to evidence the adoption of the legislation in the first instance. Cabinet is therefore being asked to ratify and minute the adoption of the legislation again for completeness.

Safer, Cleaner, Greener Implications:

The Market Policy and licence conditions are designed to protect public safety also ensure a suitable waste management plan and that an adequate Event Management Plan and relevant risk assessments are in place.

The provision of outdoor markets may also provide residents and visitors additional confidence on the high street following the covid pandemic experience.

Impact Assessments:

Risk Management

Risk management will be considered with every licence application. Depending on the size and nature of the market event this may include submission of an Event Management Plan and relevant Risk Assessments. Other considerations will include: any previous applications being refused, or consent being revoked; potential risk to the public in terms of highway safety and obstruction such as interference with sight lines, junctions, accesses, pathways and crossings; free flow of pedestrians or vehicles in the street, with particular regard for the visually impaired or those with other physical disability; the nature of goods to be traded, including those deemed inappropriate or to have an adverse health or environmental risk; the likelihood of activity to present crime and disorder or anti-social behaviour risk; potential for noise, odour and litter or encourage vermin; comments received from consultees; other required permissions or consent; and any conflict with any other Council policy. The above will be taken into consideration by Licensing Officers prior to any market event and additional requirements, or adjustments agreed with the market operator before start date.

See EQIA at Appendix 4

Market Policy

This document provides policy and guidance for persons wishing to hold private, commercial and/or charity markets together with car boot sales or similar across the district of Epping Forest.

1. Introduction

- 1.1 Epping Forest District Council (“the Council”) recognises the important contribution that markets can make to the local economy and the character of an area. Markets can deliver economic growth & regeneration; they offer an opportunity for small businesses to get started for a relatively modest financial outlay, help increase town centre vitality and contribute in a number of ways to the local communities they serve.
- 1.2 The promotion of markets is an important inclusion in the town centre regeneration projects for Epping, Loughton, Ongar, Waltham Abbey, Buckhurst Hill, and the district as a whole and is particularly relevant, following the coronavirus pandemic which has redirected community focus towards the outside shopping and hospitality experience.
- 1.3 The purpose of this policy is to create a market trading environment that compliments the surrounding area and retail offer, is sensitive to the needs of all users of our town centres and provides a diversity of choice for consumers. It seeks to encourage and stimulate investment from local traders and to create a quality and sustainable offer to our residents and visitors.
- 1.4 The Council recognises that there are many different types of market activities and accordingly, the Markets Policy is intended to cater for each type. In particular, the Markets Policy distinguishes between commercial markets and those that are largely community-based with a strong charitable element. Sections 7 & 8 of the Markets Policy deals with the different types of market activities and sets out the Council’s approach when considering applications in respect of such markets.
- 1.5 This policy has been written with a view to supporting the following objectives:
 - Recognise the importance and contribution of markets to the wellbeing of the local economy;
 - Enhance the economic diversity of the area;
 - Protect and, where possible, enhance the amenity and character of the District and local communities within it;
 - Offer opportunity for local traders and businesses;
 - Provide traders with guidance and clarity;
 - Encourage residents to spend locally on their High Streets and support their local business community;
 - Ensure coherence with Council policies and relevant legislation; and
 - Promote fairness, transparency, and consistency.

2. Consultation and Review of the Market Policy

- 2.1 There is no statutory requirement to consult before determining this licensing policy however to ensure openness and transparency, prior to implementing this policy the Council has chosen to consult with the following:
 - The National Association of British Market Authorities (NABMA)

- The National Market Traders Federation (NMTF)
- Members of the Council, including Town and Parish Councils
- Local businesses
- Existing operators
- Essex Police
- Essex Fire and Rescue
- Essex Highways
- Essex Trading Standards
- Epping Forest Planning Authority
- Environmental Health
- Relevant Council services responsible for licensing, economic regeneration, legal services, and town centre operations

2.2 A copy of the policy was also placed on the Councils website inviting comments.

2.3 This policy may be reviewed from time to time by the portfolio lead for Technical Services. Any revisions made to the policy shall take effect on publication of the policy (as revised) on the Councils website. The policy will also be submitted to the Councils Licensing Committee for overview at 5-year intervals, or sooner if deemed appropriate.

2.4 Anyone wishing to comment on this policy may do so in writing to the Licensing Team Manager, Epping Forest District Council, Civic Offices, 323 High Street Epping CM16 4BZ or via the Councils comments, compliments and complaints page on the Councils website at [Comments, compliments and complaints – Epping Forest District Council \(eppingforestdc.gov.uk\)](https://www.eppingforestdc.gov.uk/Comments-compliments-and-complaints) .

3. Council and Charter Markets

3.1 Epping Forest District Council licenses private operators to operate the following markets:

- North Weald Market – every Saturday and Bank Holiday Monday between 8am & 3pm

3.2 The Town Councils in the following areas either do or can operate a market by virtue of an historic Royal Charter:

- Waltham Abbey Market – every Tuesday and Saturday
- Epping Market – every Monday
- Ongar Market – first Sunday of every month

4. Epping Forest District Council's Market Rights

4.1 The towns of Epping, Waltham Abbey and Ongar are legally entitled, by virtue of historic Royal Charter to operate weekly markets. In more recent times, powers have been vested in local authorities under, what is now, Part III of the Food Act

1984, to hold markets and have the right to licence and control the frequency of markets within their district.

- 4.2 Part III of the Food Act 1984 allows either Parish or District Councils to be the Market Authority and Epping, Loughton and Ongar Town Councils have elected to be Market Authority for their Parishes. As such Epping, Loughton and Ongar Town Council enjoy the rights and responsibilities for the establishment of all commercial and community-based markets within its area. Whilst the district council is the current market authority for all other areas, any future proposals by other Parish or Town Councils to become a market authority will be reflected in an updated Market Policy document.
- 4.3 In addition to the regular Council markets listed above, the Council, where it is the Market Authority, may also operate occasional market events, such as plant and craft fairs, Christmas and summer markets, festivals, and other themed markets across the district. Accordingly, the above list is subject to change and shall be updated as part of a periodic review of the Council's Markets Policy.
- 4.4 Any market other than a market operated by Epping Forest District Council or a Charter market, or a market operating within the Epping, Loughton, or Ongar Parish, will be subject to this policy.
- 4.5 The Council has also adopted Section 37 of the Local Government (Miscellaneous Provisions) Act 1982 that requires any person intending to hold a temporary market to notify the Council in advance, so that if appropriate, the Council can take steps to remove the permitted development rights to hold such a market and require the operator to apply for planning permission to do so.
- 4.6 This right has been exercisable for many years and this policy takes into account the relevant legislation.

