

# Equality Impact Assessment

1. Under s.149 of the Equality Act 2010, when making decisions, Epping District Council must have regard to the Public Sector Equality Duty, ie have due regard to:
  - eliminating unlawful discrimination, harassment and victimisation, and other conduct prohibited by the Act,
  - advancing equality of opportunity between people who share a protected characteristic and those who do not,
  - fostering good relations between people who share a protected characteristic and those who do not, including tackling prejudice and promoting understanding.
2. The characteristics protected by the Equality Act are:
  - age
  - disability
  - gender
  - gender reassignment
  - marriage/civil partnership
  - pregnancy/maternity
  - race
  - religion/belief
  - sexual orientation.
3. In addition to the above protected characteristics you should consider the cross-cutting elements of the proposed policy, namely the social, economic and environmental impact (including rurality) as part of this assessment. These cross-cutting elements are not a characteristic protected by law but are regarded as good practice to include.
4. The Equality Impact Assessment (EqIA) document should be used as a tool to test and analyse the nature and impact of either what we do or are planning to do in the future. It can be used flexibly for reviewing existing arrangements but in particular should enable identification where further consultation, engagement and data is required.
5. Use the questions in this document to record your findings. This should include the nature and extent of the impact on those likely to be affected by the proposed policy or change.
6. Where this EqIA relates to a continuing project, it must be reviewed and updated at each stage of the decision.
7. All **Cabinet, Council, and Portfolio Holder reports must be accompanied by an EqIA**. An EqIA should also be completed/reviewed at key stages of projects.
8. To assist you in completing this report, please ensure you read the guidance notes in the Equality Analysis Toolkit and refer to the following Factsheets:

## Section 2: Policy to be analysed

2.1	Is this a new policy (or decision) or a change to an existing policy, practice or project? No
2.2	<p>Describe the main aims, objectives and purpose of the policy (or decision): To set the council's Local Council Tax Support Scheme for the financial year 20/21 as required by statute.</p> <p>What outcome(s) are you hoping to achieve (ie decommissioning or commissioning a service)? Agreement that the scheme in operation for the current financial year remains unchanged.</p>
2.3	<p>Does or will the policy or decision affect:</p> <ul style="list-style-type: none"><li>• service users</li><li>• employees</li><li>• the wider community or groups of people, particularly where there are areas of known inequalities?</li></ul> <p>Yes, all three.</p> <p>Will the policy or decision influence how organisations operate? No.</p>
2.4	<p>Will the policy or decision involve substantial changes in resources? No.</p>
2.5	<p>Is this policy or decision associated with any of the Council's other policies and how, if applicable, does the proposed policy support corporate outcomes? No.</p>

### **Section 3: Evidence/data about the user population and consultation<sup>1</sup>**

As a minimum you must consider what is known about the population likely to be affected which will support your understanding of the impact of the policy, eg service uptake/usage, customer satisfaction surveys, staffing data, performance data, research information (national, regional and local data sources).

3.1	<p>What does the information tell you about those groups identified?</p> <p>The introduction of Universal Credit for all new Housing Benefit claimants has resulted in significant changes and it is not timely to consider making further changes to the council's Local Council Tax Support Scheme.</p> <p>There may be a reduction in support given to people of working age because people of pensionable age are protected from adverse changes to the scheme. The effect of any changes to the scheme will therefore fall disproportionately on those of working age. There is a possibility of animosity being engendered in people of working age due to people of pensionable age being treated more favourably, which could reflect on their actions towards the council's employees.</p> <p>Further changes could result in higher levels of deprivation in certain areas of the community.</p>
3.2	<p>Have you consulted or involved those groups that are likely to be affected by the policy or decision you want to implement? If so, what were their views and how have their views influenced your decision?</p> <p>No, as there are no proposed changes.</p>
3.3	<p>If you have not consulted or engaged with communities that are likely to be affected by the policy or decision, give details about when you intend to carry out consultation or provide reasons for why you feel this is not necessary:</p> <p>N/A</p>
