Subject: Licensing Act 2003
Sun Inn, Nazeing Common, Nazeing, Waltham Abbey, Essex, EN9 2DE

Dear Mr Crunkhurn

On behalf of the Council's Neighbourhoods Directorate, I confirm receipt of copies of your applications dated 18 April 2018 that I received the same day regarding the above mentioned property, in relation to a proposed event on 2 June 2018 (Mods and Rockers Festival) between 14:00-22:00hrs. I understand from our conversation you also submitted an application for an event on 7 July (which I have not seen as yet) and also an event on 5 May (which The Environment & Neighbourhoods team did not comment on, for reasons unknown).

I have made the following representation/objection to the Council's Licensing Section with regard to the Licensing objective - Prevention of Public nuisance:

1. The events are both proposed for outside between 14:00 and 22.00 hours i.e. potentially 8 hours of music. No noise controls have been suggested. It has been noted that there are two properties that border the outside area that may be disturbed by music from the events for a significant duration at an unknown level. At least one of these event is proposed to be limited to 400 people. An event of this size is likely to require a volume of music that will be audible at neighbouring noise sensitive premises and potentially cause a public nuisance.
2. As you are aware, noise abatement notices were served in September 2017 on the DPS, Paul Gould and the manager at the time, Robbie Burns. I am concerned that licencing these events may open Mr Gould up to prosecution should complaints be received, and a breach of the noise abatement notice be witnessed. I therefore do not wish to jeopardise Mr Gould's finances, and criminal record, by recommending such an event goes ahead.

If you would like to discuss the matter or have any written comments, please do not hesitate to contact me. I should be happy to meet you and Mr Gould at the premises to discuss in more detail the proposed events.

I should be happy to consider withdrawing the representation(s) if the application is amended accordingly or if you agree to a suitable condition(s) being imposed as part of the licence, or if you provide other sufficient evidence to confirm that the representations can be withdrawn.

Please confirm your comments in writing (by letter or email). I will inform the Council's Licensing Section if satisfied that the representation(s) can be withdrawn.

Yours sincerely

Dear Paul

Thanks for meeting me on Wednesday to discuss the proposed events to be held at the Sun Inn over the next 3 months. As you are aware, I am concerned that the events have the potential to cause a public nuisance, and also for you to breach your noise abatement notice. However, I'm willing to work with you, to ensure that you can have a viable event and not cause significant disturbance to your neighbours.

As agreed during our meeting, the following action will be taken for the event on 5 May 2018, to see if any complaints are received, and to ensure that future events can proceed without the likelihood of causing a significant problem:

- 1) Stage to be moved to the middle of the field, so it is equidistant from neighbouring properties.
- 2) Increase speaker distribution around the site... with speakers up on the patio, and around the area to improve the sound for customers. Ensure that any speakers are not pointing towards the neighbours, nor are they close to the boundary of the site.
- 3) Look at more directional speakers from the stage, to concentrate the sound in the desired areas, and reduce the "spill" of the sound beyond the boundary of the pub.
- 4) Keep an eye on the bass levels. These may need to be reduced, as the bass is the issue which will travel the furthest.
- 5) Keep a log of all complaints received, and the action taken to resolve the issue.
- 6) Carry out regular monitoring of noise on the boundary with residents, and turn the music down if it is clearly audible at these boundaries.
- 7) You to contact all neighbours, and inform them of the upcoming events. Ensure they have your contact number, should they be disturbed on the evening of the events, and also see if there is any arrangement that can be made between them to reduce the disturbance they experience.
- 8) Review the first event, to be held on 5 May 2018 after 8 May

Dear Paul

Further to our meeting the other week, I thought I would update you on the situation regarding the event held on 5 May 2018. This email also serves as a further clarification for my representation to the Temporary Event Notice application for the event to be held on 2 June 2018, and also supports my original email of 20 April 2018.

As you are aware, a noise abatement notice was served on you last September after the event held on 2 September 2017. (Please see attached copy and letter). This was for an event for which you were granted a Temporary Event Notice, but which the Council's Environment & Neighbourhood's team objected to it, due to our concerns regarding the event creating a public nuisance. The event was granted at the hearing on 17 July 2018, with restrictions to the time, however when Richard Gardiner visited the area in response to complaints on 2 September 2017, he was of the opinion that the level of music was unreasonable, and causing a statutory noise nuisance. When the Council is satisfied that a statutory noise nuisance exists, or is likely to occur, it is required to serve a noise abatement notice. The event held on 5 May 2018 was also subject to a granted Temporary Event Notice.

We have (to date) received 9 complaints from different properties regarding the event held on 5 May 2018. Most of these have been in the Back Lane area (west and south west to the pub), but also closer. All have complained that the level of music was excessive. The furthest property who complained was about 700m away from the pub.