5. What is a market event and who does the market policy apply to?

- 5.1 The Councils Markets Policy is intended to apply to all market events held in the district of Epping Forest, (but not Epping, Loughton, or Ongar Parish), that are not a Charter market or are not operated by Epping Forest District Council.
- 5.2 The legal definition of a market is a 'concourse of buyers and sellers'(this means that the public are entitled to attend market events to buy and sell). It should be comprised of not less than five stalls, stands, vehicles (whether moveable or not) or pitches from which articles are sold by a range of different sellers.
- 5.3 A market may be held either outdoors or indoors and on public or private land and includes car boot sales, antique and craft markets, general markets, food markets, farmers' markets and charitable markets but does not include jumble or table-top sales held for charitable or community purposes. However, this list is not exhaustive.
- 5.4 There will be an operator of the market who will be responsible for the organisation and delivery of the market event. A Market Operator means the person, body, or organisation to which a market licence is granted by the Council.
- 5.5 A market may sometimes be held as part of a wider event. When this arises the market element (comprising of 5 or more stalls) of the event shall be subject to the Markets Policy. Where a premises licence for a wider event (which includes a market element) has been issued by the Council then a separate licence may not

be required. However, this requirement shall be determined on a case-by-case basis.

- 5.6 This markets policy does not apply to street trading activities. Street trading is controlled by a separate licensing process and relates to the granting of individual trader consents. Further information about street trading activities can be found on the Epping Forest District Council website: <https://www.eppingforestdc.gov.uk/licensing/apply-for-a-licence/street-trading/>

6. Licensing of Markets under the Council's Market Policy

- 6.1 The Council's consent to a market, by the grant of a market licence, must be given prior to the event taking place. Any market that takes place without such a licence shall be in breach of the Markets Policy and may be subject to the enforcement action described in Section 14 below.
- 6.2 Market licenses are issued to the Market Operator identified in the application ("the Market Operator") and are not transferrable.
- 6.3 The Council shall consider applications in respect of the following categories of market events:
- a) Commercial markets; and
 - b) Community-based markets (operated for a good cause or special event, with a strong charitable element).

The criteria set out in Section 5 above will be relevant in respect of both Commercial and Community-based markets.

7. Commercial Markets

- 7.1 A commercial market is one which is operated for profit and where the traders are engaged in a business activity of selling goods for their own purposes. The Council shall consider applications in respect of commercial markets whilst also having regard to the following matters:
- No market shall be authorised unless it can be demonstrated that the proposed market complements existing retail activity in the local area and supports the Council's objective of helping to create a thriving local economy that is attractive and welcoming and does not prejudice the overall market offer.
 - A lawful Council operated market, Charter market or other market which the Council has issued a licence, is entitled to the right of protection within a common law distance of six and two third miles from the existing market on the same day - measured 'as the crow flies'. This common law entitlement is part of a local authority's market rights and has been upheld by a Court of Appeal. Equally, a new market will not be permitted to operate within the common law distance of the established market, on a different day or days, where there is likelihood of damage to the business activity of the established market. Please note that, irrespective of this Council's Policy, an established market owner is entitled to take its own private legal action against any rival market by virtue of s.50 (2) of the Food Act 1984
 - The applicant is required to provide a site plan showing the extent of the proposed market area and proposed layout of stalls.

- Design of stalls must enhance the visual appearance of the area and be constructed in a suitable style and of appropriate materials i.e., simple, functional stalls with canopies or awnings of traditional or modern design.
- The applicant is required to undertake a risk assessment in relation to the proposed operation of the market and make this available for inspection by the Council upon request.
- The applicant must ensure that all other necessary consents and licences have been obtained prior to the market taking place. All traders must comply with any relevant statutory requirements, bylaws, and other legislation.
- Where necessary consultation with police, fire, health & safety, and highways should be carried out together with any other relevant body.
- The relevant application fee must accompany the application. The licence fees for any markets licence consist of a non-refundable fixed application fee and a sliding scale fee based on both the size of the market and the frequency with which the market is to be held.
- All market traders must hold a current public liability insurance policy with cover of at least £5,000,000.00 (five million pounds) for any one claim. The policy must indemnify the Council and its employees against any claim, howsoever arising. Details including name and address of insurance company and policy number must be provided to the Council and upon each renewal date updated details produced and filed in the Council office prior to the market taking place.
- All trading standards guidelines, health and safety requirements and any other relevant legislation must be adhered to. Food businesses with articles exposed or offered for sale for human consumption shall comply with current food & hygiene regulations and be able to demonstrate the required certification.
- Food businesses trading should have a minimum food hygiene rating of 3 (standards are generally satisfactory) or above.
- Type of goods to be sold. The goods must complement and not conflict with goods sold by other retailers in the immediate area.
- Consideration being given to the adjacent retail offer to each individual pitch and limiting the number of those selling similar goods. This encourages diversity of offer and operators should seek to complement rather than compete.
- Demonstrates a preference to the use of local traders and businesses.

7.2 Following outline approval of an application a licensing agreement must be entered into between the Market Operator and the Council and such licensing agreement must be signed by both the Council and the Market Operator before the market takes place. The licence agreement will cover the issues set out in this section and all other matters the Council deems to be relevant including, but not limited to the following:

- Waste disposal arrangements. Applicants have a legal responsibility under the Environmental Protection Act 1990 and other related legislation to safely contain and legally dispose of any waste produced.
- Road closures and traffic management
- Noise and nuisance

- Health & Safety
- Power usage
- Market Operator agrees to allow access to appropriate Council Officers in the interest of public safety.

Any other requirements the Council consider appropriate.

8. Community – Based Markets

- 8.1 Community-based markets are normally organised by local communities or groups with the intention of raising funds for a specific cause or celebrating a special event.
- 8.2 The markets must be operated on a non-profit basis to assist a charity or community, and the operator shall supply relevant information to the Council if requested. Whilst it is acknowledged that some traders will be selling goods for their own purposes, the Council will look for the event to have a strong charitable element in the way the event is organised.
- 8.3 Where a market is being operated on behalf of a registered charity, the operator must provide written permission from the charity organisation to raise funds on their behalf.
- 8.4 Community-based markets with up to 24 stalls will not require a market licence however, the Councils expectation is that they shall comply with the market rules and conditions detailed in this policy as a matter of good practice. Those with 25 or more stalls will require a market licence to which a fee will apply.
- 8.5 In respect of any licence the operator must have adequate insurances, comply with Trading Standards guidelines, health and safety requirements and any other legislative requirements or other statutory provisions laid down by the Council.
- 8.6 Where applicable, a licensing agreement will be entered into between the operator and the Council, and such licensing agreement must be concluded before the market takes place. This agreement will include and insist on such other requirements as are deemed appropriate to ensure consumer and public safety standards.

