

Report to Stronger Place Select Committee

Date of meeting: 8 November 2022

Portfolio: Contracts and Commissioning Portfolio (Councillor Nigel Avey (Portfolio Holder))

Subject: EFDC Litter Strategy

Officer contact for further information: James Warwick (01992 564350)

Democratic Services Officer: Laura Kirman (01992 564273)

Recommendations/Decisions Required:

To note the Epping Forest District Council Litter Strategy as approved by Cabinet and the next steps for the Litter Strategy.

Report:

1. This report sets Epping Forest District Council's commitment to the Government's Litter Strategy for England along with The Environmental Protection Act (1990) and the Code of Practice on Litter and Refuse (2019).

The strategy aims to:

- change the behaviour of people who feel it is acceptable to drop litter through education and social media campaigns
- make it easy to dispose of litter, provide the appropriate facilities in the right places, and collect litter in a timely fashion
- improve enforcement by exercising council powers to deal with anyone who drops litter

2. This Litter Strategy explains how Epping Forest District Council's plans to continue its work in not only, meeting the Government's expectations but also reflect resident's desire to have a clean and healthy local environment free of litter, fly-tipping and dog waste.

3. The waste management team have begun to implement actions to achieve the aims of the litter strategy. This includes:

- Developing a waste communications plan with regular social media posts
- Recycling and anti-litter workshops at local primary and secondary schools – utilising a Dennis Eagle Freighter and working with the Youth Council
- Assessing current contractual arrangements for weed spraying
- Improving monitoring of gum clearance by Area Waste Officers
- Extending our trade waste collection service

- Looking at QR codes for street litter bins

4. Officers will work with Keep Britain Tidy to ensure this strategy and associated actions are in keeping with the aspirations of the Governments Litter Strategy.

5. The Delivery of the Litter Strategy will contribute positively towards the Council's environmental policies including its intention to reduce carbon in response to the climate emergency. In addition to statutory performance indicators, success will be measured in the Council's reduced carbon footprint i.e., less waste to landfill. Additionally, the Strategy will provide a platform to engage with partners to enhance the local environment, by securing behaviour change which will positively contribute towards the continuing aspirations of the Council as an area to visit, work and play.

Reason for decision:

The Litter Strategy sets out three principal reasons why the Council needs a litter strategy, namely:

- Publication by the UK Government of the National Litter Strategy for England and the Code of Practice on Litter and Refuse 2019 (COPLAR);
https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/834331/pb11577b-cop-litter1.pdf
- The importance of maintaining a clean environment and the need for a clear statement of how we intend to achieve this aim.
- The continuing pressure on Council budgets.

Resource implications:

Epping Forest District Council commits around £1.7m annually on its services relating to litter, fly tipping and street cleansing and the strategy will be used to improve the targeting of these resources. Some of the money spent on street cleansing/litter removal is avoidable – if there was no dropped litter, fly-tipping, or dog fouling then the Council would not need to spend money collecting and disposing of it.

Legal and Governance Implications:

Epping Forest District Council has duties under the Environmental Protection Act 1990 (EPA 1990). There are two duties within section 89 of the Environmental Protection Act 1990 that mean certain organisations (mostly public bodies) are to, as far as is practicable:

1. Keep land clear of litter and refuse
2. Keep roads clean

Duty 1 Section 89(1) of the Environmental Protection Act 1990 places a duty on certain bodies to ensure that their land (or land for which they are responsible) is, so far as is practicable, kept clear of litter and refuse.

Duty 2 Section 89(2) places a further duty on the Secretary of State in respect of motorways (National Highways) and a few other similar public highways, and on local authorities in

respect of all other publicly maintainable highways in their area, to ensure that the highway or road is, so far as is practicable, kept clean

Safer, Cleaner, Greener Implications:

The proposals listed in the report will have a positive impact on the street scene in the District.

There are no adverse implications arising from the recommendations of this report in respect of the Council's commitment to the Climate Change Action Plan and Safer, Cleaner, Greener initiative, or any crime and disorder issues within the district.

Equality:

Equality Impact Assessment

1. Under s.149 of the Equality Act 2010, when making decisions, Epping District Council must have regard to the Public Sector Equality Duty, ie have due regard to:
 - eliminating unlawful discrimination, harassment and victimisation, and other conduct prohibited by the Act,
 - advancing equality of opportunity between people who share a protected characteristic and those who do not,
 - fostering good relations between people who share a protected characteristic and those who do not, including tackling prejudice and promoting understanding.
2. The characteristics protected by the Equality Act are:
 - age
 - disability
 - gender
 - gender reassignment
 - marriage/civil partnership
 - pregnancy/maternity
 - race
 - religion/belief
 - sexual orientation.
3. In addition to the above protected characteristics you should consider the cross-cutting elements of the proposed policy, namely the social, economic and environmental

impact (including rurality) as part of this assessment. These cross-cutting elements are not a characteristic protected by law but are regarded as good practice to include.

4. The Equality Impact Assessment (EqIA) document should be used as a tool to test and analyse the nature and impact of either what we do or are planning to do in the future. It can be used flexibly for reviewing existing arrangements but in particular should enable identification where further consultation, engagement and data is required.
5. Use the questions in this document to record your findings. This should include the nature and extent of the impact on those likely to be affected by the proposed policy or change.
6. Where this EqIA relates to a continuing project, it must be reviewed and updated at each stage of the decision.
7. **All Cabinet, Council, and Portfolio Holder reports must be accompanied by an EqIA.** An EqIA should also be completed/reviewed at key stages of projects.
8. To assist you in completing this report, please ensure you read the guidance notes in the Equality Analysis Toolkit and refer to the following Factsheets:
 - Factsheet 1: Equality Profile of the Epping Forest District
 - Factsheet 2: Sources of information about equality protected characteristics
 - Factsheet 3: Glossary of equality related terms
 - Factsheet 4: Common misunderstandings about the Equality Duty
 - Factsheet 5: Frequently asked questions
 - Factsheet 6: Reporting equality analysis to a committee or other decision making body

Advice

Keep your director informed of all equality & diversity issues. We recommend that you forward a copy of every EqIA you undertake to the director responsible for the service area. Retain a copy of this EqIA for your records. If this EqIA relates to a continuing project, ensure this document is kept under review and updated, eg after a consultation has been undertaken.
