CONDITIONS

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos: 1854 SLP-01, 1854 E-01, 1854 E-02, 1854 E-03, 1854 E-04, 1854 E-05, 1854 E-06, 1854 E-07, 1854 E-08, 1854 E-09, 1854 P-01 Rev D, 1854 P-02 Rev B, 1854 P-03 Rev B, 1854 P-04 Rev B, 1854 P-05 Rev B, 1854 P-06 Rev B, 1854 P-07 Rev B, 1854 P-08 Rev B, 1854 P-09 Rev B, 1854 P-10 Rev D and 1854 P-12 Rev B
- 3 Materials to be used for the external finishes of the proposed development shall match those as outlined on plan no. 1854 P-10 Rev D unless otherwise agreed in writing by the Local Planning Authority.
- 4 The parking areas shall be surfaced as per the materials outlined on plan number 1854 P-02 Rev B, unless otherwise agreed in writing by the Local Planning Authority.
- 5 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015, as amended, (or any other order revoking, further amending or re-enacting that Order) no development generally permitted by virtue of Class A, B, C, D and E of Part 1 of Schedule 2 to the Order, shall be undertaken without the prior written permission of the Local Planning Authority.
- 6 The D1/D2 use hereby permitted shall not be open to customers/members outside the hours of 07:30 to 21.00 on Monday to Friday, 08.00 - 20.00 on Saturday and 08.00 and 17.30 on Sundays and Bank Holidays.

- 7 Prior to first occupation of the development, a scheme to enhance the ecological value of the site shall be submitted to and agreed in writing by the Local Planning Authority. The ecological value shall be quantified using the Biodiversity Impact Assessment Calculator (BIAC) where appropriate. The scheme shall be implemented in full prior to the occupation of the development hereby approved.
- 8 The parking spaces shown on the approved plan shall be provided prior to the first occupation of the development and shall be retained free of obstruction for the parking of residents and visitors vehicles.
- 9 Prior to first occupation of the development hereby approved, 1 Electric Vehicle Charging Point for each dwelling or allocated parking space and 1 Electric Vehicle Charging Point for every 10 properties that share unallocated parking shall be installed and retained thereafter for use by the occupants of the site.
- 10 No development shall commence until an assessment of the risks posed by any contamination, carried out in accordance with British Standard BS 10175: Investigation of potentially contaminated sites - Code of Practice and the Environment Agency's Model Procedures for the Management of Land Contamination (CLR 11) (or equivalent British Standard and Model Procedures if replaced), shall have been submitted to and approved in writing by the local planning authority. If any contamination is found, a report specifying the measures to be taken, including the timescale, to remediate the site to render it suitable for the approved development shall be submitted to and approved in writing by the local planning authority. The site shall be remediated in accordance with the approved measures and timescale and a verification report shall be submitted to and approved in writing by the local planning authority. If, during the course of development, any contamination is found which has not been previously identified, work shall be suspended and additional measures for its remediation shall be submitted to and approved in writing by the local planning authority. The remediation of the site shall incorporate the approved additional measures and a verification report for all the remediation works shall be submitted to the local planning authority within 21 days of the report being completed and approved in writing by the local planning authority.
- 11 Following completion of the measures identified in the approved remediation scheme, and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.
- 12 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the Phase 2 report, work shall be suspended and additional measures for its remediation shall be submitted to and approved in writing by the local planning authority. The remediation of the site shall incorporate the approved additional measures and a verification report for all the remediation works shall be submitted to the local planning authority within 21 days of the report being completed and approved in writing by the local planning authority.

- 13 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:
1. The parking of vehicles of site operatives and visitors
 2. Loading and unloading of plant and materials
 3. Storage of plant and materials used in constructing the development
 4. The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate
 5. Measures to control the emission of dust and dirt during construction, including wheel washing.
 6. A scheme for recycling/disposing of waste resulting from demolition and construction works.
 7. Tree protection measures.
- 14 No ground works shall take place until details of levels have been submitted to and approved by the Local Planning Authority showing cross-sections and elevations of the levels of the site prior to development and the proposed levels of all ground floor slabs of buildings, roadways and accessways and landscaped areas. The development shall be carried out in accordance with those approved details.
- 15 If any tree, shrub or hedge shown to be retained in the submitted Arboricultural reports is removed, uprooted or destroyed, dies, or becomes severely damaged or diseased during development activities or within 3 years of the completion of the development, another tree, shrub or hedge of the same size and species shall be planted within 3 months at the same place, unless the Local Planning Authority gives its written consent to any variation. If within a period of five years from the date of planting any replacement tree, shrub or hedge is removed, uprooted or destroyed, or dies or becomes seriously damaged or defective another tree, shrub or hedge of the same species and size as that originally planted shall, within 3 months, be planted at the same place.
- 16 Prior to any above ground works, full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) shall be submitted to and approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, all means of enclosure; all hard surfacing; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 17 No development, including works of demolition or site clearance, shall take place until a Tree Protection Plan, Arboricultural Method Statement and site monitoring schedule in accordance with BS:5837:2012 (Trees in relation to design, demolition and construction - Recommendations) has been submitted to the Local Planning Authority and approved in writing. The development shall be carried out only in accordance with the approved documents unless the Local Planning Authority gives its written consent to any variation.