The duty noise officer visited the area at between about 18.07 – 19.35 hours, and carried out some noise monitoring at a property which was about 450m away from your premises. She could hear what appeared to be recorded music (which would have been played between acts), a compare shouting "are you ready", and live music. The live music appeared louder than the "background" music, but was clearly audible. This included covers of tracks by Prince, Madonna, White Snake, Guns 'n' Roses and The Bangles. The bass beat was not the only part of the music that was audible, but the lyrics and instrumentation were identifiable. She was of the opinion that the noise was excessive, causing a public nuisance and breaching the noise abatement notice. We are currently reviewing the evidence to see if there is enough evidence to prosecute you for breaching the noise abatement notice, and may be inviting you in for an interview to discuss the matter.

We currently have an issue with our software to download and analyse the recordings taken, but hope to have this resolved sometime this week, to provide you with some more data.

My concerns in my email, dated 20 April 2018, regarding the proposed event on 2 June 2018 still stand, as it is clear that these "festival" events held in the field to the rear the Sun Inn will cause a public nuisance, even if you carried out the steps outlined in my email below. In our view it is not possible for you to have the music volume you require for a large event, and avoid public/statutory nuisance, bearing in mind the close position of a number of neighbouring noise sensitive premises to the Sun Inn. We note for example that the façade of Sun Cottage is estimated to be 80m from the stage, where we envisage the music level will need to be in the region of 95dBA for a viable event.

I am happy to meet you again on site to discuss the matter, and would welcome your written comments concerning the suggestions outlined below, and what was/was not actioned. If you have any photographic or documentary evidence regarding these proposals, please can you also provide them.

Regards

Mike

Dear Mr Gould

**Environmental Protection Act 1990
Sun Inn, Nazeing Common, Nazeing, EN9 2DE
Nuisance from loud music**

In response to complaints about music emanating from the above mentioned property on 2 September 2017, the duty noise officer visited the area and witnessed loud music emanating from your premises, between 7.30pm and 8.40pm. The music and an amplified voice from a D.J. were audible inside a neighbouring noise sensitive property and very clearly audible in the garden of that property. Two complaints were received from different noise sensitive properties when the event was occurring. It was allegedly even louder earlier in the day when live music was being played. The event was witnessed from a neighbouring noise sensitive property, although not the closest residential property.

Although the event was authorised under a Temporary Event Notice, and was restricted in duration by that authorisation, the volume was excessive. The amplified voice of the D.J and the bass beat of the music were particularly intrusive.

I apologise for the delay in writing to you (due to a high volume of work and other commitments). The Council is obliged to serve a noise abatement notice when satisfied that a statutory nuisance exists, or is likely to occur or recur. We are satisfied that a statutory nuisance is likely to occur in the future. I have therefore enclosed a notice under Section 80 of the Environmental Protection Act 1990, which you should adhere to within the specified time period.

The notice requires you to maintain the volume of music and amplified sound at a level that will not cause a statutory nuisance to the occupiers of noise sensitive premises.

If you are unsure on the course of action you should take to ensure that you comply with the notice, please do not hesitate to contact me for further advice. If you are unsure as to what level of noise may constitute a statutory nuisance you should consider stopping any activities, or restricting the use of any equipment that may cause a noise nuisance until you can obtain further advice. I should be happy to visit your property to provide advice.

Failure to comply with this notice may result in the matter being passed to the Council's Solicitor for the instigation of legal proceedings to be considered. If a notice is breached, the Council will consider using powers available to seize any noise making equipment capable of breaching the notice. You would be charged for any work that it is carried out by the Council to remedy a breach of the notice.

The Council aims to resolve complaints without the need for formal action. However, if the notice is breached, the Council will consider taking further steps to control the situation.

Monitoring may be carried out in response to any further complaints. The investigation may involve making programmed or reactive visits to the area and the use of recording equipment.

For your information, two abatement notices have been served; on Paul Frank Gould and Robbie Burgess. We believe that both of these individuals have responsibility/control over events.

Yours sincerely

ABATEMENT NOTICE IN RESPECT OF NOISE NUISANCE

To Paul Frank Gould

of Sun Inn, Nazeing Common, Nazeing, EN9 2DE.

TAKE NOTICE that under the provision of the Environmental Protection Act 1990 the Epping Forest District Council ("the Council"), being satisfied of the likely occurrence of noise amounting to a statutory nuisance under Section 79(1)(g) of that Act from the premises known as Sun Inn, Nazeing Common, Nazeing, EN9 2DE.