9. Process for Determining Market Applications

- 9.1 An electronic version of the Council's Markets Policy, together with the relevant market licence application form, can be viewed and downloaded from <https://www.eppingforestdc.gov.uk/xxxxxxx>.
- 9.2 The application accompanied by the relevant fee should be completed and submitted to licensing@eppingforestdc.gov.uk
- 9.3 The application process will consider such matters as (but not limited to):
 - Has an adequate Event Management Plan been completed with the inclusion of any relevant Risk Assessments? The purpose of the risk assessment is to:
 - a) Identify elements of the event or infrastructure that could cause injury or illness
 - b) The likelihood that someone could be harmed and how seriously (the risk)

- c) What action will be taken to eliminate the hazard, or if this is not possible, control the risk

The risk assessment will form an important part of the overall event management plan however, the event management plan should consider wider issues including noise levels and the likelihood of noise disturbance to local residents, crime and disorder, evacuation, parking, stewarding and marshals, staff training, ingress and egress of attendees etc.

Further details on event planning can be found on the Health and Safety Executive website here [Event safety - Running an event safely \(hse.gov.uk\)](https://www.hse.gov.uk/event-safety/)

- Has the operator held other events within the district, if so, how many and at what frequency?
- Previous applications being refused, or licence being revoked.
- Has permission been granted by the venue/landowner?
- Potential risk to the public in terms of highway safety and obstruction such as interference with sight lines, junctions, accesses, pathways, and crossings.
- Free flow of pedestrians or vehicles in the street, with particular regard for the visually impaired or those with other physical disability.
- Road safety, including existing traffic orders and waiting restrictions.
- The nature of goods to be traded. Including those deemed inappropriate or to have an adverse health or environmental risk.
- Likelihood of activity to present crime and disorder or anti-social behaviour risk.
- Whether the grant would create conflict with the trade of existing businesses.
- Likelihood of noise, odour and litter or encourage vermin.
- Comments received from consultees.
- Obtaining of any other required permission or consent.
- Conflict with any other Council policy.

9.4 The Council will aim to deal with applications within a period of 28 days of receipt. Applicants are urged to apply as early as possible to ensure that the Council has adequate time to consider the relevant matters in an appropriate way. In considering the application the Council will require sufficient information to deal with all the issues set out in the criteria listed above and covered on the application form. Failure to provide full information as highlighted above may lead to a delay in the Council reaching its decision or the application being refused.

9.5 The Council will consult on applications and in doing so it will share information with other agencies as appropriate including the relevant Town and Parish Council, the Police, Essex County Council Highways, Planning and Environmental Health etc.

9.6 Where an application has been submitted, in an area legally entitled, by virtue of historic Royal Charter to operate weekly markets, the automatic presumption will be to refuse permission, unless the application is supported by that Parish or Town Council.

- 9.7 The guidelines detailed in sections 7 & 8 of this policy will be applied when an application is made and received by the Council.
- 9.8 Where an application is refused, the Council will set out the reasons for its decision in writing. If the applicant wishes to appeal the decision it should do so, in writing, within fourteen days of the Councils written decision. Please see section 10 in respect of the appeals procedure below.
- 9.9 All decisions to grant a market licence are made at the discretion of Epping Forest District Council. The Council may issue a licence for up to one year or a lesser period where appropriate if the trading activity is seasonal or of a temporary nature.

10. Appeals Process

- 10.1 If the Council determines to refuse an application for a market licence, it will contact the applicant and set out the reasons for its decision in writing.
- 10.2 There is no statutory right of appeal against the refusal to issue a market licence. However, the applicant may appeal against the decision through the Epping Forest District Council complaints procedure.
- 10.3 If the applicant wishes to appeal the decision it should do so, in writing, within fourteen days of the Councils written decision, setting out the reasons why the applicant believes the decision is unwarranted.
- 10.4 On receipt of an appeal request the decision will be reviewed by the Service Manager for Technical Services and the applicant informed of the outcome in writing.

11. Market Fees

- 11.1 A reasonable administrative fee will be charged for applications. The fees are set on a cost recovery basis, taking into consideration the time and cost to the Council in determining the application. If the application is successful, there will be an additional fee to cover the cost of ongoing compliance visits.
- 11.2 The additional fee is payable once the application has been granted by the Council. An agreement between the applicant and the Council will be drawn up by the Council and this will require the appropriate fee to be paid at least 7 days prior to the event taking place.
- 11.3 The fees are payable annually and are determined on the type, size, and frequency of the market. Please refer to current fees schedule for full details.
- 11.4 Fees do not include any other fees that may be charged for the operator to comply with other relevant legislation, for example, a Game Licence, Alcohol Licence, Planning or Highways permission.
- 11.5 Fees are reviewed annually and are available on the Councils website.

12. Other Approvals

- 12.1 It is important to emphasise that any approval given by the Council in accordance with this Market Policy shall not remove the requirement for any other relevant approvals, consents, or licences to be obtained by the Market Operator.

- 12.2 Where the market is being held on private land, the Market Operator must ensure that approval from the relevant landowner is obtained prior to submitting the market application.
- 12.3 The Market Operator should also consult with the Councils Planning Department to ascertain whether planning consent is required for the market to operate. Any market held in the same location for 14 or more days in a calendar year will require planning consent. Contact: Planning.Admin@eppingforestdc.gov.uk / 01992 564000.
- 12.4 The Market Operator shall be responsible for any temporary road closures and associated traffic management arrangements that may be required in order to facilitate the operation of the market. Essex County Council has legal powers to temporarily close roads and divert traffic in order to facilitate various types of events. Applications for temporary road closures in relation to markets should, in the first instance, be addressed to Essex County Council (see www.essex.gov.uk for more information).
- 12.5 Attention is also drawn to the provisions of the Licensing Act 2003 in respect of any entertainment provided at the market or where a Temporary Events Notice might be required in respect of the sale of hot food or alcohol. Contact: licensing@eppingforestdc.gov.uk / 01992 564000.
- 12.6 The Council has approved the adoption of Section 37 of the Local Government (Miscellaneous Provisions) Act 1982. This Section deals with temporary markets and any operator of a temporary market, together with the occupier of land on which the market is to be held, are required to give to the Council not less than one month's notice of the holding of the market.
- 12.7 Any notice given by the operator and the occupier of the land shall state:
- 12.8 The full name and address of the person intending to hold the market
- 12.9 The day or days on which it is proposed that the market will be held and its proposed opening and closing times
- 12.10 The site on which it is proposed that the market will be held; and
- 12.11 The full name and address of the occupier of the land if he is not the person intending to hold the market.
- 12.12 It is important to emphasise that the requirements of Section 37 are quite separate to the licensing of events under the Council's Markets Policy set out in Section 9. The operator and the occupier of the land should ensure that a notice is given to the Council under the requirements of Section 37 as soon as proposals for a temporary market are under consideration. This will enable the Council to consider a proposal and indicate its likely view on a subsequent application for a markets licence.

13. Renewing or Termination of the Market Licence

- 13.1 Market licences will be granted for a maximum 12-month period. Operators should re-submit their application if they wish to continue to operate a regular market. This must be done at least one month before their current market licence expires. No reminders will be sent
- 13.2 The market licence may be terminated by either party by giving twenty-eight days' notice in writing.