- 18 Prior to first occupation of the development, measures shall be incorporated within the development to ensure a water efficiency standard of 110 litres (or less) per person per day.
- 19 The window openings in the first floor rear elevation of plots 24 and 25 shall be entirely fitted with obscured glass with a minimum Level 3 obscurity and have fixed frames to a height of 1.7 metres above the floor of the room in which the window is installed and shall be permanently retained in that condition.
- 20 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 21 No works shall take place until a detailed surface water drainage scheme for the site, based on sustainable drainage principles and an assessment of the hydrological and hydro geological context of the development, has been submitted to and approved in writing by the local planning authority. The scheme should include but not be limited to:
- Verification of the suitability of infiltration of surface water for the development. This should be based on infiltration tests that have been undertaken in accordance with BRE 365 testing procedure.
 - Limiting discharge rates to a minimum of 50% betterment of the existing brownfield rate for all storm events up to and including the 1 in 100 year rate plus 40% allowance for climate change.
- 2
- Provide sufficient storage to ensure no off site flooding as a result of the development during all storm events up to and including the 1 in 100 year plus 40% climate change event.
 - Demonstrate that all storage devices have a half drain time of less than 24 hours
 - Final modelling and calculations for all areas of the drainage system.
 - The appropriate level of treatment for all runoff leaving the site, in line with the Simple Index Approach in chapter 26 of the CIRIA SuDS Manual C753.
 - Detailed engineering drawings of each component of the drainage scheme.
 - A final drainage plan which details exceedance and conveyance routes, FFL and ground levels, and location and sizing of any drainage features.
 - A written report summarising the final strategy and highlighting any minor changes to the approved strategy.
- The scheme shall subsequently be implemented prior to occupation.
- Reason:
- To prevent flooding by ensuring the satisfactory storage of/disposal of surface water from the site.
 - To ensure the effective operation of SuDS features over the lifetime of the development.
 - To provide mitigation of any environmental harm which may be caused to the local water environment
- Failure to provide the above required information before
- 22 No works shall take place until a scheme to minimise the risk of offsite flooding caused by surface water run-off and groundwater during construction works and prevent pollution has been submitted to, and approved in writing by, the local planning authority. The scheme shall subsequently be implemented as approved.

- 23 No works shall take place until a Maintenance Plan detailing the maintenance arrangements including who is responsible for different elements of the surface water drainage system and the maintenance activities/frequencies, has been submitted to and agreed, in writing, by the Local Planning Authority. Should any part be maintainable by a maintenance company, details of long term funding arrangements should be provided.
- 24 The applicant or any successor in title must maintain yearly logs of maintenance which should be carried out in accordance with any approved Maintenance Plan. These must be available for inspection upon a request by the Local Planning Authority.
- 25 Prior to the first occupation of the development the access arrangements, vehicle parking and turning areas as indicated on the approved plans shall be provided, hard surfaced, sealed and marked out. The access, parking and turning areas shall be retained in perpetuity for their intended purpose.
- 26 Prior to first occupation of the development, the Developer shall be responsible for the provision, implementation and distribution of a Residential Travel Information Pack for sustainable transport, approved by Essex County Council, to include six one day travel vouchers for use with the relevant local public transport operator. These packs (including tickets) are to be provided by the Developer to each dwelling free of charge.

Report Item No:4

APPLICATION No:	EPF/0868/19
SITE ADDRESS:	Land at Orchard Way Chigwell Essex IG7 6EF
PARISH:	Chigwell
WARD:	Chigwell Row
DESCRIPTION OF PROPOSAL:	Erection of a three-storey building to provide one 3 bedroom house and two 1 bedroom flats with associated car parking and amenity.
DECISION:	Refused

http://planpub.eppingforestdc.gov.uk/NIM_websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=622456

REFUSED

1. The proposal, by reason of its scale and extent, would represent inappropriate development in the green belt by way of its impact on openness for which no case of very special circumstances has been advanced to outweigh the identified harm. The proposal is therefore contrary to policy GB2A of the Local Plan (1998/2006), policy DM4 of the Submission Version of the Local Plan (2017) and the National Planning Policy Framework (2019).
2. The proposal fails to demonstrate, by way of evidence, that the development would not have an impact on the ecology of the site including impact on any existing trees. The proposal is therefore contrary to policies LL7 and NC4 of the Local Plan (1998/2006), policies DM 1 and DM 5 of the Submission Version of the Local Plan (2017) and the National Planning Policy Framework (2019).