[within the district of the said Council] arising from the production of music and amplified sound

HEREBY REQUIRE YOU as the occupier of the premises from which the noise is or would be emitted forthwith from the service of this notice, **HEREBY PROHIBIT** the occurrence of the same and for that purpose require you to: maintain the volume of music and amplified sound at a level that will not cause a statutory nuisance to the occupiers of noise sensitive premises.

THIS is a notice to which paragraph (2) of regulation 3 of the Statutory Nuisance (Appeals) Regulations 1995 applies, and, in consequence, in the event of an appeal this notice shall NOT be suspended until the appeal has been abandoned or decided by the Court, as, in the opinion of the Council, the expenditure which would be incurred by any person in carrying out works in compliance with this notice before any appeal has been decided would not be disproportionate to the public benefit to be expected in that period from such compliance.

IF without reasonable excuse you contravene or fail to comply with any requirement of this notice you will be guilty of an offence under section 80(4) of the Environmental Protection Act 1990 and on summary conviction will be liable to an unlimited fine.

The Council may also take proceedings in the High Court for securing the abatement, prohibition or restriction of a nuisance.

DATED: 26 September 2017

The Statutory Nuisance (Appeals) Regulations 1995 provide as follows:-

APPEALS UNDER SECTION 80(3) OF THE ENVIRONMENTAL PROTECTION ACT 1990 ("the 1990 Act")

2. (1) The provisions of this regulation apply in relation to an appeal brought by any person under section 80(3) of the 1990 Act (appeals to magistrates) against an abatement notice served upon him by a local authority.

(2) The grounds on which a person served with such a notice may appeal under section 80(3) are any one or more of the following grounds that are appropriate in the circumstances of the particular case.

- (a) that the abatement notice is not justified by section 80 of the 1990 Act (summary proceedings for statutory nuisances);
- (b) that there has been some informality, defect or error in, or in connection with, the abatement notice, or in, or in connection with, any copy of the abatement notice served under section 80A(3) (certain notices in respect of vehicles, machinery or equipment);
- (c) that the authority have refused unreasonably to accept compliance with alternative requirements, or that the requirements of the abatement notice are otherwise unreasonable in character or extent, or are unnecessary;
- (d) that the time, or where more than one time is specified, any of the times, within which the requirements of the abatement notice are to be complied with is not reasonably sufficient for the purpose;
- (e) where the nuisance to which the notice relates -
 - (i) is a nuisance falling within section 79(1)(a),(d),(e),(f) or (g) of the 1990 Act and arises on industrial, trade, or business premises, or
 - (ii) is a nuisance falling within section 79(1)(b) of the 1990 Act and the smoke is emitted from a chimney, or
 - (iii) is a nuisance falling within section 79(1)(ga) of the 1990 Act and is noise emitted from or caused by a vehicle, machinery or equipment being used for industrial, trade or business purposes, that the best practical means were used to prevent, or to counteract the effects of, the nuisance;
- (f) that, in the case of a nuisance under section 79(1)(g) or (ga) of the 1990 Act (noise emitted from premises), the requirements imposed by the abatement notice by virtue of section 80(1)(a) of the Act are more onerous than the requirements for the time being in force, in relation to the noise to which the notice relates, of
 - (i) any notice served under section 80 or 86 of the Control of Pollution Act 1974 ("the 1974 Act") (control of noise on construction sites and from certain premises), or
 - (ii) any consent given under section 61 or 65 of the 1974 Act (consent for work on construction sites and consent for noise to exceed registered level in a noise abatement zone), or
 - (iii) any determination made under section 87 of the 1974 Act (noise control of new buildings);
- (g) that, in the case of a nuisance under section 79(1)(ga) of the 1990 Act (noise emitted from or caused by vehicles, machinery or equipment), the requirements imposed by the abatement notice by virtue of section 80(1)(a) of the Act are more onerous than the requirements for the time being in force, in relation to the noise to which the notice relates, of any condition of a consent given under paragraph 1 of schedule 2 to the Noise and Statutory Nuisance Act 1993 (loudspeakers in streets or roads);
- (h) that the abatement notice should have been served on some person instead of the appellant, being -
 - (i) the person responsible for the nuisance, or
 - (ii) the person responsible for the vehicle, machinery or equipment or
 - (iii) in the case of a nuisance arising from any defect of a structural character, the owner of the premises, or
 - (iv) in the case where the person responsible for the nuisance cannot be found or the nuisance has not yet occurred, the owner or occupier of the premises;
- (i) that the abatement notice might lawfully have been served on some person instead of the appellant, being -
 - (i) in the case where the appellant is the owner of the premises, the occupier of the premises, or
 - (ii) in the case where the appellant is the occupier of the premises, the owner of the premises, and that it would have been equitable for it to have been so served,
- (j) that the abatement notice might lawfully have been served on some person in addition to the appellant, being -
 - (i) a person also responsible for the nuisance, or
 - (ii) a person who is also owner of the premises, or
 - (iii) a person who is also an occupier of the premises, or
 - (iv) a person who is also the person responsible for the vehicle, machinery or equipment, and that it would have been equitable for it to have been so served.