14. Enforcement

- 14.1 The Council will monitor the application of its Markets Policy and any market event which is operated after the date of the adoption of this Markets Policy.
- 14.2 Any market which is not approved by the Council under its Markets Policy will be subject to legal action and the Council may seek an appropriate remedy in the courts to prevent the market being held and/or damages as appropriate.
- 14.3 Any Market Operator acting in contravention of any market licence granted by the Council will run the risk of the licence being terminated by the Council with immediate effect on such terms as the Council determines and, in such circumstances, the Council reserves the right to refuse any future applications for market licences submitted by the Market Operator concerned or any person or organisation associated with the Market Operator.
- 14.4 Any costs associated with enforcement action deemed necessary as a result of the Market Operator's failure to comply with the Market Policy will be recovered from the Market Operator.
- 14.5 It is the responsibility of the Market Operator to ensure compliance with the conditions of the market licence. This includes ensuring that all traders are aware and comply with relevant conditions.
- 14.6 The Council will deal with complaints about markets using its existing policies depending upon the complaint.

15. Market Rules and Conditions

- 15.1 The Market Operator shall not permit the sale, exchange or giving away of live animals, birds, fish, reptile, or other livestock on the marketplace.
- 15.2 No firearms (real or imitation), air weapons, sheath knives, cut-throat razors, hunting/fighting knives, bows or crossbows may be available for sale (domestic cutlery is permitted). The sale of any item that may be deemed to be of a harmful, objectionable, or offensive nature, or that is prohibited by current Acts of Parliament, is not permitted.
- 15.3 No goods may be displayed or sold which in the opinion of the Council are inappropriate, or likely to cause offence to other traders or members of the public.
- 15.4 Loudspeakers, instruments, or other noise generating appliances are not to be used or shall be so moderated as not to cause any nuisance, annoyance, or disturbance.
- 15.5 Where the market is held on the public highway, there must be an absolute minimum of 0.450 metres from the kerb edge to a market stall/person serving at the market stall.
- 15.6 Vehicles to unload and load the market are not exempt from existing parking restrictions/taxi bays/disabled parking bays, therefore it is important to consider where they can park safely without having an impact on any other highway user.
- 15.7 Where the market is held on the public highway, market vehicle parking should be considered as most locations cannot accommodate all day parking.
- 15.8 Where the market is held on private land, the Market Operator must ensure that there is adequate parking on the market site for both sellers and buyers.

- 15.9 Where applicable, the Market Operator must ensure that there are sufficient stewards on duty to control traffic entering and leaving the market site and to control parking on the site in a safe manner.
- 15.10 Market loading and unloading must not cause any trip hazards.
- 15.11 Traders/the Market Operator must supply their own stalls, including any tables and awnings. Awnings and stalls used must be stable in all weather conditions and not present a danger or trip hazard to other market/highway users.
- 15.12 Clear routes of access along the highway must be maintained, taking into account the needs of disabled people, older people and those with mobility needs. A width of 2m should be maintained but where this is not possible, 1.5m will be the minimum width allowed. Market stalls must be located to ensure that queues do not impede access routes.
- 15.13 Market stalls should be allocated positions that ensure any queues do not block the footways.
- 15.14 Stalls should not have goods spread across the footway in front of them.
- 15.15 The Market Operator must provide suitable receptacles for the disposal of litter and ensure that all rubbish is removed from the vicinity of the market at the end of the day's trading.
- 15.16 Traders shall not bring onto the market any inflammable liquids, gases, fireworks, or similar articles which may cause fire or explosion. The exception being a gas supply for cooking food upon such conditions as the Council may direct.
- 15.17 No goods may be displayed or sold that are counterfeit or in breach of copyright or patent.
- 15.18 No mains-powered electrical goods may be sold except for new items still in their original packaging. Second-hand or used electrical goods may not be sold, even if PAT-tested
- 15.19 All traders must familiarise themselves with the conditions of the licence issued by the Council.
- 15.20 All incidents, accidents and "near misses" involving Traders, their staff or members of the public must be recorded and reported as soon as possible to the Council.

This list is not exhaustive, additional conditions may be added or removed to the licence dependant on the type and size of the event.

Market Policy Consultation Responses and Action Taken

Responder	Comment	Proposed Action Taken
Essex Police – received via email	15.16 An acceptable width of footway should be left available at all times – What is “acceptable” it may be useful to stipulate a distance or for example “Wheelchair, pushchair access “	Amend 15.16 to include Clear routes of access along the highway must be maintained, taking into account the needs of disabled people, older people, and those with mobility needs. A width of 2m should be maintained but where this is not possible, 1.5m will be the minimum width allowed. Market stalls must be located to ensure that queues do not impede access routes. This is consistent with pavement licensing policy. Outcome achieved; This is consistent with current pavement licensing policy and provides clear guidance to operators.
Friends of Swaines Green - organisers of the annual May Fayre – received via email	<p>Point 1.</p> <p><i>5.4 There will be an operator of the market who will be responsible for the organisation and delivery of the market event. A Market Operator means the person, body, or organisation to which a market licence is granted by the Council.</i></p> <p><i>5.5 A market may sometimes be held as part of a wider event. When this arises the market element (compromising of 5 or more stalls) of the event shall be subject to the Markets Policy. Where a premises licence for a wider event (which includes a market element) has been issued by the Council then a separate licence may not be required. However, this requirement shall be determined on a case-by-case basis.</i></p> <p>Clearly, we will need a market licence for the May Fayre, but this implies we would require a licence for a ‘wider event’ – is this correct and what further licence would we need?</p> <p>Point 2.</p> <p>We note that our May Fayre is a ‘Community based market’ according to your section 8, although the implications are not clear.</p> <p><i>8.4 In respect of any licence the operator must have adequate insurances, comply with Trading Standards guidelines, health and safety requirements and any other legislative requirements or other</i></p>	<p>Point 1.</p> <p>Amend draft policy to state; Community-based markets with up to 24 stalls will not require a market licence however, the Councils expectation is that they shall comply with the market rules and conditions detailed in this policy. Those with 25 or more stalls will require a market licence to which a fee will apply.</p> <p>Advice given regarding other licensing requirements that may apply i.e., premises licence or Temporary Event Notice if Alcohol is to be sold.</p> <p>Outcome achieved; To remove the requirement for small to medium events to apply for a market licence but to encourage compliance with the market rules and conditions detailed in the policy as a matter of good practice.</p> <p>Point 2.</p> <p>No proposed action. The policy states that all market traders must hold a current public liability insurance policy with cover of at least £5,000,000.00 (five million pounds) for any one claim, but we do not specify an amount for the operator. The Council’s view is that this is a matter for the operator to determine in discussion with their insurer as they will be best placed to advise on the appropriate level of insurance cover required.</p> <p>Should the Council determine to remove the requirement for community/ charity-based</p>

