Reason for decision:

Every effort has been made to recover the amounts set out in the report, all of which have been unsuccessful. Furthermore, as former tenant arrears are now included with the current rent arrears figures for performance monitoring, it would be in the interests of the Council for these amounts to be written-off. The Cabinet has previously agreed that former tenant arrears and credits be written-off on a quarterly basis.

**Initialed as original copy by
Portfolio Holder:**

Options considered and rejected:

1. That the former tenant arrears set out in the report be written-off and not re-instated (within the limitation period, usually 6 years from when the debt is incurred) should the whereabouts of the former tenants become known.
2. That the former tenants rent arrears set out in the report not be written-off.

Background Report:

1. Under the Council's Financial Regulations contained within the Constitution (Paragraph 2.10 refers) it is the responsibility of the Director of Communities to agree the write-off of rent arrears and credits of former tenants up to the approved limit of £2,500 in each case and to refer larger sums to the Cabinet. However, under the Constitution, this responsibility can be fulfilled by the Housing Portfolio Holder.

2. Authority is sought to write-off 2 cases of former tenant arrears over £2,500 amounting to £5,221.30 for the period October 2017 to December 2017. The following table shows the case reference numbers, the tenancy termination dates, the amounts written-off and the reason:

Case Ref. Number	Former Tenant Arrears Written-off (£)	Tenancy Termination Date	Reason
870580071011	2,686.34	04/04/2014	Evicted from the property due to high level rent arrears. Took several attempts to trace the former tenant. Case referred to Legal Services to commence proceedings. However, former tenant obtained a Debt Relief Order; Legal Services advised that as a result there was no option other than to close the file.
515180041014	2,534.96	09/06/2013	Evicted from property due to high level rent arrears. New address was found through the Benefits Division. Letters were sent to former tenant. Case referred to Legal Services. Court Bailiff collected a small payment. As no further payments made Legal chased the former tenant by letter. Legal Services issued proceedings. A warrant was issued, former tenant made some payments but when they ceased the High Court Sheriff report that no contact could be established. Son made contact to say former tenant suffering from ill health and now on benefits. Reluctantly concluded that all avenues to pursue the debt are exhausted.

Equality Impact Assessment

1. Under s.149 of the Equality Act 2010, when making decisions, Epping District Council must have regard to the Public Sector Equality Duty, i.e. have due regard to:
 - eliminating unlawful discrimination, harassment and victimisation, and other conduct prohibited by the Act,
 - advancing equality of opportunity between people who share a protected characteristic and those who do not,
 - fostering good relations between people who share a protected characteristic and those who do not, including tackling prejudice and promoting understanding.
2. The characteristics protected by the Equality Act are:
 - age
 - disability
 - gender
 - gender reassignment
 - marriage/civil partnership
 - pregnancy/maternity
 - race
 - religion/belief
 - sexual orientation.
3. In addition to the above protected characteristics you should consider the cross-cutting elements of the proposed policy, namely the social, economic and environmental impact (including rurality) as part of this assessment. These cross-cutting elements are not a characteristic protected by law but are regarded as good practice to include.
4. The Equality Impact Assessment (EqIA) document should be used as a tool to test and analyse the nature and impact of either what we do or are planning to do in the future. It can be used flexibly for reviewing existing arrangements but in particular should enable identification where further consultation, engagement and data is required.
5. Use the questions in this document to record your findings. This should include the nature and extent of the impact on those likely to be affected by the proposed policy or change.
6. Where this EqIA relates to a continuing project, it must be reviewed and updated at each stage of the decision.
7. All **Cabinet, Council, and Portfolio Holder reports must be accompanied by an EqIA**. An EqIA should also be completed/reviewed at key stages of projects.
8. To assist you in completing this report, please ensure you read the guidance notes in the Equality Analysis Toolkit and refer to the following Factsheets:

Section 2: Policy to be analysed

2.1	<p>Is this a new policy (or decision) or a change to an existing policy, practice or project? No</p>
2.2	<p>Describe the main aims, objectives and purpose of the policy (or decision): Writing off debts as all avenues of collection have been exhausted</p> <p>What outcome(s) are you hoping to achieve (i.e. decommissioning or commissioning a service)? As above</p>
2.3	<p>Does or will the policy or decision affect:</p> <ul style="list-style-type: none">• service users• employees• the wider community or groups of people, particularly where there are areas of known inequalities? <p>Will only affect the former tenants themselves as, although they are either untraceable or cannot be held liable for the debt, they have the advantage of having the debt written off.</p> <p>Will the policy or decision influence how organisations operate? No</p>
2.4	<p>Will the policy or decision involve substantial changes in resources? No</p>
2.5	<p>Is this policy or decision associated with any of the Council's other policies and how, if applicable, does the proposed policy support corporate outcomes? The decision requested would be in accordance with Council policy on debt collection</p>

Section 3: Evidence/data about the user population and consultation¹

As a minimum you must consider what is known about the population likely to be affected which will support your understanding of the impact of the policy, e.g. service uptake/usage, customer satisfaction surveys, staffing data, performance data, research information (national, regional and local data sources).

3.1	What does the information tell you about those groups identified? There will be no effect on the population as this only relates to a very small number of former tenants. The Council's policies generally on debt collection will not have any bearing on any particular group
3.2	Have you consulted or involved those groups that are likely to be affected by the policy or decision you want to implement? If so, what were their views and how have their views influenced your decision? Consultation not necessary
3.3	If you have not consulted or engaged with communities that are likely to be affected by the policy or decision, give details about when you intend to carry out consultation or provide reasons for why you feel this is not necessary: Not necessary as the decision only relates to the writing-off of debt and affects a very small number of former tenants, who will be advantaged by the decision.

Section 4: Impact of policy or decision

Use this section to assess any potential impact on equality groups based on what you now know.

Description of impact	Nature of impact Positive, neutral, adverse (explain why)	Extent of impact Low, medium, high (use L, M or H)
Age	No impact as only a small number of former tenants are affected and as they are either untraceable or the debt is clearly not recoverable, it is to their advantage that the former debt is written off.	L
Disability	As above	L
Gender	As above	L
Gender reassignment	As above	L
Marriage/civil partnership	As above	L
Pregnancy/maternity	As above	L
Race	As above	L
Religion/belief	As above	L
Sexual orientation	As above	L