(3) If and so far as an appeal is based on the ground of some informality, defect or error in, or in connection with, the abatement notice, or in, or in connection with, any copy of the notice served under section 80A(3), the court shall dismiss the appeal if it is satisfied that the informality, defect or error was not a material one.

(4) Where the grounds upon which an appeal is brought include a ground specified in paragraph 2(i) or (j) above, the appellant shall serve a copy of his notice of appeal on any other person referred to, and the case of any appeal to which these regulations apply he may serve a copy of his notice of appeal on any other person having an estate or interest in the premises, vehicle, machinery or equipment in question.

(5) On the hearing of the appeal the court may -

- (a) quash the abatement notice to which the appeal relates, or
- (b) vary the abatement notice in favour of the appellant in such manner as it thinks fit, or
- (c) dismiss the appeal;

and an abatement notice that is varied under sub-paragraph (b) above shall be final and shall otherwise have effect, as so varied, as if it had been so made by the local authority.

(6) Subject to paragraph (7) below, on the hearing of an appeal the court may make such order as it thinks fit -

- (a) with respect to the person by whom any work is to be executed and the contribution to be made by any person towards the cost of the work, or
 - (b) as to the proportions in which any expenses which may become recoverable by the authority under Part III of the 1990 Act are to be borne by the appellant and by any other person.
- (7) In exercising its powers under paragraph (6) above the court -
- (a) shall have regard, as between an owner and an occupier, to the terms and conditions, whether contractual or statutory, of any relevant tenancy and to the nature of the works required, and
 - (b) shall be satisfied before it imposes any requirement thereunder on any person other than the appellant, that that person has received a copy of the notice of appeal in pursuance of paragraph (4) above.

SUSPENSION OF NOTICES

3 (1) Where -

- (a) an appeal is brought against an abatement notice served under section 80 or section 80A of the 1990 Act, and-
 - (b) either -
 - (i) compliance with the abatement notice would involve any person in expenditure on the carrying out of the works before the hearing of the appeal, or
 - (ii) in the case of a nuisance under section 79(1)(g) or (ga) of the 1990 Act, the noise to which the abatement notice relates is noise necessarily caused in the course of the performance of some duty imposed by law on the appellant, and
 - (c) either paragraph (2) does not apply, or it does apply but the requirements of paragraph (3) have not been met,
- the abatement notice shall be suspended until the appeal has been abandoned or decided by the court.

(2) This paragraph applies where -

- (a) the nuisance applies where -
 - (i) is injurious to health, or
 - (ii) is likely to be of a limited duration such that suspension of the notice would render it of no practical effect, or
- (b) the expenditure which would be incurred by any person in the carrying out of works in compliance with the abatement notice before any appeal has been decided would not be disproportionate to the public benefit to be expected in that period from such compliance.

(3) Where paragraph (2) applies the abatement notice -

- (a) shall include a statement that paragraph (2) applies, and that as a consequence it shall have effect notwithstanding any appeal to a magistrates' court which has not been decided by the court, and
- (b) shall include a statement as to which of the grounds set out in paragraph (2) apply.

COUNTER NOTICE

The prescribed form for a counter notice is as follows:

Counter Notice – Permitted Temporary Activities

On 18th April 2018 the licensing authority received from you, Karl Crunkhurn, a temporary event notice, in respect of a proposed temporary licensable activities due to take place on 2nd June 2018 at Sun In Public House, Common Road, Epping Nazeing, EN9 2DE. The licensing authority has received an objection under section 104(2) of the Licensing Act 2003.

The objection which applies is indicated by an “X” in the following table.

Objection	Insert “X” as applicable
A chief officer of police for any police area in which the premises are situated is satisfied that allowing the premises to be used in accordance with the notice would undermine a licensing objective.	
A local authority exercising environmental health functions for the area in which the premises are situated is satisfied that allowing the premises to be used in accordance with the notice would undermine a licensing objective.	X

A copy of this notice will be sent to the chief of police and the local authority exercising environmental health functions for the area in which the premises specified in the late temporary event notice you gave is situated.

Under section 136 of the Licensing Act 2003, a person commits an offence if he carries on a licensable activity on or from any premises otherwise than under and in accordance with an authorisation; or if he knowingly allows a licensable activity to be so carried on. A person convicted of such an offence is liable to imprisonment for a term not exceeding six months or to a fine not exceeding £20,000, or to both.

If you disagree with the licensing committee’s decision, you can appeal to your local magistrates’ court. You must do this within 21 days, and at least 5 working days before the date of your event.