	<p><i>statutory provisions laid down by the Council.</i></p> <p>We have insurance for the May Fayre, but there is no indication of what level is 'adequate'. How should we interpret that?</p> <p>Point 3.</p> <p><i>9.3 The application process will consider such matters as (but not limited to):</i></p> <ul style="list-style-type: none"> • <i>Has an adequate Event Management Plan been completed with the inclusion of any relevant Risk Assessments?</i> <p>No information is given on what you consider an Event Management Plan to comprise, nor of what Risk Assessments you would require. Please clarify to provide enough information so that this requirement can be complied with. Does the Council require a copy of these documents as part of the licensing process?</p> <p>Point 4.</p> <p><i>15. Market Rules and Conditions</i></p> <p><i>15.1 The Market Operator shall not permit the sale, exchange/giving away or display of live animals, birds, fish, reptile, or other livestock on the marketplace.</i></p> <p>We need a lot more clarity on this point. We normally include stalls supporting charities for ferrets, owls, sometimes lizards etc., and these stalls have these animals on display for the public to see and sometimes handle. This is typical for a public event of this type anywhere in the country, and it would be very disappointing not to have these.</p> <p>In addition, we need to determine if this regulation prevents us from having a dog show, ferret races, or a bird of prey demonstration, for example. If it does not, then this regulation needs expressing more</p>	<p>markets with less than 25 stalls to hold a market licence, then the Council will not be imposing any formal requirements on the event organisers. However, it is the Councils expectation that all operators comply with the market rules and conditions detailed in the policy as a matter of good practice.</p> <p>Outcome achieved; Clarification provided</p> <p>Point 3.</p> <p>Amend policy to include Market operators, should have a risk assessment in place to protect themselves, volunteers, traders, and those attending the event from potential harm. The purpose of the risk assessment is to.</p> <ul style="list-style-type: none"> • Identify elements of the event or infrastructure that could cause injury or illness • The likelihood that someone could be harmed and how seriously (the risk) • What action will be taken to eliminate the hazard, or if this is not possible, control the risk <p>The risk assessment will form an important part of the overall event management plan however, the event management plan should consider wider issues including; noise levels and the likelihood of noise disturbance to local residents, crime and disorder, evacuation, parking, stewarding and marshals, staff training, ingress, and egress of attendees etc.</p> <p>Further details on event planning can be found on the Health and Safety Executive website here Event safety - Running an event safely (hse.gov.uk)</p> <p>Outcome achieved; Clarification and guidance provided to applicants.</p> <p>Point 4.</p> <p>Amend 15.1 as follows;</p> <p>15.1 The Market Operator shall not permit the sale, exchange/giving away of live animals, birds, fish, reptile, or other livestock on the market - place.</p> <p>Outcome achieved; This will no longer prohibit the exhibition of animals etc.</p>
--	---	--

	clearly.	
Epping Horticultural Society (EHS) – telephone enquiry	Concerns raised that annual EHS flower show at St Johns Church Epping will under the proposed policy require a market licence due to the event having between 6 -12 stalls and this will not be financially viable.	Amend 8.3 of draft policy as follows; Community-based markets with up to 24 stalls will not require a market licence however, the Councils expectation is that they shall comply with the market rules and conditions detailed in this policy as a matter of good practice. Those with 25 or more stalls will require a market licence to which a fee will apply. Outcome achieved; To remove the requirement for small to medium events to apply for a market licence but to encourage compliance with the market rules and conditions detailed in the policy as a matter of good practice.
Loughton Residents Association	For many years we have organised a monthly market on Centric Parade, High Road, Loughton, in conjunction with a commercial market operator. We wish to restart these markets in 2022, on a similar basis. We therefore welcome the Council's proposals and look forward to them being brought into force at the earliest possible date. Our only comment on the text of the Policy is that we think that it would help avoid misunderstandings and/or doubts among readers of the Policy if paragraph 5.6 can be amended to make it clear that individual traders do not need to apply for individual street trading licences if a market licence is being applied for by a market organiser, as this point has already been raised with us.	
Paul Messenger <i>FIPM</i> Town Centres Manager Epping Forest District Council	I am writing further to your letter of 29 November 2021 inviting comments on the proposed Market Policy. In basic terms, I consider the introduction of this Policy to be a very positive step and a formal method of regulating and licensing the running of one off and/or regular markets across the District, particularly where towns do not hold Charter Market status. At the current time, I am in conversation with three locations which have expressed an interest in running a market and where the implementation of this Market Policy would play a crucial part in enabling them to do so. From my perspective as a Place Manager and Town Centres Manager for Epping Forest District Council, I consider that markets can	

	<p>play an important role in contributing to a vibrant and attractive town centre. They provide social value to the town in which they are based and provide benefits to economic, social, and environmental wellbeing. Further, markets can stimulate a footfall increases of up to 25% (Institute of Place Management 2015) which in turn can increase retail sales for the town as a whole as visitors also spend money in the town's other shops. Markets also encourage new businesses and nurture retail innovation particularly as they provide low barriers to entry. Overall, therefore, I see that this Policy will be highly beneficial and will provide towns and villages across the District with a means of operating a market and the required guidelines for doing so.</p> <p>At the current time with Covid being so prevalent open air markets are also good as they enable people to shop, whilst at the same time engaging in social interaction in the relative safety of the open air. This in turn encourages the social wellbeing and community value of a town at a time when people could become isolated, alone, and out of touch.</p> <p>Although I am not qualified to comment on the contents of the Policy, I would say that it appears to be extremely comprehensive and covers every eventuality.</p> <p>In short, I welcome the introduction of this Policy and on its completion, will look forward to speaking to towns and villages about the benefits of markets and the merits of holding them within their particular location.</p>	
T.A.N.Valder-Hogg	<p>I am concerned that the draft market policy will create burdens for small shows, such as the Epping Horticultural Society show or the Epping Railway Circle exhibitions that will make them unviable. It appears (my notes below) that charities holding "markets" are exempt from some of the burdens the policy would introduce for commercial operations, but other not-for-profit organisations are not clearly exempted. Many small organisations are not charities because it introduces administrative burdens for little or no gain. I can tell</p>	<p>Amend 8.3 of draft policy as follows; Community-based markets with up to 24 stalls will not require a market licence however, the Councils expectation is that they shall comply with the market rules and conditions detailed in this policy as a matter of good practice. Those with 25 or more stalls will require a market licence to which a fee will apply.</p>

you from experience that it is extremely difficult to find a treasurer for organisations which aren't charities, and more so if they are. You may notice that s1.4 mentions charities, and not other not-for-profit. I think a whole section of community events has been forgotten about and the document as it is lumps them with commercial costs (as yet unstated) and administration. I also wonder what effect this draft policy would have on not-for-profit stalls at commercial markets.