Report Item No:5

APPLICATION No:	EPF/1025/19
SITE ADDRESS:	46 Stradbroke Drive Chigwell Essex IG7 5QZ
PARISH:	Chigwell
WARD:	Grange Hill
DESCRIPTION OF PROPOSAL:	Proposed sub-division of the second floor flat to 2 flats, revised layout of basement and revised parking layout. (Amendment to decision reference EPF/0973/17. Number of flats would be increased from 5 to 6. *AMENDED DESCRIPTION*
DECISION:	REFUSED

http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=623133

REFUSED

1. The proposal, by increasing the number of units from an approved 5 to 6, would, by reason of increased activity in the form of pedestrian comings and goings and vehicle usage, have a detrimental impact on the character and appearance of the area and living conditions and amenities to nearby properties through noise and disturbance. The proposal would therefore be contrary to policies DEB2 of the Adopted Local Plan 1998/2006, and Policy DM9 of the Local Plan Submission version 2017.
2. The proposed parking bays falls below the minimum standards for Vehicle Parking Bay sized contained within the Essex County Council Parking Standards (Design and Good Practice) 2009. The proposal is therefore contrary to the aforementioned document, and Policy T14 of the Adopted Local Plan 1998/2006.

- 3 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015, as amended, (or any other order revoking, further amending or re-enacting that Order) no development generally permitted by virtue of Classes A, B, D and E of Part 1 of Schedule 2 to the Order, shall be undertaken without the prior written permission of the Local Planning Authority.
- 4 Wheel washing or other cleaning facilities for vehicles leaving the site during construction works shall be installed and utilised to clean vehicles immediately before leaving the site. Any mud or other material deposited on nearby roads as a result of the development shall be removed.
- 5 All material excavated from the below ground works hereby approved shall be removed from the site unless otherwise agreed in writing by the Local Planning Authority.
- 6 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.

- 7 Prior to preliminary ground works taking place, details of surface water disposal shall be submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
- 8 Prior to first occupation of the development, measures shall be incorporated within the development to ensure a water efficiency standard of 110 litres (or less) per person per day.
- 9 No development shall commence until an assessment of the risks posed by any contamination, carried out in accordance with British Standard BS 10175: Investigation of potentially contaminated sites - Code of Practice and the Environment Agency's Model Procedures for the Management of Land Contamination (CLR 11) (or equivalent British Standard and Model Procedures if replaced), shall have been submitted to and approved in writing by the local planning authority. If any contamination is found, a report specifying the measures to be taken, including the timescale, to remediate the site to render it suitable for the approved development shall be submitted to and approved in writing by the local planning authority. The site shall be remediated in accordance with the approved measures and timescale and a verification report shall be submitted to and approved in writing by the local planning authority. If, during the course of development, any contamination is found which has not been previously identified, work shall be suspended and additional measures for its remediation shall be submitted to and approved in writing by the local planning authority. The remediation of the site shall incorporate the approved additional measures and a verification report for all the remediation works shall be submitted to the local planning authority within 21 days of the report being completed and approved in writing by the local planning authority.
- 10 Following completion of the measures identified in the approved remediation scheme, and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.
- 11 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the Phase 2 report, work shall be suspended and additional measures for its remediation shall be submitted to and approved in writing by the local planning authority. The remediation of the site shall incorporate the approved additional measures and a verification report for all the remediation works shall be submitted to the local planning authority within 21 days of the report being completed and approved in writing by the local planning authority.
- 12 Prior to any above ground works, details of the proposed landscaping of the site, including retention of trees and other natural features and the proposed times of planting (linked to the development schedule), shall be submitted to and approved in writing by the Local Planning Authority. The approved landscaping shall be carried out in accordance with the approved details and at the agreed times.
- 13 Prior to any above ground works, details of tree planting, including positions or density, species and planting size(s) and a timetable for implementation (linked to the development schedule) shall be submitted to and approved in writing by the Local Planning Authority. These works shall be carried out as approved. If within a period of five years from the date of planting any tree, or replacement, is removed,

uprooted or destroyed or dies or becomes seriously damaged or defective, another tree of the same species and size as that originally planted shall be planted at the same place unless the Local Planning Authority gives it's written consent to any variation.

- 14 Prior to any above ground works, a scheme for the front boundary treatment, including a low brick wall and hedge/fencing, soft landscaping and a statement of the methods, including a timetable, for its Implementation (linked to the development schedule), have been submitted to the Local Planning Authority and approved in writing. The scheme shall be carried out in accordance with the approved details and the agreed timetable. If any plant dies, becomes diseased or fails to thrive within a period of 5 years from the date of planting, or is removed, uprooted or destroyed, it must be replaced by another plant of the same kind and size and at the same place, unless the Local Planning Authority agrees to a variation beforehand in writing.
