Delta variant spike in Covid

THIS spike in infection in Epping Forest and Harlow have almost tripled in seven days. The rate of infection in the two districts has sky rocketed in the last two weeks after months of relative stability below the 30 mark. In Harlow the rate of infection, expressed as the number of new cases per 100,000 residents, has shot up to 216.4 after 191 new infections were recorded between June 25 and July 2. Just one week earlier the rate of infection was 77 when 89 new cases were recorded in the seven days to June 25. And in Epping Forest the picture is similar. There were 263 newly recorded cases of Covid-19 in the seven days to July 2, and infection rate of 161. Seven days prior the infection rate was only 72.9 after 96 new cases were recorded in the district. The surge in cases is being driven by the highly infectious Delta variant. Public Health England figures show 161 cases of the variant - first identified in India - had been recorded in Epping Forest by June 30. That was 63 more than the 98 cases recorded the week before. However, hospitalisations and deaths at the Princess Alexandra Hospital NHS Trust have yet to spike dramatically. There has been a slight rise in the seven-day average of Covid related hospitalisations. Throughout the whole of May that average never rose above 0.5 but is currently around one and has spiked up to 1.5 in recent weeks. The trust, which has posted 528 total deaths over the course of the pandemic, has not reported a single death in June with the last death of a coronavirus patient in its care being dated May 30.

Rise in children missing from school

By Piers Myler

THE number of children 'missing from school' in Essex since the Covid-19 pandemic began is almost double compared to three years ago. Figures from Essex County Council show that for the 2020/21 year - until June 17 - there were 1,444

children missing from education. Further children may be reported as missing from education and some of those recorded as children missing from education may be located. In 2017/18 there were 869. But the numbers are down from 2015/16 when 1,509 were recorded as missing from education - yet up

from 2019/20 when 1,399 children were recorded as missing from education. The Local Government Association (LGA) says that gaps in the co-ordination of policies and guidance round pupil registration, attendance, admissions, exclusions and non-school education is allowing children to slip through the net.

It suggests that children with additional vulnerabilities - such as social, behavioural, medical or mental health needs - are most at risk of going on. The LGA says that not only does this put pupils at risk of slower progress and poorer job prospects, but also poorer mental health. ■ Full story on Page 4

Good afternoon

Please be advised that as per the license application for Arka Licensing consultants on behalf of Pathmanathan Pathmakaran I wish to dispute the application in relation to the following category:

- Prevention of public nuisance

Sun street is a small town and already has plenty of shops and pubs selling food and alcohol.

I have already had issues with people drinking early in the morning threatening my customers and at this point in time I simply cannot afford to lose trade.

I see no reason to sell alcohol from 6am as this would only encourage more early drinkers and do not think it helps local trade or the local community either.

Therefore I wish to state my vote is against the application.

Many thanks

Our Ref: 74139
Your Ref: Licensing

Date: 01 July 2021

Dear Sir/Madam,

LICENSING ACT 2003
THE REGULATORY REFORM (FIRE SAFETY) ORDER 2005
Premises: Abbeys Local Newsagents 15 Market Square Waltham Abbey EN9 1DS

I refer to your recent application made under the Licensing Act 2003 for a Premises Licence.

Essex Police, Fire and Crime Commissioner Fire and Rescue Authority (hereafter called "the Authority") has now audited the application and is of the opinion, taking into consideration the information submitted, that you do not anticipate any additional risk to the public as a consequence of the proposed application being approved.

As a result, the Authority does not propose to carry out an inspection of the premises at this time.

It is however brought to your attention that in addition to the Licensing Act 2003, these premises come under The Regulatory Reform (Fire Safety) Order 2005 (The Order) and have now been entered on the Service Risk Based Inspection Programme. As a result, an announced audit may be carried out.

The inspection will be focused upon your site-specific fire risk assessment. You will have to demonstrate to the Inspecting Officer that you have implemented suitable and sufficient measures to satisfy the requirements of The Order.

For technical detail and guidance, you are strongly advised to purchase the guidance document from the list attached to this letter. Alternatively, these can be viewed online at <https://www.gov.uk/workplace-fire-safety-your-responsibilities/fire-safety-advice-documents>. When purchasing or installing equipment, compliance with the relevant British Standard is normally taken as being adequate. Should the issues set out in this report require major changes or costs, then you are advised to take professional advice before proceeding.

The Authority will pursue contraventions of the Order to a satisfactory conclusion: this may include enforcement action being taken proportional to the circumstances. Further, should a fire safety concern arise that is not subject to the provisions of The Order but does / will impact on the Licensing Act objective for public safety that cannot be satisfactorily resolved, it is likely to result in a request for a review of the licence being made by the Authority.

If you require further information regarding this or any other fire precautionary matter, please contact the above named Officer quoting our reference number.

Yours faithfully,

Jessica Head