Notes:

According to s5.5 this is to apply to any event with more than five stalls selling anything, other than street trading.

s8 deals with "community" markets which must be not-for-profit.

8.2 specifies not-for-profit or charity BUT 8.3 requires proof of charity registration thus eliminating not-for-profit organisations which are not charities e.g. the Epping Horticultural Society, Epping Railway Circle. This is very important as small community groups are often not charities because of the increased administration without any great benefit. If this section is not sensibly rewritten, it will put all the burdens a commercial enterprise would have onto not-for-profits and bring an end to shows/exhibitions in the EFD area.

s9.3 mentions a borough - Has this been copied from a London Borough without sufficient thought as to the effects in an area like ours, or perhaps the writer is unaware that EFD is not a borough.

s11 Fees - These are unstated, but the indication is that there will be significant administration and the fees for this might be injurious for organisations which struggle to break even. For reference, horticultural society shows expect to make a loss.

Some charities have quite small turnovers, and one wonders what the effect of this might be on Womens Institute or church open events

s15.3 - the writer should note that the use of a system to make announcements is at some events a safety requirement as well as necessary for things such as prize

	<p>giving. Rewriting desirable. 15.7 - People around Epping rely on the public car parks to get to almost any Epping event. Will the lack of parking prevent markets from taking place in Epping?</p> <p>2nd Response</p> <p>Thank you for taking the trouble to write and include an updated draft policy.</p> <p>The policy seems much improved and I wonder if I may suggest a couple of small changes:</p> <p>In 8.2 add “or community interest” after or before “charitable element”.</p> <p>In 15.3 the removal of “not to be used” would be clearer as the latter part of the sentence goes on to allow them within sensible parameters. You were going to add a sentence allowing public address for safety, but this would keep the length down and make qualification unnecessary.</p> <p>I wonder how the District Council acting as a licensing authority will work with the other local authorities with market rights. Will it be necessary to obtain licences both from the District Council and a Town Council in those places which have charter markets? It seems sensible in such places to only have to obtain a licence from one authority, and that authority would most sensibly be the one with a more detailed knowledge of the town; the Town Council.</p> <p>Tim Valder-Hogg</p>	
<p>Judy Lovell - Loughton Broadway Town Centre Partnership</p>	<p>I am writing on behalf of the Loughton Broadway Town Centre Partnership. The draft market policy was circulated to members before our last meeting.</p> <p>The general feeling was that we are appreciative of the work put into drawing up this draft policy, and we are glad that there will be clarity for anyone who wishes to establish a commercial market locally.</p> <p>In particular we are glad that it states that there is a desire to complement the existing retail opportunities, as we would not want existing retailers to feel that they were facing inappropriate competition.</p> <p>The aim of helping to create a thriving local economy and that goods must complement and not</p>	

	<p>conflict with goods sold by other retailers in the immediate area is also appreciated. The encouragement of diverse offers and complementary goods within the market itself is also valued.</p> <p>At this stage there is no indication of the amount that will be charged for either a commercial or charitable market, and so we are unable to comment on that aspect of the policy.</p> <p>Thank you for holding a consultation on the policy.</p>	
Jo Mackey – Restore Community Church	<p>After reading through the draft market policy I am concerned that not enough thought has been given to the consequences of the policy regarding the Charity sector.</p> <p>I understand the need for a policy but most Churches, Schools and other Community organisations will at some point have a fete or market type event in order to fundraise, so the question is how will you make them aware of the policy? What will happen if they fail to apply for a licence? Will EFDC be able to cope with an influx of applications which I can imagine will be focussed on specific times of the year? Would it not be prudent to increase the number of stalls you can have before requiring a licence?</p>	<p>Amend 8.3 of draft policy as follows;</p> <p>Community-based markets with up to 24 stalls will not require a market licence however, the Councils expectation is that they shall comply with the market rules and conditions detailed in this policy as a matter of good practice. Those with 25 or more stalls will require a market licence to which a fee will apply.</p> <p>Outcome achieved; To remove the requirement for small to medium events to apply for a market licence but to encourage compliance with the market rules and conditions detailed in the policy as a matter of good practice.</p>
David Buckle Show Secretary, Epping Horticultural Society	<p>Having reviewed the draft policy as Show Secretary of the Epping Horticultural Society, the following concerns and questions have been raised</p> <p>1)As a local society that is not registered as a charity (but affiliated with the RHS), would our annual horticultural show have to be registered as a commercial market under the proposed policy?</p> <p>a)Other than by formally applying is there any way to confirm the categorisation?</p> <p>2) As a society that is not a registered charity, the proposal paragraph 8.3 is disturbing. “The operator must hold adequate proof that the charity they represent is registered with the Charity Commission, and provide written permission from the charity organisation to raise funds on their behalf.”</p> <p>a) Does this paragraph apply only to those claiming charitable status</p>	<p>Amend 8.3 of draft policy as follows;</p> <p>Community-based markets with up to 24 stalls will not require a market licence however, the Councils expectation is that they shall comply with the market rules and conditions detailed in this policy as a matter of good practice. Those with 25 or more stalls will require a market licence to which a fee will apply.</p> <p>Outcome achieved; To remove the requirement for small to medium events to apply for a market licence but to encourage compliance with the market rules and conditions detailed in the policy as a matter of good practice.</p> <p>Food hygiene relates to food businesses only</p>

or are all local societies required to conform? I'd suggest that "that the charity they represent" be changed to "that any charity or charities they intend to represent".

b) While the society makes no claim to be, or represent, a charity, several stall holders are there as representatives of such. Would each charity that may be invited be required to provide the noted proofs at the time of the licence application?

3) While the society is covered by public liability insurance for its public interactions, the level suggested (admittedly under the commercial heading) is somewhat in excess of our current policy. Would we need to revise our insurances to gain a license? Would we also need to ensure that each potential vendor is separately insured to an equivalent standard under the licence terms?

4) While the society can see the intent behind the provision of the hygiene rules, continued use of the church tea-making facilities at St Johns, Epping, and the sale of the WI's excellent cakes at the show would seem to be ruled out as each and every volunteer or potential donor would need a separate certificate. As this forms a key part of the core of the show's social interactions it may be better for us to ensure that the need to register never applies or that this activity ceases, to the detriment of all concerned.

5) The policy gives no indication of the scale of tax that might apply in order for a local organisation to gain an appropriate licence. Given the small budgets and narrow/negative profits this event would be quite sensitive to that tax scale.

6) The policy would appear to apply to the efforts of almost every social institution in the district – school fetes, open-days at the fire station, church socials, airfield museum open days, etc. Are all intended to be covered and require licencing?

In the light of the suggestion (23/11/2021) to increase the limit to 25 stalls for non-commercial events, I would see that as a great step forward for many groups, but not a

	universal panacea to the above issues.	
Epping Town Council	<p>On 29th November 2021, representatives of Epping Town Council met with representatives of Epping Forest District Council to discuss Epping Forest District Council's Markets Policy and how it may affect Epping Town/Parish, as Epping Town Council are the holder of a Royal Market Charter and as such, are an overlapping authority with Market Rights. Representatives of Epping Forest District Council advised that they would undertake further research and work on their Policy and further communication would take place between the two Councils. After taking the necessary legal advice, Epping Town Council adopted a Market Policy, which is attached to this correspondence. Epping Town Council have been advised that it would be prudent for Epping Town Council to be the Market Operator for Epping Parish, which would encompass the community groups in Epping Parish. This would reduce unnecessary complications and duplicate administration. Epping Town Council's Market Policy has been adopted. It will, of course, be necessary for there to be further communications between the two Councils. In its current form, Epping Forest District Council's Markets Policy does not recognise the Market Powers held by Epping Town Council and will need to be amended to reflect these. Epping Town Council look forward to working with Epping Forest District Council in relation to this matter.</p>	<p>Further discussions with Epping Town Council, the NABMA and our Counsel opinion (Cornerstone Barristers) is summarised as:</p> <p>The Food Act 1984 empowers a local authority to establish and operate markets across its district and to be the market authority. The legal definition of 'local authority' under the Food Act includes district and parish councils.</p> <p>The Epping Forest District Council cannot therefore assume market authority status for all parishes across the district and it is within the gift of each parish to propose to be the market authority for their own parish. In theory both district and parish councils could be a market authority for the same area, but this would be duplicitous and unnecessarily bureaucratic. In any case the district council will always want to work with and not against the parishes.</p> <p>Epping Town Council and Ongar Town Council want to be the market authority for Epping parish and our market policy is amended to reflect this. Other Parish Councils are considering their options</p> <p>Amendments:</p> <p>Insert a new paragraph 4.2 to state : Part III of the Food Act 1984 allows either Parish or District Councils to be the Market Authority and Epping and Ongar Town Councils are elected the Market Authority for their Parishes. As such Epping, Loughton and Ongar Town Council enjoy the rights and responsibilities for the establishment of all commercial and community-based markets within its area. Whilst the district council is the current market authority for all other areas, any future proposals by other Parish or Town Councils to become a market authority will be reflected in an updated Market Policy document.</p> <p>Amend paragraph 4.4: Any market other than a market operated by Epping Forest District Council or a Charter market, or a market operating within the Epping or Ongar Parish, will be subject to this policy.</p> <p>Amend paragraph 5.1: The Councils Markets Policy is intended to apply to all market events held in the district of Epping Forest, (but not Epping or Ongar Parish), that are not a Charter market or are not operated by Epping Forest District Council.</p>

		<p>Amend 9.5 as follows: The Council will consult on applications and in doing so it will share information with other agencies as appropriate including the Town and Parish Councils, the Police, Essex County Council Highways, Planning and Environmental Health etc.</p> <p>Insert new paragraph at 9.6: Where an application has been submitted, in an area legally entitled, by virtue of historic Royal Charter to operate weekly markets, the automatic presumption will be to refuse permission, unless the application is supported by that Parish or Town Council.</p> <p>Outcome achieved:</p> <p>The Market policy is amended to reflect the market authority status of Epping and Ongar Town Council and a clause is inserted that allows for other Parish Councils in the future to be included as a market authority.</p>
<p>Peter Sparks On Behalf Of Debden Traders.</p>	<p>This comes as a refreshing read , straight forward and of a good economic business strategy for our future.</p> <p>However this is no different The Debden Traders proposals over a year ago at street trading licence renewal for the Broadway weekly Market. We can only assume common sense has prevailed and we can at least now move forward in a positive direction.</p> <p>This all meets with our satisfaction and hopefully 2022 will be a fresh start for all with a bright future.</p>	

Appendix 3

The Market Fees Policy and Fee Schedule

Commercial Markets

1. An initial administrative fee is charged as part of the market licence application process, which is non-refundable, regardless of the application outcome, subject to mitigating circumstances
2. An additional fee is payable once the application has been granted by the Council

3. The Market Licence will be for a period of 12 months after which a new application will be required

Fee Schedule

The fees are payable annually and are determined on the size and frequency of the market

Number of Stalls	Application Fee (including 1 st Market)	Additional amount per market	Example annual cost for 12 markets
Less than 15	£100	£10	210
15 - 24	£150	£15	315
25 - 34	£200	£20	420
35-44	£300	£30	630
45 – 54	£400	£40	840
55 - 100	£500	£50	1,050

The fees have been calculated based on reasonable and proportionate estimate of the time required to process applications, initial site visits, draft licence agreement and ongoing costs associated with compliance visits, responding to enquiries, complaints, and associated administration.

Community- based and Charitable Markets

1. Market events with up to 24 stalls do not require a markets licence and no fee is applicable
2. Market events comprising 25 stalls require a market licence. A single fee of £100 is charged as part of the market licence application process, which is non-refundable, regardless of the application outcome, subject to mitigating circumstances.
3. Where a community-based or charitable market with 25 stalls or above is held more than once in any calendar year, an additional cost per market may apply which will be calculated using the 'additional amount per market' formula contained in the fee structure table above.

These fees are subject to the Councils fee review policy and will be reviewed every 12 months.

Appendix 4 Equality Impact Assessment

1. Under s.149 of the Equality Act 2010, when making decisions, Epping District Council must have regard to the Public Sector Equality Duty, i.e., have due regard to:
 - eliminating unlawful discrimination, harassment and victimisation, and other conduct prohibited by the Act,
 - advancing equality of opportunity between people who share a protected characteristic and those who do not,
 - fostering good relations between people who share a protected characteristic and those who do not, including tackling prejudice and promoting understanding.
2. The characteristics protected by the Equality Act are:
 - age
 - disability
 - gender
 - gender reassignment
 - marriage/civil partnership
 - pregnancy/maternity
 - race
 - religion/belief
 - sexual orientation.
3. In addition to the above protected characteristics, you should consider the cross-cutting elements of the proposed policy, namely the social, economic, and environmental impact (including rurality) as part of this assessment. These cross-cutting elements are not a characteristic protected by law but are regarded as good practice to include.
4. The Equality Impact Assessment (EqIA) document should be used as a tool to test and analyse the nature and impact of either what we do or are planning to do in the future. It can be used flexibly for reviewing existing arrangements but in particular should enable identification where further consultation, engagement and data is required.
5. Use the questions in this document to record your findings. This should include the nature and extent of the impact on those likely to be affected by the proposed policy or change.
6. Where this EqIA relates to a continuing project, it must be reviewed and updated at each stage of the decision.
7. **All Cabinet, Council, and Portfolio Holder reports must be accompanied by an EqIA.** An EqIA should also be completed/reviewed at key stages of projects.
8. To assist you in completing this report, please ensure you read the guidance notes in the Equality Analysis Toolkit and refer to the following Factsheets:
 - Factsheet 1: Equality Profile of the Epping Forest District
 - Factsheet 2: Sources of information about equality protected characteristics
 - Factsheet 3: Glossary of equality related terms
 - Factsheet 4: Common misunderstandings about the Equality Duty
 - Factsheet 5: Frequently asked questions
 - Factsheet 6: Reporting equality analysis to a committee or other decision making body

Section 1: Identifying details	
Your function, service area and team: Regulatory Services; Licensing Team	
If you are submitting this EqIA on behalf of another function, service area or team, specify the originating function, service area or team: NA	
Title of policy or decision: EFDC Market Policy	
Officer completing the EqIA: Mandy Thompson Email: mthompson@eppingforesdte.gov.uk	
Date of completing the assessment: 12 Nov 2021	
Section 2: Policy to be analysed	
2.1	Is this a new policy (or decision) or a change to an existing policy, practice, or project? New
2.2	<p>Describe the main aims, objectives, and purpose of the policy (or decision):</p> <p>The Market Policy will contribute and support the delivery of the Council's Economic Policy: Nurturing Growth 2020-25. In particular, the purpose of this policy is to create a market trading environment that complements the surrounding area and retail offer, is sensitive to the needs of all users of our town centres and provides a diversity of choice for consumers. It seeks to encourage and stimulate investment from local traders and to create a quality and sustainable offer to our residents and visitors.</p> <p>The Council recognises that there are many different types of market activities and accordingly, the Market Policy is intended to cater for each type. In particular, the Market Policy distinguishes between commercial markets and those that are largely community-based with a strong charitable element. Sections 7 & 8 of the Market Policy deals with the different types of market activities and sets out the Council's approach when considering applications in respect of such markets. It also recognises the existing Charter Markets already operating in Epping, Ongar and Waltham Abbey and their protected rights</p> <p>What outcome(s) are you hoping to achieve (i.e., decommissioning or commissioning a service)?</p> <ul style="list-style-type: none"> • Recognise the importance and contribution of markets to the wellbeing of the local economy; • Enhance the economic diversity of the area; • Protect and, where possible, enhance the amenity and character of the District and local communities within it; • Offer opportunity for local traders and businesses; • Provide traders with guidance and clarity; • Encourage residents to spend locally on their High Streets and support their local business community; • Ensure coherence with Council policies and relevant legislation; and • Promote fairness, transparency, and consistency.

2.3	<p>Does or will the policy or decision affect:</p> <ul style="list-style-type: none"> • service users • employees • the wider community or groups of people, particularly where there are areas of known inequalities? <p>The policy will affect all protected groups. This will include residents, visitors, and local businesses;</p> <p>Will the policy or decision influence how organisations operate?</p> <p>The policy will encourage healthy competition and entrepreneurial opportunities for traders; there should be no adverse effects on any protected groups</p>
2.4	<p>Will the policy or decision involve substantial changes in resources?</p> <p>The Policy will include a fees and charges schedule for the application of a Market Licence, to be paid by the market operator, reviewed annually, and calculated on a cost recovery basis. There is unlikely to be a necessity for increased staff resources, but this will be kept under review</p>
2.5	<p>Is this policy or decision associated with any of the Council’s other policies and how, if applicable, does the proposed policy support corporate outcomes?</p> <p>The proposed Market Policy supports the Councils Economic Development Strategy ‘Nurturing Growth’ 2020-2025 as part of the corporate strategy to “develop shared prosperity through growing our local economy”</p>

Section 3: Evidence/data about the user population and consultation¹

As a minimum you must consider what is known about the population likely to be affected which will support your understanding of the impact of the policy, e.g., service uptake/usage, customer satisfaction surveys, staffing data, performance data, research information (national, regional, and local data sources).

3.1	<p>What does the information tell you about those groups identified?</p> <p>As per Equality Analysis Report submission in report to Cabinet C-037-2019/20 on 26 March 2020 ‘Nurturing Growth – Delivering an Economic Development Plan for Epping Forest</p>
3.2	<p>Have you consulted or involved those groups that are likely to be affected by the policy or decision you want to implement? If so, what were their views and how have their views influenced your decision?</p> <p>There is no statutory obligation to consult. However, a full public consultation is run from 5 November to 6 December 2021 and the following consultees have been contacted directly:</p> <ul style="list-style-type: none"> • The National Association of British Market Authorities (NABMA) • The National Market Traders Federation (NMTF) • Members of the Council, including Town and Parish Councils

	<ul style="list-style-type: none"> • Local businesses • Existing operators • Essex Police • Essex Fire and Rescue • Essex Highways • Essex Trading Standards • Epping Forest Planning Authority • Environmental Health • Relevant Council services responsible for licensing, economic regeneration, legal services, and town centre operations. <p>The comments have been tabled in the report to Members. Several amendments have been made to the original draft Market Policy and the Fees Policy as a result of consultation responses, which in particular, are designed to reduce the administrative burden on the community-based and charitable markets. These are highlighted to Members</p>
3.3	<p>If you have not consulted or engaged with communities that are likely to be affected by the policy or decision, give details about when you intend to carry out consultation or provide reasons for why you feel this is not necessary: N/A</p>

Section 4: Impact of policy or decision

Use this section to assess any potential impact on equality groups based on what you now know.

Description of impact	Nature of impact Positive, neutral, adverse (explain why)	Extent of impact Low, medium, high (use L, M or H)
Age	<u>Neutral</u> The policy does not discriminate against nor favour any particular group but offers increased opportunity for prosperity and greater opportunities to all groups of society; both protected and not protected. This relates both to individual traders benefitting from the opportunity to trade flexibly without the usual restrictions and responsibilities, financial and otherwise associated with permanent bricks and mortar premises; and the local community and visitors who can purchase goods, often cheaper than high street shops, and providing more choice, that is accessible to all groups both	L
Disability	<u>Neutral</u> As above, in addition the policy takes account of and includes licence conditions for traders that ensures that visibly and mobility impaired residents and visitors are not negatively impacted and can enjoy full access to markets in the same way as able-bodied customers	L
Gender	<u>Neutral</u> comments as for Age	L
Gender reassignment	<u>Neutral</u> comments as for Age	L
Marriage/civil partnership	<u>Neutral</u> comments as for Age	L
Pregnancy/maternity	<u>Neutral</u> comments as for Age	L
Race	<u>Neutral</u> comments as for Age	L
Religion/belief	<u>Neutral</u> comments as for Age	L
Sexual orientation	<u>Neutral</u> comments as for Age	L

Section 5: Conclusion

5.1	Does the EqIA in Section 4 indicate that the policy or decision would have a medium or high adverse impact on one or more equality groups?	Tick Yes/No as appropriate If 'YES', use the action plan at Section 6 to describe the adverse impacts and what mitigating actions you could put in place.	No x Yes <input type="checkbox"/>
